Studie over de toestand in Engeland voor, tijdens en na de Industriële Revolutie.

Deals with an important aspect of the British economy, the issues involved in the sterling question. Examines the sterling crisis of 1964-65, and analyses the issues that devaluation involves. The author also recommends specific changes in the Bank of England.

The sequel to the acclaimed novel *Shinju* again features detective Sano Ichiro as he trails a serial killer stalking feudal Japan. In 1689, an all-powerful shogun controls the state, surrounded by bitter machinations and political intrigues. When an ancient tradition suddenly and brutally reappears, Sano risks everything to bring the killer to justice. “Bundori is terrific. . . . So good you won’t want to put it down, even to get off a plane. . . . [Laura Joh] Rowland hits her stride as a writer who can deal equally well with the pacing of plot and the nuances of character development. . . . Rowland clearly knows how to build suspense and action, a talent that she demonstrates with great skill.”—New Orleans Times-Picayune “Bundori is one of those mysteries in which the itch to find out whodunit recedes before the pleasure of prowling through a different world.”—Washington Post Book World “Sano may carry a sword and wear a kimono, but you’ll immediately recognize him as an ancestor of Philip Marlowe or Sam Spade.”—Denver Post “A colorful pictorial style that conveys . . . excitement and . . . danger.”—The New York Times Book Review

Four haunting images by one of the 20th century's most original artists, adapted as tattoo art: Self-Portrait with Monkeys, Diego and I, The Little Deer, and Self-Portrait with Collar of Thorns.

Presenting more than two hundred of the greatest haiku ever written about the game. There are moments in every baseball game that make fans catch their breath: the pause while a pitcher looks in for the sign, the moment a cocksure rookie gets picked off first, or the instant a batter lashes a game-winning homer into the night sky, just before the sell-out crowd explodes onto its feet. Haiku captures these moments like no other poetic form, and *Baseball Haiku* captures the sights, the sounds, the smells, and the emotions of the game like no previous collection. Some of the most important haiku poets of both America and Japan are featured in this anthology; including Jack Kerouac, a longtime baseball fan who pioneered English-language haiku; Alan Pizzarelli, one of the top American haiku and senryu poets of the last thirty years; and Masaoka Shiki, one of the four great pillars of Japanese haiku—a towering figure—who was instrumental in popularizing baseball in Japan during the 1890s. With over two hundred poems spanning more than a century of ball playing, *Baseball Haiku* reveals the intricate ways in which this enduring and indelible sport—which is played on a field, under an open sky—has always been linked to nature and the seasons. And just as a haiku happens in a timeless now, so too does *Baseball Haiku* evoke those unforgettable images that capture the actions and atmospheres of the national pastime: each poem resonates like the lonely sound of cleats echoing in the tunnel as a grizzled veteran leaves his final game. The largest collection of haiku and senryu on baseball ever assembled, *Baseball Haiku* is an extraordinary treasure for any true baseball fan.

A skill-building workbook designed to help youngsters improve their abilities with such elementary tools as scissors and glue provides incrementally challenging spreads that include instructions for pasting cut paper onto designated background sections. Original.

Meyers's book is a major study in Jacksonian democracy and in the art of analyzing political communications.

A week-by-week account of the struggle against racism and racial discrimination in the United States from 1939 to 1945, taken from the pages of the socialist newsweekly, the Militant.

This 3-volume guide to the rivalry between the United States and Soviet Union provides timely and comprehensive coverage of the most significant period in 20th-century history.

London edition (G. Allen & Unwin Ltd.) has title: Stabilised money. "Selected bibliography (in addition to the 285 titles mentioned in the text [etc.])": pages 418-425.

The War on Gold is a definitive study of the past, present, and future of the metal that Keynesian economists and political schemers have denounced as a barbarous relic. The war on gold began several centuries ago, when politicians discovered they could print limitless amounts of paper currency for a small fraction of the cost of using gold as money. It has accelerated in recent years...as the U.S. acquired paper debt, deficits, which led to double-dip inflation, and internationalists plotted to create a new world order.
