"This book is a welcome addition to the literature on children and the media, and a most stimulating application of social theory to questions of the child in contemporary film and consumer culture."—Ellen Seiter, author of *The Internet Playground: Children's Access, Entertainment and Mis-Education Since the 1980s*, a peculiar paradox has evolved in American film. Hollywood's children have grown up, and the adults are looking and behaving more and more like children. In popular films such as *Harry Potter*, *Toy Story*, *Pocahontas*, *Home Alone*, and *Jumanji*, it is the children who are clever, savvy, and self-sufficient while the adults are often portrayed as bumbling and ineffective. Is this transformation of children into "little adults" an invention of Hollywood or a product of changing cultural definitions more broadly? In *Coining for Capital*, Jyostna Kapur explores the evolution of the concept of childhood from its portrayal in the eighteenth century as a pure, innocent, and idyllic state—the opposite of adulthood—to its expression today as a mere variation of adulthood, complete with characteristics of sophistication, temptation, and corruption. Kapur argues that this change in definition is not a media effect, but rather a structural feature of a deeply consumer-driven society. Providing a new and timely perspective on the current widespread alarm over the loss of childhood, *Coining for Capital* concludes that our present moment is in fact one of hope and despair. As children are fortunately shedding false definitions of proscribed innocence both in film and in life, they must now also learn to navigate a deeply inequitable, antagonistic, and consumer-driven society of which they are both a part and a target.

Jumanji is a magical adventure game featured in a 1995 movie of the same name. The game calls us with jungle drums: Boom buppa-doom buppa-doom buppa-doom. The author's passport calls to her in much the same way. It wants to get out, to explore, to meet new people and see new things, and collect more stamps from new immigration officials. The author has traveled the world from India to Bolivia, from Antarctica to Malta. She has written many stories about her adventures, observations on foreign cultures and people, and interesting encounters that most tourists will never experience.

Describes suggested activities to be used in the classroom to accompany the reading of Jumanji.

A trio of friends from New York City find themselves trapped inside a mechanical board game that they must dismantle in order to save themselves and generations of other children in this action-packed debut that's a steampunk Jumanji with a Middle Eastern flair. Nothing can prepare you for *The Gauntlet*... It didn't look dangerous, exactly. When twelve-year-old Farah first laid eyes on the old-fashioned board game, she thought it looked...elegant. It is made of wood, etched with exquisite images—a palace with domes and turrets, lattice-work windows that cast eerie shadows, a large spider—and at the very center of its cover, in broad letters, is written: *The Gauntlet of Blood and Sand*. The Gauntlet is more than a game, though. It is the most ancient, the most dangerous kind of magic. It holds worlds inside worlds. And it takes players as prisoners.

From his first appearance as Mork from Ork on the 1970s sitcom Happy Days, Robin Williams was heralded as a singular talent. In the pre-cable television era, he was one of the few performers to successfully transition from TV to film. An Oscar-winning actor and preternaturally quick-witted comedian, Williams became a cultural icon, leaving behind a large and varied body of work when he unexpectedly took his own life in 2014. This collection of new essays brings together a range of perspectives on Williams and his oeuvre, including beloved hits like Mrs. Doubtfire, Good Morning, Vietnam, Good Will Hunting, The Fisher King, Dead Poets Society and Aladdin. Contributors explore his earlier work (Mork and Mindy, The World According to Garp) and his political and satirical films (Moscow on the Hudson, Toys). Williams's darker, less well-known fare, such as Being Human, One Hour Photo, Final Cut and Boulevard, is also covered. Williams's artistry has become woven into the fabric of our global media culture.

From two-time Caldecott winner Chris Van Allsburg, creator of Jumanji and The Polar Express, comes a poignant story of one hamster's struggle with destiny. Being a pet store hamster isn't much fun for Sweetie Pie, but life in human homes proves downright perilous. As Sweetie Pie longingly gazes out of his cage at the squirrels frolicking in the trees, he wonders if he'll ever have the chance to feel the wind in his fur. Allsburg's expressive, soft-hued illustrations artfully capture a hamster's-eye view of the wide and wonderful world where maybe, just maybe, Sweetie Pie could someday run free.
