Unlock Nature's Way of Getting and Staying Lean for Life When you hear the words "carb-cycling" you may think: That's for the serious athletes and bodybuilders, there's no way I could ever do that - it's just too complicated. Guess again. In The Sweet Potato Diet, popular fitness guru Michael Morelli removes all of the guesswork and takes away the fear from traditional carb-cycling by simplifying it down into a step-by-step eating schedule where you'll never have to weigh your food, and there's absolutely no calorie counting ever. Carb-cycling the Sweet Potato Diet way is a super simple program that will begin to work instantly. Not only will it have an incredible impact on your fat loss, but you will notice increases in energy, better health markers across the board, and a body you can be confident in again no matter how old or young you are. Don't worry, you don't need to be a gourmet chef to do well on this diet, which includes 45 step-by-step, easy-to-follow recipes that will leave your taste buds happy and your stomach satisfied. The Sweet Potato Diet arranges recipes in convenient sections by course, even some sweet treats and decadent desserts which you can enjoy guilt-free on your new diet. It really works by supercharging your metabolism, promoting lean muscle gains, and optimizing fat burning by working with your body. In this book you will see... Methods for carb-cycling, essential nutrition, and an accessible two-phase approach for optimal results Strategies to track your results and adopt the lifestyle of permanent fat loss Meal plans, approved foods, and a grocery guide Easy exercises to structure workouts around your super carb-cycle

Nutritionist and health blogger Jessica Sepel is fast becoming one of Australia's most sought-after wellness and lifestyle advocates. Living the Healthy Life is a practical and holistic 8-week plan of action to heal your relationship with food and provide a balance in your life. Expanding on the philosophy from her first book, The Healthy Life, Jessica uses her own inspirational journey to teach us how to quit fad dieting forever, and give ourselves the freedom to stop feeling guilty about food. She shows that by eating more of the good stuff, we nourish our bodies and optimise our cleansing and thyroid functions, which in turn stops us craving the processed foods that make us unwell. She helps us understand the key factors in overcoming stress and anxiety, and explores the benefits of sleeping and resting more. Here Jessica shares her expertly tailored, nutrient-rich meal plans designed to balance your hormone levels and increase your energy. Featuring over 160 new recipes, this book shows that healthy eating can be simple, delicious and fun! This is a specially formatted fixed layout ebook that retains the look and feel of the print book.

The Stanislaskis: an unforgettable family saga by #1 New York Times bestselling author Nora Roberts The first time single-father Spence Kimball set eyes on Natasha Stanislaski, he was floored by her exotic beauty. This program has helped thousands of women build their best bodies ever. Will YOU be next? What if you could build that hot "Hollywood body" without having your life revolve around it? What if you didn't have to starve yourself, put in long hours at the gym, or do grueling cardio sessions that turn your stomach? What if you could eat all of the foods you actually like and do muscle-building workouts that you actually enjoy? Imagine waking up every morning, looking in the mirror, and feeling downright excited by your reflection. Imagine being able to proudly wear the clothes you really want to wear and take them off with confidence. Well, you can have all of these things, and it's not nearly as difficult or complicated as you probably think. The Year One Challenge for Women is a workout journal companion to the bestselling women's fitness book *Thinner Leaner Stronger*, and it contains a full year's worth of workouts neatly organized so you can record, track, and review your progress toward the body you've always wanted. With this program, you can melt away up to 35 pounds of fat—including stubborn hip, belly, and thigh fat—add lean muscle to all the right places on your body, and double or even triple your whole-body strength. And that's just year one! So, if you're ready to build muscle definition and lose stubborn fat faster than you ever thought possible, scroll up, buy this journal today and start your journey to a thinner, leaner, and stronger you!

Improve your physique, build lean muscle, increase strength—Glute Lab is the all-in-one glute training system that will teach you how to do all this and more. The gluteus maximus is the largest and most versatile muscle in the human body. In addition to being aesthetically appealing and controlling a wide range of functional movements, big, strong glutes set you up to lift heavier, jump higher, sprint faster, and swing harder and can even play a role in preventing knee, hip, and lower back pain and injuries. Your glutes influence every aspect of your physical life: from the way you look and how you feel to your ability to run, jump, cut, lift, and twist. Yet few understand how to properly build and develop this all-important muscle. Enter Glute Lab. In this book, Bret "The Glute Guy" Contreras—PhD, personal trainer, and bestselling author—lays out a glute training system that will help you reach your strength, performance, and physique goals. Through descriptive narrative, step-by-step images and illustrations, and easy-to-follow training programs, the Glute Guy distills the science and art of glute training into one comprehensive manual. Whether you're a bodybuilder, physique competitor, athlete, powerlifter, CrossFitter, personal trainer, physical therapist, or simply someone who wants to improve your physique, this book contains everything you need to know about building bigger, stronger, leaner, higher-performing glutes. In this book, you will learn: - The fundamentals of optimal glute training - How to perform the most effective glute-building exercises - How to select exercises based on your goals and body type - Variations for the hip thrust, deadlift, and squat exercises - The science behind how muscle develops and grows - The anatomy and function of the glutes - How to design a customized glute-training program - Techniques and programs for sculpting rounder, stronger glutes - The importance of glute training for aesthetics, health, strength, and performance - How glute training can prevent knee, hip, and low back injuries and pain - Strategies for targeting different areas of the glutes and lower body - More than 30 glute burnout circuits and workouts.

14 days of Kayla Itsines' healthy, tasty meals! Sometimes the only thing harder than the workouts, is eating healthy and fighting those junk food cravings. Itsines' Recipe Guide uses the same nutrition principles as The HELP Nutrition Guide and contains 14 additional days worth of amazing, drool worthy recipes.

This is not your run-of-the-mill fitness book. Developed by world-renowned gluteal expert Bret Contreras, Strong Curves offers an extensive fitness and nutrition guide for women seeking to improve their physique, function, strength, and mobility. Contreras spent the last eighteen years researching and field-testing the best methods for building better butts and shapelier bodies. In Strong Curves, he offers the programs that have proven effective time and time again with his clients, allowing you to develop lean muscle, rounded glutes, and greater confidence. Each page is packed with information decoding the female anatomy, providing a better understanding as to why most fitness programs fail to help women reach their goals. With a comprehensive nutritional guide and over 200 strength exercises, this book gets women off the treadmill and furnishes their drive to achieve strength, power, and sexy curves from head to toe. Although the glutes are the largest and most powerful muscle group in the human body, they often go dormant due to lifestyle choices, leading to a flat, saggy bum. Strong Curves is the cure.

Research shows that building muscle helps the body burn more calories 24/7 and that resistance training is the most effective way to torch body fat. Yet that message is still lost on many women who fear that weight lifting will make them bulky, turn their skin green, and give them Incredible Hulk muscles like their boyfriends'. Women have more options than step aerobics or running on a treadmill to shed pounds: They can weight-train in a very specific manner designed to make the most of a woman's unique physiology. Lift to Get Lean is the first beginner's guide to strength training from Women's Health that is written specifically for women by a woman. Holly Perkins is a certified strength and conditioning specialist (CSCS) who has been teaching the fat-burning secrets of weight training exclusively to women for more than 20 years. Perkins doesn't follow men's rules when it comes to building muscle. Lift to Get Lean delivers a three-step system: Technique, Movement Speed, and the Last 2 Reps Rule, which make all the difference in developing the kind of strong, lean, and sexy body women want. Perkins offers four different 90-day training programs that efficiently build functional strength along with leaner legs, stronger arms, and a sexier butt.

The Lean Machines are genuine experts in health and happiness and have helped thousands of people get lean and strong through their work as personal trainers and on their hugely popular YouTube channel. Champions of balance, moderation and individuality, their advice is sensible, accessible, and not at all intimidating - eat well, move better and feel awesome! "Our aim is to help as many people as possible get healthy and understand that getting in great shape doesn't have to be hard or depressing." Here, they share their secrets in their first book; a fun, fully illustrated guide for becoming the best version of yourself. Featuring easy nutritious recipes, as well as simple workouts, toning tips and mindfulness techniques, the boys prove that having a healthy lifestyle is achievable and fun. #leanmachines

"Finally—a fitness book for the rest of us! . . . [Big Fit Girl] is sure to usher in a new generation of tough, curvy athletes."

—Jessamyn Stanley, author of Every Body Yoga In Big Fit Girl, Louise Green describes how the fitness industry fails to meet the

needs of plus-size women and thus prevents them from improving their health and fitness. By telling her own story of how she stopped dieting, got off the couch, and unleashed her inner athlete—as well as showcasing similar stories from other women—Green inspires other plus-size women to do the same. Green also provides concrete advice, based on the latest research, about how to get started, how to establish a support team, how to choose an activity, what kind of clothing and gear work best for the plus-size athlete, how to set goals, and how to improve one’s relationship with food. And she stresses the importance of paying it forward—for it is only by seeing plus-size women in leadership roles that other plus-size women will be motivated to stop trying to lose weight and get fit instead. “Big Fit Girl impressed me tremendously. Green combines compelling storytelling with practical tips—true to what we know about science—in a unique way that will get you moving.” —Linda Bacon, PhD, scientist, and author of *Health at Every Size* “Inspiring and empowering.” —Taryn Brumfitt, producer and director, founder of the Body Image Movement “I’m thrilled to live in a world where Big Fit Girl will be part of the health section. Thank you Louise—it’s time for every person of every size to have access to this information!” —Jes Baker, *The Militant Baker*

The *Anatomy of Exercise Encyclopedia* is a unique, comprehensive and practical guide to exercise, offering clear, step-by-step instructions to more than 100 individual exercises, and over 50 targeted workout programmes. Full-colour photographs and detailed anatomical illustrations pinpoint exactly which muscles are being worked during each exercise so that you can maintain perfect form and get the most from your training. The sport-specific workouts are designed to help you achieve your goals across many different sports and disciplines, mapped to the distinct physical requirements of that sport - whether it be football, rugby, running, swimming or cycling - so that you can achieve your full potential in whichever activity you enjoy - and at whatever level you perform. Also included are workouts that acknowledge scenarios that will impact on your ability to exercise. Whether it be working out to strengthen your back, or exercise adaptations for people with knee problems or working out while pregnant, there is a tailored exercise programme to suit your needs.

Get smart, get moving! Most of us want to be fit and healthy, but get stuck in a rut—we just don’t have the will power to get up and move. What is the incentive for you to get off that couch and work out when you have all three seasons of *Game of Thrones* waiting for you? Almost everyone wants to be fit, but they just can’t muster up the effort to do so. If you are like them, then this book is for you. *The Lazy Girl’s Guide to Being Fit* is about the first few steps you need to take to go from a sedentary lifestyle to an active one, because that’s the biggest challenge for a couch potato—movement! It’s all about finding the balance in your life. This book will show you how exercise can take the guise of several daily activities—be it shopping or going on a picnic—and how eating right can solve half your problems. The easy and effective exercise routines contained here will get you fit in no time. The body can be beautiful if you know how to put it to use and have fun doing so. And this is exactly what this book will show you.

Learn how to improve your health and wellness with the healing magic of cannabis, CBD and medicinal mushrooms. When health coach and wellness blogger Jenny Sansouci learned that her father was diagnosed with stage 4 pancreatic cancer, her extensive knowledge of the latest alternative therapies was put to the test. Jenny dove into the world of cannabis and mushrooms and their medicinal properties - and she and her dad are now outspoken champions of the healing power of these plants and fungi - not only to tame the side effects of chemotherapy, but to address everyday wellness concerns. *The Rebel’s Apothecary* is the result of her heartfelt and rigorous quest -- a science-based and supportive guide that will enhance the lives of anyone living with pain, anxiety, depression, a weakened immune system, insomnia, and more. Complete with background information, dosing instructions, and everyday recipes, this is the essential handbook for harnessing the ancient healing powers of cannabis and mushrooms --safely, without confusion, fear, or an unwanted high. In addition to debunking myths and de-stigmatizing these powerful healing plants and fungi, *The Rebel’s Apothecary* presents:

- Specific protocols and dosage guides for wellness uses (mood, sleep, immunity, focus, energy) and managing common chemotherapy side effects
- Everyday wellness routines
- Recipes for delicious, easy, health-enhancing cannabis and mushroom infused smoothies, coffee drinks, teas, elixirs, gummies, and broths - including recipes from chefs and wellness experts like Dr. Andrew Weil, Kris Carr, Seamus Mullen, Marco Canora and more
- The latest research on CBD, THC, medicinal mushrooms and psilocybin
- Tips for creating a cutting-edge home apothecary of your own

“Hannah Bronfman is challenging us all to rethink our default standards of beauty and definitions of ‘healthy’ —and I, for one, couldn’t be happier to hear this from another woman of color in the wellness community. *Do What Feels Good* is a practical, inspirational, and beautiful guidebook to feeling good in your own skin.” --Gabrielle Union, actress and bestselling author of *We’re Going to Need More Wine* As a food lover, beauty product addict, exercise junkie, and wellness entrepreneur, Hannah Bronfman practically radiates confidence and health. But she’ll be the first one to admit that the road to wellness and self-acceptance hasn’t been easy. As a woman of color who grew up watching a close family member struggle with an eating disorder, Hannah’s had to forge her own path and create her own standards of beauty. And what she’s learned is this: Healthy is beautiful. And healthy should feel good. In *Do What Feels Good*, Hannah offers real talk about getting in touch with your body’s needs, baring her soul and sharing her story along the way. Hannah provides insight on everything from gut health to nutrition to fitness to skincare, sharing insight from top experts on how to understand your body’s unique chemistry so that you can fuel it with more of the things that feel good and less of the things that don’t. And since delicious food is one of the things that makes everyone feel good, Hannah shares more than 50 of her favorite recipes for healthy hedonism (desserts and cocktails included!). Enlightening, empowering, and educational, this is an approach to wellness that is holistic, hedonistic, and real. Because self-care should not feel self-punishing, and every body deserves to feel good.

Intermittent Keto will arm you with everything you need to increase your energy and shed those extra pounds for good. Women are not small men. Stop eating and training like one. Because most nutrition products and training plans are designed for men, it's no wonder that so many female athletes struggle to reach their full potential. ROAR is a comprehensive, physiology-based nutrition and training guide specifically designed for active women. This book teaches you everything you need to know to adapt your nutrition, hydration, and training to your unique physiology so you can work with, rather than against, your female physiology. Exercise physiologist and nutrition scientist Stacy T. Sims, PhD, shows you how to be your own biohacker to achieve optimum athletic performance. Complete with goal-specific meal plans and nutrient-packed recipes to optimize body composition, ROAR contains personalized nutrition advice for all stages of training and recovery. Customizable meal plans and strengthening exercises come together in a comprehensive plan to build a rock-solid fitness foundation as you build lean muscle where you need it most, strengthen bone, and boost power and endurance. Because women's physiology changes over time, entire chapters are devoted to staying strong and active through pregnancy and menopause. No matter what your sport is—running, cycling, field sports, triathlons—this book will empower you with the nutrition and fitness knowledge you need to be in the healthiest, fittest, strongest shape of your life.
