India, in this chronology of events, stands for the country as it is today and as it was before the Partition in 1947. This book takes off from 1424 BC, the year widely accepted by historians as that of the Battle of Mahabharata. Until the end of the 17th century, it mostly covers historical events with reference to matters concerning religion as well as the lives of luminaries. From the 18th century onwards, the chronology gradually embraces various aspects of the national panorama, including social reforms, law, politics, literature, education, sports, science, discoveries, inventions, industry, communications, cinema, etc., These are interspersed with anecdotes to make the book more interesting. The present edition has been revised till July 2008. Divided into four parts, the encyclopaedia contains: (A) a chronology of events, by year with cross-references to other years; (B) arrangement of the events by calendar dates; (C) a list of important dynasties; and (D) a full index section, as well as an extra feature, 'First time in India' Chr(45) General and Women.

In Indian context.

First published as a special issue of Policy & Politics, this updated volume explores the intersections between governance and media in western democracies, which have undergone profound recent changes. Many governmental powers have been shifted toward a host of network parties such as NGOs, state enterprises, international organizations, autonomous agencies, and local governments. Governments have developed complex networks for service delivery and they have a strategic interest in the news media as an arena where their interests can be served and threatened. How do the media relate to and report on complex systems of government? How do the various governance actors respond to the media and what are the effects on their policies? This book considers the impact of media-related factors on governance, policy, public accountability and the attribution of blame for failures.

This volume contains selected papers which had been presented during CISCON 2018. The Book, Comprising Two Volumes, Has Been Designed To Facilitate Both The Students As Researchers At The University Level And Teachers As Practitioners At The School Level. Educational Research As An Extensive Activity In The Institutes For Higher Learning Generates Lot Of Enthusiasm Among Students And Researchers, But Little Is Known About The Relevance And Applicability On The Area And Clientele On Which Investigations Have Been Carried Out. An Attempt Has Been Made In The Book To Document The Research Outputs On School Education And To Examine How Could These Be Best Used As An Instrument For Improving School Education And Its Functioning Thereof. The Study Further Documents And Reviews The Trend Of Research Studies With A View To Examine Where We Stand Now, What Are The Gaps And Weaknesses In The Researches And On What Areas Could These Be Best Carried Out In Future. Recognizing The Need For Building Contextualized Research Capacities To Investigate Local Specific Problems, The Book Introduces The Notion Of Practitioner Research By Strengthening School-University Partnerships. This Move Is Envisaged To Reinforce School Practitioners To Take Up Small But Meaningful Researches On Their Day To Day Teaching And Learning Situations. It Is Felt That Due To Lack Of Professional Guidance, The School Practitioners Fail To Carry Out A Small Research Project. The Book, Therefore, Provides Guidelines And Directions To School Practitioners On How To Move On A Practice-Based Research Plan. It Is Expected That The Book Would Be Of Great Use To Students, Researchers, Practitioners And Educational Managers, Right From School To University Stages Of Education As Well As Professional And Vocational Education Training Institutes At Least To Those Who Show Concern And Belong To The Entire Education System But Are Committed To Initiate The Process By Making Strides Toward School Improvement As A Preliminary Step.
