

Joseph Anton

A century after his death Anton Bruckner still remains one of the most complex and enigmatic creative personalities of the nineteenth century. A leading avant-garde figure of his generation, he was an accomplished performer and teacher in addition to being a great composer; few people in the history of western music can boast his level of achievement in all these areas combined. This book, a collection of essays written by an international group of scholars, offers diverse theoretical and musicological perspectives on Bruckner the composer-teacher-performer. Facets of his formidable theoretical training and his application of it as part of the compositional process are explored. A variety of analytical methodologies is used to examine the Second through to the Ninth Symphonies, the heart of the composers mature repertoire. Finally, aspects of Bruckners career as a teacher and performer, his complex personality, his influence and dissemination of his music are considered.

From the author of *The Satanic Verses* and *Midnight's Children* comes an unflinchingly honest and fiercely funny account of a life turned upside-down. On Valentine's Day, 1989, Salman Rushdie received a telephone call from a BBC journalist that would change his life forever: Ayatollah Khomeini, a leading Muslim scholar, had issued him with a death sentence. This is his own account of how he was forced to live in hiding for over a decade; at once intimate and explosive, this is the personal tale behind the international story. How does a man live with the constant threat of murder? How does he continue to work when deprived of his freedom? How does he sustain friendships, or fall in and out of love? How does he fight back? For over a decade, Salman Rushdie dwelt in a world of secrecy and disguise, a world of security guards and armoured cars, of aliases and code names. In *Joseph Anton*, Rushdie tells the remarkable story of one of the crucial battles, in our time, for freedom of speech. Shortlisted for the James Tait Black Biography Prize

"After receiving a prestigious writing fellowship in Germany, the narrator of *Red Pill* arrives in the Berlin suburb of Wannsee and struggles to accomplish anything at all. Instead of working on the book he has proposed to write, he takes long walks and binge-watches "Blue Lives"--a violent cop show that becomes weirdly compelling in its bleak, Darwinian view of life--and soon begins to wonder if his writing has any value at all. Wannsee is a place full of ghosts: across the lake the narrator can see the villa where the Nazis planned the Final Solution, and in his walks he passes the grave of the Romantic writer Heinrich von Kleist, who killed himself after deciding that "no happiness was possible here on earth." When some friends drag him to a party where he meets Anton, the creator of "Blue Lives," the narrator begins to believe that the two of them are involved in a cosmic battle, and that Anton is "red-pilling" his viewers--turning them towards an ugly, alt-rightish worldview--ultimately forcing the narrator to wonder if he is losing his mind"--

Newly collected, revised, and expanded nonfiction from the first two decades of the twenty-first century—including many texts never previously in print—by the Booker Prize–winning, internationally bestselling author Salman Rushdie is celebrated as a storyteller of the highest order, illuminating truths about our society and culture through his gorgeous, often searing prose. Now, in his latest collection of nonfiction, he brings together insightful and inspiring essays, criticism, and speeches that focus on his relationship with the written word and solidify his place as one of the most original thinkers of our time. Gathering pieces written between 2003 and 2020, *Languages of Truth* chronicles Rushdie's intellectual engagement with a period of momentous cultural shifts. Immersing the reader in a wide variety of subjects, he delves into the nature of storytelling as a human need, and what emerges is, in myriad ways, a love letter to literature itself. Rushdie explores what the work of authors from Shakespeare and Cervantes to Samuel Beckett, Eudora Welty, and Toni Morrison mean to him, whether on the page or in person. He delves deep into the nature of "truth," revels in the vibrant malleability of language and the creative lines that can join art and life, and looks anew at migration, multiculturalism, and censorship. Enlivened on every page by Rushdie's signature wit and dazzling voice, *Languages of Truth* offers the author's most piercingly analytical views yet on the evolution of literature and culture even as he takes us on an exhilarating tour of his own exuberant and fearless imagination.

On a beautiful starry night in the city of Kahani in the land of Alifbay a terrible thing happened: twelve-year-old Luka's storyteller father, Rashid, fell suddenly and inexplicably into a sleep so deep that nothing and no one could rouse him. To save him from slipping away entirely, Luka must embark on a journey through the Magic World, encountering a slew of phantasmagorical obstacles along the way, to steal the Fire of Life, a seemingly impossible and exceedingly dangerous task. Weaving together bits of mythology, fairy tales, children's puns, metaphysics and echoes from well-known tales as different as *The Matrix* and *The Wizard of Oz*, *Luka and the Fire of Life* becomes a story about things as intimate as a boy's love for his family, and as sprawling as the meaning of life itself. With *Haroun and the Sea of Stories* Salman Rushdie proved that he is one of the best contemporary writers of fables, and it proved to be one of his most popular books with readers of all ages. While *Haroun* was written as a gift for his first son, *Luka and the Fire of Life*, the story of Haroun's younger brother, is a gift for his second son on his twelfth birthday. Lyrical, rich with word-play, and with the narrative tension of the classic quest stories, this is Salman Rushdie at his very best.

Advances in artificial intelligence (AI) highlight the potential of this technology to affect productivity, growth, inequality, market power, innovation, and employment. This volume seeks to set the agenda for economic research on the impact of AI. It covers four broad themes: AI as a general purpose technology; the relationships between AI, growth, jobs, and inequality; regulatory responses to changes brought on by AI; and the effects of AI on the way economic research is conducted. It explores the economic influence of machine learning, the branch of computational statistics that has driven much of the recent excitement around AI, as well as the economic impact of robotics and automation and the potential economic consequences of a still-hypothetical artificial general intelligence. The volume provides frameworks for understanding the economic impact of AI and identifies a number of open research questions. As Gregor Samsa awoke one morning from uneasy dreams he found himself transformed in his bed into a gigantic insect. The Metamorphosis - the masterpiece of Franz Kafka - was first published in 1915 and is one of the seminal works of fiction of the twentieth century. The novel is cited as a key influence for many of today's leading authors; as Auden wrote: "Kafka is important to us because his predicament is the predicament of modern man".
Traveling salesman, Gregor Samsa, wakes to find himself transformed into a large, monstrous insect-like creature. The cause of Gregor's transformation is never revealed, and as he attempts to adjust to his new condition he becomes a burden to his parents and sister, who are repelled by the horrible, verminous creature Gregor has become. A harrowing, yet strangely comic, meditation on human feelings of inadequacy, guilt, and isolation, The Metamorphosis has taken its place as one of the most widely read and influential works of twentieth-century fiction.

On February 14, 1989, Valentine's Day, Salman Rushdie was telephoned by a BBC journalist and told that he had been "sentenced to death" by the Ayatollah Khomeini. For the first time he heard the word fatwa. His crime? To have written a novel called The Satanic Verses, which was accused of being "against Islam, the Prophet and the Quran." So begins the extraordinary story of how a writer was forced underground, moving from house to house, with the constant presence of an armed police protection team. He was asked to choose an alias that the police could call him by. He thought of writers he loved and combinations of their names; then it came to him: Conrad and Chekhov—Joseph Anton. How do a writer and his family live with the threat of murder for more than nine years? How does he go on working? How does he fall in and out of love? How does despair shape his thoughts and actions, how and why does he stumble, how does he learn to fight back? In this remarkable memoir Rushdie tells that story for the first time; the story of one of the crucial battles, in our time, for freedom of speech. He talks about the sometimes grim, sometimes comic realities of living with armed policemen, and of the close bonds he formed with his protectors; of his struggle for support and understanding from governments, intelligence chiefs, publishers, journalists, and fellow writers; and of how he regained his freedom. It is a book of exceptional frankness and honesty, compelling, provocative, moving, and of vital importance. Because what happened to Salman Rushdie was the first act of a drama that is still unfolding somewhere in the world every day. Praise for Joseph Anton "A harrowing, deeply felt and revealing document: an autobiographical mirror of the big, philosophical preoccupations that have animated Mr. Rushdie's work throughout his career."—Michiko Kakutani, The New York Times "A splendid book, the finest . . . memoir to cross my desk in many a year."—Jonathan Yardley, The Washington Post "Thoughtful and astute . . . an important book."—USA Today "Compelling, affecting . . . demonstrates Mr. Rushdie's ability as a stylist and storyteller. . . . [He] reacted with great bravery and even heroism."—The Wall Street Journal "Gripping, moving and entertaining . . . nothing like it has ever been written."—The Independent (UK) "A thriller, an epic, a political essay, a love story, an ode to liberty."—Le Point (France) "Action-packed . . . in a literary class by itself . . . Like Isherwood, Rushdie's eye is a camera lens—firmly placed in one perspective and never out of focus."—Los Angeles Review of Books "Unflinchingly honest . . . an engrossing, exciting, revealing and often shocking book."—de Volkskrant (The Netherlands) "One of the best memoirs you may ever read."—DNA (India) "Extraordinary . . . Joseph Anton beautifully modulates between . . . moments of accidental hilarity, and the higher purpose Rushdie saw in opposing—at all costs—any curtailment on a writer's freedom."—The Boston Globe

Anton Chekhov's life was short, intense, and dominated by battles, both with his dependents and with the tuberculosis that killed him at age forty-four. The traditional image of Chekhov is that of the restrained artist torn between medicine and literature. But Donald Rayfield's biography reveals the life long hidden behind the noble facade. Here is a man capable of both great generosity toward needy peasants and harsh callousness toward lovers and family, a man who craved with equal passion the company of others and the solitude necessary to create his art. Based on information from Chekhov archives throughout Russia, Rayfield's work has been hailed as a groundbreaking examination of the life of a literary master. A new biography of the great author and playwright.

In the lawless, drought-ridden lands of the Arizona Territory in 1893, two extraordinary lives unfold. Nora is an unflinching frontierswoman awaiting the return of the men in her life—her husband, who has gone in search of water for the parched household, and her elder sons, who have vanished after an explosive argument. Nora is biding her time with her youngest son, who is convinced that a mysterious beast is stalking the land around their home. Meanwhile, Lurie is a former outlaw and a man haunted by ghosts. He sees lost souls who want something from him, and he finds reprieve from their longing in an unexpected relationship that inspires a momentous expedition across the West. The way in which Lurie's death-defying trek at last intersects with Nora's plight is the surprise and suspense of this brilliant novel. Mythical, lyrical, and sweeping in scope, Inland is grounded in true but little-known history. It showcases all of Téa Obreht's talents as a writer, as she subverts and reimagines the myths of the American West, making them entirely—and unforgettably—her own. Praise for Inland "As it should be, the landscape of the West itself is a character, thrillingly rendered

throughout. . . . Here, Obrecht's simple but rich prose captures and luxuriates in the West's beauty and sudden menace. Remarkable in a novel with such a sprawling cast, Obrecht also has a poetic touch for writing intricate and precise character descriptions."—The New York Times Book Review (Editors' Choice) "Beautifully wrought."—Vanity Fair "Obrecht is the kind of writer who can forever change the way you think about a thing, just through her powers of description. . . . Inland is an ambitious and beautiful work about many things: immigration, the afterlife, responsibility, guilt, marriage, parenthood, revenge, all the roads and waterways that led to America. Miraculously, it's also a page-turner and a mystery, as well as a love letter to a camel, and, like a camel, improbable and splendid, something to happily puzzle over at first and take your breath away at the end."—Elizabeth McCracken, O: The Oprah Magazine

The Wizard of Oz 'was my very first literary influence,' writes Salman Rushdie in his account of the great MGM children's classic. At the age of ten he had written a story, 'Over the Rainbow', about a colourful fantasy world. But for Rushdie The Wizard of Oz is more than a children's film, and more than a fantasy. It's a story whose driving force is the inadequacy of adults, in which 'the weakness of grown-ups forces children to take control of their own destinies'. And Rushdie rejects the conventional view that its fantasy of escape from reality ends with a comforting return to home, sweet home. On the contrary, it is a film that speaks to the exile. The Wizard of Oz shows that imagination can become reality, that there is no such place like home, or rather that the only home is the one we make for ourselves. Rushdie's brilliant insights into a film more often seen than written about are rounded off with his typically scintillating short story, 'At the Auction of the Ruby Slippers,' about the day when Dorothy's red shoes are knocked down to \$15,000 at a sale of MGM props. In his foreword to this special edition, published to celebrate the 20th anniversary of the BFI Film Classics series, Rushdie looks back to the circumstances in which he wrote the book, when, in the wake of the controversy surrounding The Satanic Verses and the issue of a fatwa against him, the idea of home and exile held a particular resonance.

