The era of mass marketing is ending—replaced by the power of customer evangelists unleashed through a systematic approach to word-of-mouth called PyroMarketing. Learn how the system that sparked a revolution in the Christian marketplace can fuel the success of your business. Word-of-mouth is the biggest influence on consumer purchases and its influence is growing. How do you tap its power? The key is not some new technology or advertising fad. The best way to understand the marketing process, the way messages are sent, received, acted upon, and spread, is to think of fire. PyroMarketing simplifies word-of-mouth to a four-step system that optimizes your advertising dollars by targeting the right customers and then converting them into unpaid sales and marketing evangelists. Tapping the latest research into the brain and human behavior, Greg Stielstra demonstrates how traditional marketing techniques are expensive, obsolete, and doomed to failure—while PyroMarketing principles deliver powerful results over the long-term and for less money. Illustrated with case studies including *The Purpose-Driven Life*, one of the bestselling books of all time, and the breakaway phenomenon *The Passion of the Christ*, PyroMarketing is a comprehensive strategy that can help any business reach and retain new markets.

Mike Owen, born with two congenital heart defects, battled with cardiac issues until the age of 7, when he underwent open heart surgery that changed his life. For the following 31 years, Mike was plagued with intense and disabling heart

palpitations. In 2004, the cause of the palpitations was diagnosed and, after a short cardiac procedure, for the first time in 38 years his heart was stable. Life became easier. His confidence grew. But so did his workload. And after three years of work-related stress, his heart succumbed to a new type of palpitation - one which would blight his life for the next 4 years. After taking steps to reduce the frequency and intensity of his cardiac problems, Mike finally felt like he had turned a corner. However, in 2017, he was plunged back into despair following a series of dramatic events. When his Occupational Health Doctor gave him an unexpected mental illness diagnosis, Mike embarked on a new path. He now had to deal with psychological issues, learn mindfulness techniques and work through the trauma of his childhood and the uncertainty of having spent so many years living with his heart problems. With his faithful dog, Coco, always by his side, Mike confronted the stigma and discrimination surrounding mental illness in his own way. He found physical, emotional and mental stability thanks to his diagnosis, and this is his uplifting story. If any part of Mike's story resonates with you, or you have had any struggles with mental illness (or a loved one has) then you'll find so much positivity and hope in this valuable book.

After the birth of their son, Jay Sinha and Chantal Plamondon set out on a journey to eliminate plastic baby bottles as the Canadian government banned BPA. When they found it was difficult to procure glass baby bottles, Jay and Chantal made it their mission to not only find glass and metal replacements for plastic, but to make those products accessible to the public as well. Printed on wood-free FSC (sustainable certified) paper and with BPA-free ink, *Life Without Plastic* strives to create more awareness on the issue of BPA, polycarbonates and other single-use plastics, and provides

readers with safe, reusable and affordable alternatives. While plastic has its uses in technology, medical and some products around the home, certain single-use plastics release chemicals when put in contact with food and water. These disposable plastics are also found in produce and cleaning products. Jay and Chantal show readers how to analyze their personal plastic use, find alternatives and create easy replacements in this step-by-step guide. In the Book of Galatians, Paul challenges us to "keep in step" with the Spirit. To communicate this biblical truth, he uses an interesting word in the Greek - stoicheo. This word references a military command to form a straight line or to march in ordered rows and can also be applied to a group of dancers. African stepping which is popular today finds its origins in a combination of military close order formations and exhibition drills. Soldiers drill for hours and learn to obey both visual and spoken commands. Drill instructors teach them to march and move in a way that is completely unfamiliar. Not only do they learn to keep in step individually, but they learn to function as a unit. And so it is in the Christian life. When we receive Christ, the Holy Spirit indwells us and He sets the line and pace for us to follow. At first the Spirit-filled life is foreign to us so we must learn how to be led by the Spirit; how to "keep in step" with Him. We must learn how to be sensitive to His voice, listen for His commands, heed His warnings and follow closely after Him. More importantly, being in step with the Spirit is not only crucial to the individual life of the believer, but Paul makes it clear to you and to me that to truly keep in step with the Spirit, we must also be in step with our brothers and sisters in Christ. In battle, the soldier that broke rank, not only endangered himself, he endangered all of his fellowsoldiers. So too are we a danger to the church when we are "out of step" with the Body of Christ. This study is designed to encourage, equip and empower you to "keep in step" with the Spirit. Whether you are a new or seasoned believer in Christ, the truths of God's Word are sure to meet

you right where you are at. We all need more of the Spirit in our lives and whether these truths come as new and fresh or glorious reminders, our spiritual life will benefit tremendously as we seek to follow hard after the Spirit and the abundant life that is promised to every believer. Now it's time to "take a step" to "keep in step"!

