Popularly known as India's latterday Jim Corbett and 'tiger man', 87-year-old Billy Arjan Singh is by any standards an extraordinary man. At Tiger Haven, his home in a magical spot on the edge of the jungle in UP, Singh's experiments with bringing up three orphaned leopards, and also Tara, a tiger cub that he imported from a zoo in England, shot him into both limelight and controversy. His aim was to see if Tara's instincts would make her revert to the wild when she became mature. They did, and over the years, she produced four litters of cubs, thus proving his contention that it is possible to supplement dwindling wild stocks with zoo-born animals. But when it was discovered that the tigress had Siberian genes in her ancestry, he was accused of having introduced a 'genetic cocktail' into the jungle. Undeterred, Singh remained a champion of the forest and

its denizens. It was almost entirely due to his advocacy that in 1973 the then Prime Minister, Indira Gandhi, authorized the creation of the Dudhwa National Park. Now, in his eighties, comes recognition for his efforts. In March 2005, he received the J. Paul Getty Wildlife Conservation award - a global honour administered by the World Wildlife Fund, that serves to recognize outstanding contributions in international conservation. In this affectionate biography, the British author Duff Hart-Davis tells the story of a man absolutely dedicated to the cause of animals, who has given fifty years of his own life to their conservation. With our lives our bodies too are changing. Puberty, pregnancy, obesity, thyroid, PCOS, menopause, stress—as women go through different stages of life, their bodies too transform accordingly. reveled in the America that made him Hollywood's richest man. He was a figure of multiple paradoxes. Simon Louvish's book looks afresh at the 'mask behind the man.' Louvish charts the tale of the Tramp himself through his films, from the early Mack Sennett shorts through the major features (The Gold Rush, City Lights, Modern Times, The Great Dictator, et al.). He retrieves Chaplin as the iconic London street kid who carried the 'surreal' antics of early British music hall triumphantly onto the Hollywood screen. Louvish also looks anew at Chaplin's and the Tramp's social and political ideas—the challenge to fascism, defiance of the McCarthyite witch hunts, eventual 'exile,' and last mature disguises as the serial killer Monsieur Verdoux and the dying English clown Calvero in Limelight. This book is an epic journey, summing up the roots of comedy and its appeal to audiences everywhere, who reveled in the clown's raw energy, his ceaseless struggle against adversity, and his capacity to represent our own fears, foibles, dreams, inner demons and hopes.

The Stranger in the Mirror is the memoir of the legendary producer-director, Rakeysh Omprakash Mehra. Co-written by noted marketer-author, Reeta Ramamurthy Gupta, this book chronicles the richly experiential, multi-faceted life of one of India's most celebrated and feted directors who has made critically acclaimed films like Rang De Basanti, Delhi-6 and Bhaag Milkha Bhaag. Though it may seem natural for an autobiography to have a primary narrator, what makes this book truly unique is its many narrators. It is this multi-dimensional, multi-character narration that will enable readers

to delve deep and truly understand what it means to be as unselfish as Mehra, a man who gleefully steps back and lets the experts do their job. Peppered with anecdotes from Mehra's life-from the chai-biscuit college days to the popping of the proverbial champagne-it implores readers to pay attention to understand who is narrating, because the plot may have just shifted a little bit, just like his movies. At the end, what really stands out is how effortless the journey has actually been. And herein lies the greatest paradox because there is no lack of perseverance in this journey. The miraculous manner in which things fall into place naturally, like pieces of a pre-ordained puzzle with the universe acting as the 'sutradhar', is the fulcrum around which the joy of this remarkable journey is built.

beginning of where I started. My body still hurts. It has been some time since Oorja Chaturvedi came home; but the wounds she suffered, at the hands of the very people who so aptly named her, cut deep. Her relationship with her father was barely strung together with a few words. But when her mother dies, the woman whose nagging love was both her comfort and her secret hiding place from the world, new grief melds with old bitterness. Reeling from the loss, Oorja decides to come back to India, only to find her estranged father missing. Her search leads her to her grandfather, a man who had lived all his life among books and forest, withering away in his house. As she tries to grapple with her grief for a dying grandfather, she unexpectedly finds love and solace in the arms of a man who inherits her grandfather's estate. But before she can decide what Anang and her own future together hold, Oorja must first untangle the secrets of their shared past. A quiet gut-punch of a debut, acclaimed filmmaker Ashwini Iyer Tiwary's novel, *Mapping Love* is heartbreakingly brave and equally delicate. It is a story that digs its claws into you and doesn't let go, long after you've finished it.

The greatest run-scorer in the history of cricket, Sachin Tendulkar retired in 2013 after an astonishing 24 years at the top. The most celebrated Indian cricketer of all time, he received the Bharat Ratna Award - India's highest civilian honour - on the day of his retirement. Now Sachin Tendulkar tells his own remarkable story - from his first Test cap at the age of 16 to his 100th international century and the emotional final farewell that brought his country to a standstill. When a boisterous Mumbai youngster's excess energies were channelled into cricket, the result was record-breaking schoolboy batting exploits that launched the career of a cricketing phenomenon. Before long Sachin Tendulkar was the cornerstone of India's batting line-up, his every move watched by a cricket-mad nation's devoted followers. Never has a cricketer been burdened with so many expectations; never

has a cricketer performed at such a high level for so long and with such style - scoring more runs and making more centuries than any other player, in both Tests and one-day games. And perhaps only one cricketer could have brought together a shocked nation by defiantly scoring a Test century shortly after terrorist attacks rocked Mumbai. His many achievements with India include winning the World Cup and topping the world Test rankings. Yet he has also known his fair share of frustration and failure - from injuries and early World Cup exits to stinging criticism from the press, especially during his unhappy tenure as captain. Despite his celebrity status, Sachin Tendulkar has always remained a very private man, devoted to his family and his country. Now, for the first time, he provides a fascinating insight into his personal life and gives a frank and revealing account of a sporting life like no other.

The revival of independent bookselling has already begun and is one of the amazing stories of our times. Bookseller Andy Laties wrote the first edition of *Rebel Bookseller* six years ago, hoping it would spark a movement. Now, with this second edition, Laties's book can be a rallying cry for everyone who wants to better understand how the rise of the big bookstore chains led irrevocably to their decline, and how even in the face of electronic readers from three of America's largest and most successful companies—Apple, Amazon, and Google—the movement to support locally owned independent stores, especially bookstores, is on the rise. From the mid-1980s to the present, Andy Laties has been an independent bookseller, starting out in Chicago, teaching along the way at the American Booksellers Association, and finally running the bookshop at the Eric Carle Museum in Amherst, Massachusetts. His innovations were adapted by Barnes & Noble, Zany Brainy, and scores of independent stores. In *Rebel Bookseller*, Laties tells how he got started, how he kept going, and why he believes independent bookselling has a great future. He alternates his narrative with short anecdotes, interludes between the chapters that give his credo as a bookseller. Along the way, he explains the growth of the chains, and throws in a treasure trove of tips for anyone who is considering opening up a bookstore. *Rebel Bookseller* is a must read for those in the book biz, a testament to the ingeniousness of one man's story of making a life out of his passionate commitment to books and bookselling.

was a visit to Marina Beach and an occasional meal out. It was not cinema but law that became a preoccupation when she started thinking about college and career - but fate, and her mother, had other plans for her. Aishwaryaa writes with disarming honesty about life as Rajinikanth's daughter, of falling in love and raising two boys with Dhanush, of fighting her own demons and finding satisfaction in a career of her choice. She reflects on the many roles a woman has to juggle at home and outside - in her case, under the watchful gaze of cameras and celebrity-watchers. Intensely personal, but also inspirational, Aishwaryaa's memoir is an unusually frank insight into growing up in cinema-land. A playful meditation on the joys and difficulties of being a woman in this age, *Standing on an Apple Box* is as much a celebration of individual fulfilment as it is of family.