Sexual desire has long played a key role in Western judgments about the value of Arab civilization. In the past, Westerners viewed the Arab world as licentious, and Western intolerance of sex led them to brand Arabs as decadent; but as Western society became more sexually open, the supposedly prudish Arabs soon became viewed as backward. Rather than focusing exclusively on how these views developed in the West, in *Desiring Arabs* Joseph A. Massad reveals the history of how Arabs represented their own sexual desires. To this aim, he assembles a massive and diverse compendium of Arabic writing from the nineteenth century to the present in order to chart the changes in Arab sexual attitudes and their links to Arab notions of cultural heritage and civilization. A work of impressive scope and erudition, Massad's chronicle of both the history and modern permutations of the debate over representations of sexual desires and practices in the Arab world is a crucial addition to our understanding of a frequently oversimplified and vilified culture. "A pioneering work on a very timely yet frustratingly neglected topic. . . . I know of no other study that can even begin to compare with the detail and scope of [this] work."—Khaled El-Rouayheb, *Middle East Report* "In *Desiring Arabs*, [Edward] Said's disciple Joseph A. Massad corroborates his mentor's thesis that orientalist writing was racist and dehumanizing. . . . [Massad] brilliantly goes on to trace the legacy of this racist, internalized, orientalist discourse up to the present."—Financial Times

At the peak of his career in Cincinnati, Ohio, German-American Joseph A. Hemann provided details for his biographical sketch published in 1876. From this we learn of his early life as a student, his Atlantic crossing to Baltimore, his journey across the Alleghenies, his first teaching job, meeting his life-long mate, becoming a newspaper publisher and finally a banker. He was socially active in the Queen City of the West for almost forty years until a devastating sequence of events drove him out of town. This publication provides both genealogical facts and an expanded biography of Hemann's life as a German immigrant and successful business man in Cincinnati before, during, and after the Civil War. In Section Four, the 19th century German language newspapers of Cincinnati are summarized including graphical images of the mastheads.

A Handbook of Process Tracing Methods demonstrates how to better understand decision outcomes by studying decision processes, through the introduction of a number of exciting techniques. Decades of research have identified numerous idiosyncrasies in human decision behavior, but some of the most recent advances in the scientific study of decision making involve the development of sophisticated methods for understanding decision process—known as process tracing. In this volume, leading experts discuss the application of these methods and focus on the best practices for using some of the more popular techniques, discussing how to incorporate them into formal decision models. A Handbook of Process Tracing Methods will be an essential read for all students and researchers of decision making.

A frank and entertaining memoir, from the daughter of Edward Said, about growing up second-generation Arab American and struggling with that identity. The daughter of a prominent Palestinian father and a sophisticated Lebanese mother, Najla Said grew up in New York City, confused and conflicted about her cultural background and identity. Said knew that her parents identified deeply with their homelands, but growing up in a Manhattan world that was defined largely by class and conformity, she felt unsure about who she was supposed to be, and was often in denial of the differences she sensed between her family and those around her. The fact that her father was the famous intellectual and outspoken Palestinian advocate Edward Said only made things more complicated. She may have been born a Palestinian Lebanese American, but in Said's mind she grew up first as a WASP, having been baptized Episcopalian in Boston and attending the wealthy Upper East Side girls' school Chapin, then as a teenage Jew, essentially denying her true roots, even to herself—until, ultimately, the psychological toll of all this self-hatred began to threaten her health. As she grew older, making increased visits to Palestine and Beirut, Said's worldview shifted. The attacks on the World Trade Center, and some of the ways in which Americans responded, finally made it impossible for Said to continue to pick and choose her identity, forcing her to see herself and her passions more clearly. Today, she has become an important voice for second-generation Arab Americans nationwide.

An acclaimed journalist travels the globe to solve the mystery of her ancestry, confronting the question at the heart of the American experience of immigration, race, and identity: Who are my

people? “A thoughtful, beautiful meditation on what makes us who we are . . . and the values and ideals that bind us together as Americans.”—Barack Obama “A rich and revealing memoir . . . Futureface raises urgent questions having to do with history and complicity.”—The New York Times The daughter of a Burmese mother and a white American father, Alex Wagner grew up thinking of herself as a “futureface”—an avatar of a mixed-race future when all races would merge into a brown singularity. But when one family mystery leads to another, Wagner’s post-racial ideals fray as she becomes obsessed with the specifics of her own family’s racial and ethnic history. Drawn into the wild world of ancestry, she embarks upon a quest around the world—and into her own DNA—to answer the ultimate questions of who she really is and where she belongs. The journey takes her from Burma to Luxembourg, from ruined colonial capitals with records written on banana leaves to Mormon databases, genetic labs, and the rest of the twenty-first-century genealogy complex. But soon she begins to grapple with a deeper question: Does it matter? Is our enduring obsession with blood and land, race and identity, worth all the trouble it’s caused us? Wagner weaves together fascinating history, genetic science, and sociology but is really after deeper stuff than her own ancestry: in a time of conflict over who we are as a country, she tries to find the story where we all belong. Praise for Futureface “Smart, searching . . . Meditating on our ancestors, as Wagner’s own story shows, can suggest better ways of being ourselves.”—Maud Newton, The New York Times Book Review “Sincere and instructive . . . This timely reflection on American identity, with a bonus exposé of DNA ancestry testing, deserves a wide audience.”—Library Journal “The narrative is part Mary Roach–style participation-heavy research, part family history, and part exploration of existential loneliness. . . . The journey is worth taking.”—Kirkus Reviews “[A] ruminative exploration of ethnicity and identity . . . Wagner’s odyssey is an effective riposte to anti-immigrant politics.”—Publishers Weekly

Finalist for the 2021 Lambda Literary Award for Transgender Nonfiction "Talusán sails past the conventions of trans and immigrant memoirs." --The New York Times Book Review "A ball of light hurled into the dark undertow of migration and survival." --Ocean Vuong, author of On Earth We're Briefly Gorgeous A singular, beautifully written coming-of-age memoir of a Filipino boy with albinism whose story travels from an immigrant childhood to Harvard to a gender transition and illuminates the illusions of race, disability, and gender Fairest is a memoir about a precocious boy with albinism, a "sun child" from a rural Philippine village, who would grow up to become a woman in America. Coping with the strain of parental neglect and the elusive promise of U.S. citizenship, Talusan found childhood comfort from her devoted grandmother, a grounding force as she was treated by others with special preference or public curiosity. As an immigrant to the United States, Talusan came to be perceived as white. An academic scholarship to Harvard provided access to elite circles of privilege but required Talusan to navigate through the complex spheres of race, class, sexuality, and her place within the gay community. She emerged as an artist and an activist questioning the boundaries of gender. Talusan realized she did not want to be confined to a prescribed role as a man, and transitioned to become a woman, despite the risk of losing a man she deeply loved. Throughout her journey, Talusan shares poignant and powerful episodes of desirability and love that will remind readers of works such as Call Me By Your Name and Giovanni's Room. Her evocative reflections will shift our own perceptions of love, identity, gender, and the fairness of life.

Lafferton is struggling through a bitter winter, with heavy snowfalls paralyzing the town, though at least the police can be sure the ram raiders who have been targeting antique and jewellers' shops will be lying low. The biggest worry the elderly have is how to keep warm, until 82-year-old Doris Upcott is found strangled in her home, followed by the deaths of 2 other residents of the same sheltered housing complex. Each time, the murderer has left a unique signature at the crime scene, which should help DCS Simon Serrailier, desperate to identify him before he kills again. When links are found between these and 3 similar murders elsewhere, Serrailier is obliged to cross unfamiliar territory in his search for answers.

NEW YORK TIMES BESTSELLER • An epic Don Quixote for the modern age, “a brilliant, funny, world-encompassing wonder” (Time) from internationally bestselling author Salman Rushdie SHORTLISTED FOR THE MAN BOOKER PRIZE • “Lovely, unsentimental, heart-affirming . . . a remembrance of what holds our human lives in some equilibrium—a way of feeling and a way of telling. Love and language.”—Jeanette Winterson, The New York Times Book Review NAMED ONE OF THE BEST BOOKS OF THE YEAR BY TIME AND NPR Inspired by the Cervantes classic, Sam DuChamp, mediocre writer of spy thrillers, creates Quichotte, a courtly, addled salesman obsessed with television who falls in impossible love with a TV star. Together with his (imaginary) son Sancho, Quichotte sets off on a picaresque quest across America to prove worthy of her hand, gallantly braving the tragicomic perils of an age where “Anything-Can-Happen.” Meanwhile, his creator, in a midlife crisis, has equally urgent challenges of his own. Just as Cervantes wrote Don Quixote to satirize the culture of his time, Rushdie takes the reader on a wild ride through a country on the verge of moral and spiritual collapse. And with the kind of storytelling magic that is the hallmark of Rushdie’s work, the fully realized lives of DuChamp and Quichotte intertwine in a profoundly human quest for love and a wickedly entertaining portrait of an age in which fact is so often indiscernible from fiction. Praise for Quichotte “Brilliant . . . a perfect fit for a moment of transcontinental derangement.”—Financial Times “Quichotte is one of the cleverest, most enjoyable metafictional capers this side of postmodernism. . . . The narration is fleet of foot, always one step ahead of the reader—somewhere between a pinball machine and a three-dimensional game of snakes and ladders. . . . This novel can fly, it can float, it’s anecdotal, effervescent, charming, and a jolly good story to boot.”—The Sunday Times “Quichotte [is] an updating of Cervantes’s story that proves to be an equally complicated literary encounter, jumbling together a chivalric quest, a satire on Trump’s America and a whole lot of postmodern playfulness in a novel that is as sharp as a flick-knife and as clever as a barrel of monkeys. . . . This is a novel that feeds the heart while it fills the mind.”—The Times (UK)

Joseph Anton Schwendemann was born 1 October 1810 in Offenburg, Germany. His parents were Joseph Anton Schwendemann, Sr. (1786-1829) and Anna Maria Joggerst (1784-1835). He emigrated in about 1838 and in 1851 married Anna Maria Dennler in St. Louis, Missouri. They settled in Madison County, Illinois and had seven children. Joseph died in 1873. Descendants and relatives lived in Illinois, Texas, Nevada, and elsewhere.

On February 14, 1986, Valentine’s Day, Salman Rushdie was telephoned by a BBC journalist and told that he had been “sentenced to death” by the Ayatollah Khomeini, a voice reaching across the world from Iran to kill him in his own country. For the first time he heard the word fatwa. His crime? To have written a novel called The Satanic Verses, which was accused of being “against Islam, the Prophet, and the Quran.” So begins the extraordinary, often harrowing story—filled too with surreal and funny moments—of how a writer was forced underground, moved from house to house, an armed police protection team living with him at all times for more than nine years. He was asked to choose an alias that the police could call him by. He thought of

writers he loved and combinations of their names; then it came to him: Conrad and Chekhov—Joseph Anton. He became “Joe.” How do a writer and his young family live day by day with the threat of murder for so long? How do you go on working? How do you keep love and joy alive? How does despair shape your thoughts and actions, how and why do you stumble, how do you learn to fight for survival? In this remarkable memoir, Rushdie tells that story for the first time. He talks about the sometimes grim, sometimes comic realities of living with armed policemen, and of the close bonds he formed with his protectors; of his struggle for support and understanding from governments, intelligence chiefs, publishers, journalists, and fellow writers; of friendships (literary and otherwise) and love; and of how he regained his freedom. This is a book of exceptional frankness and honesty, compelling, moving, provocative, not only captivating as a revelatory memoir but of vital importance in its political insight and wisdom. Because it is also a story of today’s battle for intellectual liberty; of why literature matters; and of a man’s refusal to be silenced in the face of state-sponsored terrorism. And because we now know that what happened to Salman Rushdie was the first act of a drama that would rock the whole world on September 11th and is still unfolding somewhere every day.

A modern world that is bursting with data can often make us feel even more lost as we struggle to find meaning and look for the answers to life’s mysteries. Joseph Deitch shares his lifelong pursuit of wisdom and growth in an accessible, practical, down-to-earth gift to his readers. Elevate is a celebration of life and the potential that exists for all of us. It provides both answers and insights as it links awareness and action, East and West, ancient and modern, spiritual and scientific. It offers a formula for turning frustration into fascination and provides a universal framework for what works and why, what to do . . . and why we don’t.

Vom Tod bedroht und vogelfrei Am Valentinstag, dem 14. Februar 1989, erhält Salman Rushdie den Anruf einer BBC-Reporterin und erfährt, dass der Ayatollah Khomeini ihn »zum Tode verurteilt« hat. Zum ersten Mal hört er das Wort »Fatwa«. Sein Vergehen? Einen Roman mit dem Titel »Die satanischen Verse« geschrieben zu haben, dem vorgeworfen wird, sich »gegen den Islam, den Propheten und den Koran« zu richten. So beginnt die außergewöhnliche Geschichte eines Schriftstellers, der gezwungen wird, unterzutauchen und in ständiger Begleitung einer bewaffneten Polizeieskorte von Aufenthaltsort zu Aufenthaltsort zu ziehen. Als die Polizei ihn auffordert, sich einen Decknamen zuzulegen, wählt er eine Kombination aus den Vornamen seiner Lieblingsschriftsteller Conrad und Tschechow – Joseph Anton. Was heißt es für einen Schriftsteller und seine Familie, über neun Jahre lang mit einer Morddrohung zu leben? Wie gelingt es ihm, weiter zu schreiben? Wie beginnt und endet für ihn die Liebe? Wie fest hat die Verzweiflung sein Denken und Handeln im Griff, was lässt ihn straucheln, und wie lernt er, Widerstand zu leisten? Zum ersten Mal erzählt Salman Rushdie seine beeindruckende Geschichte; es ist die Geschichte eines der entscheidenden Kämpfe unserer Zeit: der Kampf um die Meinungsfreiheit. Rushdie erzählt vom teils bitteren, teils komischen Leben unter bewaffnetem Polizeischutz und von den engen Beziehungen, die er zu seinen Beschützern knüpfte; von seinem Ringen um Unterstützung und Verständnis bei Regierungen, Geheimdienstchefs, Verlegern, Journalisten und Schriftstellerkollegen; und davon, wie er seine Freiheit wiedererlangte. Ein einzigartig offenes, aufrichtiges Buch: fesselnd, provokant, bewegend und lebenswichtig. Denn das, was Salman Rushdie durchlebt hat, ist der erste Akt eines Dramas, das sich tagtäglich irgendwo auf dieser Welt vollzieht.

Television personality Padma Lakshmi examines "her journey from [a humble family kitchen], led by ferocious and unforgettable women, to the judges' table of Top Chef and beyond. It chronicles the fierce devotion of the remarkable people who shaped her along the way, from her headstrong mother who flouted conservative Indian convention to make a life in New York, to her Brahmin grandfather--a brilliant engineer with an irrepressible sweet tooth--to the man seemingly wrong for her in every way who proved to be her truest ally"--Amazon.com.

Aleksandar Hemon's lives begin in Sarajevo, a small, blissful city where a young boy's life is consumed with street soccer with the neighborhood kids, resentment of his younger sister, and trips abroad with his engineer-cum-beekeeper father. Here, a young man's life is about poking at the pretensions of the city's elders with American music, bad poetry, and slightly better journalism. And then, his life in Chicago: watching from afar as war breaks out in Sarajevo and the city comes under siege, no way to return home; his parents and sister fleeing Sarajevo with the family dog, leaving behind all else they had ever known; and Hemon himself starting a new life, his own family, in this new city. And yet this is not really a memoir. The Book of My Lives, Hemon's first book of nonfiction, defies convention and expectation. It is a love song to two different cities; it is a heartbreaking paeon to the bonds of family; it is a stirring exhortation to go out and play soccer—and not for the exercise. It is a book driven by passions but built on fierce intelligence, devastating experience, and sharp insight. And like the best narratives, it is a book that will leave you a different reader—a different person, with a new way of looking at the world—when you've finished. For fans of Hemon's fiction, The Book of My Lives is simply indispensable; for the uninitiated, it is the perfect introduction to one of the great writers of our time.
