“A Washington insider draws on decades of experience to deliver a blistering critique of the state of American government” (Kirkus Reviews) in an authoritative scrutiny of the forces that run our society and a call to fix our democracy before it’s too late. If you’ve been watching the news and worrying that our democracy no longer works, this book, “a cri de coeur from one of our wisest Americans” (Michael Beschloss, Presidential Historian), will help you understand why you’re right. There is colossal concentration of power in the Presidency. Congress is crippled by partisanship and hostage to special interest money. The Supreme Court and many lower federal courts are riven by politics. Add politically fractured and fragile media, feckless campaign finance laws, rampant income and education inequality, and multicultural divisions, and it’s no wonder our leaders can’t agree on anything or muster a solid majority of Americans behind them. With decades at the top in government, law, and business, Joseph A. Califano, Jr. has the capacity to be party-neutral in his evaluation and the perspective to see the big picture of our democracy. Using

revealing anecdotes featuring every modern president and actions of both parties, he makes the urgent case that while we do not need to agree on all aspects of politics, we do need to trust each other and be worthy of that trust. He shows how, as engaged citizens, we can bring back systems of government that promote fairness and protect our freedom. “It’s hard to argue with [Califano’s] analysis” (The New York Times Book Review) that the longer we wait to fix these problems, the more dangerous our situation will become.

A Bible student reference A New Testament prophecy of a falling away from truth into apostasy and lawlessness, in the final generation before Jesus Christ returns in glory, is being fulfilled now and is shortly to end. Yet Christianity has overwhelmingly moved so far from its first century roots that it could not even recognise this – or that Christ’s return is therefore now almost upon us! How and why this is the case is here explained thoroughly and logically with many examples directly from the word of God. In God’s saving plan for the world, everyone must in time make a free will choice to become part of the ‘Israel of God’ in order to access eternal life in the kingdom of God. The route to take is the “strait and narrow” way (Mat 7:13-14) that very few have so far found, and it involves the biblical new and old covenants which both apply to this Israel.

Embark on this voyage only if you are willing to: be challenged about some basic

Christian preconceptions, be a serious open-minded Bible student, and trust what the Bible teaches - but remember that time is short. "What the Bible has taught me I see as both vital and urgent for our eternal salvation; yet I know of no church or individual theologian who teaches what this book deals with in any substantive way" "Be prepared for major challenges to your understanding just as God has challenged me." "In the epistles, Paul refers to two Israels whom he calls Israel after the flesh (I Cor 10:18) and the Israel of God (Gal 6:16); I focus mainly on the latter (but I also explain an unexpected but critically important connection between them)" "Dependent on the teaching, nearly all Christian denominations either teach nothing at all on it or almost the opposite of what Scripture repeatedly showed me. Looking back, I find this absolutely staggering!" "Very few [Christians] understand that the new covenant also only applies to Israel (as I will clearly show)." "I no longer believe that the NT [New Testament] can be fully understood without this extra Israel dimension" "Had I felt I could deliver this in a more light-hearted way I would have done so, but its implications are too awesome and fundamental to our eternal life prospects for that" The popular Living Bible is available in several editions to meet a wide variety of customer needs. The Deluxe Award Bible and Personal Gift Edition offer numerous features and a value price. -- Words of Christ in red letter --

This book lists all the words and variant word forms of the original Hebrew-Aramaic Old Testament text or Tanakh (Jewish Bible) with their respective instances of occurrences in the entire text body of the Hebrew Old Testament. It also includes references to biblical book names, chapters and verses. The relevant text corpus of this word concordance is based upon scholarly respected text editions like the Westminster Leningrad Codex. Since text concordances of original texts in original biblical languages are hard to find this book tries to fill a part of that gap.

The sleepy town of Savannah, Georgia has been pretty quiet for five years, and for good reason. But when lifelong friends, Matt and Justin decide to get back in the moonshine business and try their luck again, they quickly realized that they were going to be in for a wild ride. But, it was a challenge they were up for and it looked like they were going to be able to settle an old score with the Sheriff in the

process with the help of their longtime friend and lawyer Victoria, who reluctantly got sucked back into helping them. What they didn't realize when they got back in the moonshine business, was that they would uncover some of the darkest secrets of the town that would've shocked the whole community if they would have been able to tell anyone. In the end, they ended up stirring up a bee's nest of trouble from the past and were forced to deal with some unexpected and tragic results that nobody saw coming.

This installment of the College and Career Readiness series is focused on career readiness and graduating with a job offer. I have spent so much time over the last 13 years as an educator focusing on getting my students ready for the real world in addition to teaching them the subject matter at hand that putting these lessons into a book is the best way to share it with everyone who is interested in being ready after graduation to begin their CAREER. I use the word CAREER instead of JOB for a reason. People can focus on getting a job but the best thing you can do is to think in terms of career. The economy and the skill sets are changing so rapidly but there are ways to be more prepared and more "hirable" than your competition and reading this book is the way to do it. I will discuss and provide actionable lessons on the following topics that you can then apply to your life and help you to be ready to graduate with a job offer and then you can read my Entrepreneur-ING series to continue to be the boss of your own career:
