“They shoot the white girl first. With the rest they can take their time.” So begins Toni Morrison's *Paradise*, which opens with a horrifying scene of mass violence and chronicles its genesis in an all-black small town in rural Oklahoma. Founded by the descendants of freed slaves and survivors in exodus from a hostile world, the patriarchal community of Ruby is built on righteousness, rigidly enforced moral law, and fear. But seventeen miles away, another group of exiles has gathered in a promised land of their own. And it is upon these women in flight from death and despair that nine male citizens of Ruby will lay their pain, their terror, and their murderous rage. In prose that soars with the rhythms, grandeur, and tragic arc of an epic poem, Toni Morrison challenges our most fiercely held beliefs as she weaves folklore and history, memory and myth into an unforgettable meditation on race, religion, gender, and a far-off past that is ever present.

A single night of passion with enigmatic billionaire Mitchell Wyatt draws Kate Donovan into a perilous criminal case when police suspect that Mitchell may have been responsible of the disappearance and possible murder of his own brother.

A duke's well-ordered world is turned upside down when a female inventor sends his heart soaring in this Regency romance by a New York Times–bestselling author. Sent by the crown to bring both inventor and invention to safety, Ransom Falconer, Duke of Damerell, is shocked to learn Mr. Lambourne is a Miss. Perhaps more shocking, however, are his feelings for the eccentric genius. She is everything he doesn't like: incapable of following orders, unaware of conventional etiquette, preoccupied, disorganized, and unkempt. Yet she beguiles him. One of the most ingenious inventors in England, she is also one of the country's greatest hopes in the defense against the power mad Napoleon Bonaparte. Now, if he could just get her mind out of the clouds and convince her to marry him . . . Merlin is not absentminded, it's just that she only seems to be able to pay attention to one thing at a time. And maybe she does take everything people say literally, but people ought to say what they mean. Now this Ransom Falconer wants her to forget her current interest in flying machines and focus on the speaking box she's lost interest in finishing. It's quite disconcerting. In fact, everything about him is disconcerting; in her isolated life Merlin has never met anyone who affects her quite like Ransom does. With her trademark blend of heartwarming characters and a hilarious conflict, *Midsummer Moon* is yet another winner from the author of *Flowers from the Storm*, praised by Lisa Kleypas as “the gold standard in historical romance.”