365 Daily Devotions to Warm Your Spirit and Encourage Your Heart "Tenacity" is persistence. Holding on. Not giving up. Like the wild rose thrives with its roots anchored in the cleft in the rock, we find life and security when we abide in our Rock. A Year of Tenacity is a compilation of the best devotionals from the author's blog, "Tenacity," freshly updated for this book. Some are short, others fill a page, but each of these conversational-style insights and heart-sharing moments will bless and inspire. Honest, engaging, and uplifting, these devotionals are ideal for both long-time Christians and those just finding their way.

Since we live by the Spirit, let us keep in step with the Spirit (Galatians 5:25). The Holy Spirit empowers us, guides us, and enables us to grow and endure in our relationship with the Father through Jesus Christ. Often the most misunderstood member of the Trinity, the person of the Spirit continues to attract attention today amidst church revivals and renewals. In this new edition of his classic *Keep in Step with the Spirit*, J. I. Packer seeks to help Christians reaffirm the biblical call to holiness and the Spirit's role in keeping our covenant with God. Packer guides us through the riches and depth of the Spirit's work, assesses versions of holiness and the charismatic life, and shows how Christ must always be at the centre of true Spirit-led ministry. A new chapter explores Christian assurance. With abiding relevance and significance, *Keep in Step with the Spirit* sets forth vital knowledge for healthy and joyous Christian living, through understanding and experience of God the Holy Spirit. Here is a book for every serious believer to read and re-read.

Growing in Christ explains just that—how to grow in Christ. As this book shows, we mature spiritually by carefully learning and thoughtfully living the essentials of the Christian faith that are too often taken for granted or overlooked in our daily lives. These essentials—so beautifully summarized in the Apostle's Creed, the Lord's Prayer, and the Ten Commandments—provide the heart of the book, which Dr. Packer explores and applies to daily life in a clear and refreshing way. Study questions and Bible passages follow each chapter for further individual or group study. Speaking to Christians of all backgrounds and denominations, the newly

converted as well as the lifelong believer, Dr. Packer reminds us that Christianity is not instinctive. Ours is a faith that must be learned, and we must never stop striving to mature.

Business schools have come under fire in recent years with criticisms centring on their academic rigour and the relevance of business education to the 'real' world of management. Alongside this ongoing debate, increasing international competition and media rankings have led to a fierce struggle between business schools for positioning and differentiation. These are among the challenges that are faced by the Dean of the modern-day business school. In this book, Fernando Fragueiro and Howard Thomas show how Deans of business schools can meet such challenges in terms of strategic direction setting and the execution of their leadership role. Drawing on their invaluable experience as Deans of highly successful business schools, they present a series of case studies to show how leaders of five leading business schools (IMD, LBS, INSEAD, IAE and Warwick) have built effective strategies in the context of internal and external political pressures.

Read the Wall Street Journal Bestseller for "cultivating intense focus" for fast, powerful performance results for achieving success and true meaning in one's professional life (Adam Grant, author of *Give and Take*). *Deep Work* is the ability to focus without distraction on a cognitively demanding task. It's a skill that allows you to quickly master complicated information and produce better results in less time. *Deep Work* will make you better at what you do and provide the sense of true fulfillment that comes from craftsmanship. In short, deep work is like a super power in our increasingly competitive twenty-first century economy. And yet, most people have lost the ability to go deep—spending their days instead in a frantic blur of e-mail and social media, not even realizing there's a better way. In *Deep Work*, author and professor Cal Newport flips the narrative on impact in a connected age. Instead of arguing distraction is bad, he instead celebrates the power of its opposite. Dividing this book into two parts, he first makes the case that in almost any profession, cultivating a deep work ethic will produce massive benefits. He then presents a rigorous training regimen, presented as a series of four "rules," for transforming your mind and habits to support this skill. 1. Work Deeply 2. Embrace Boredom 3. Quit Social Media 4. Drain the Shallows A mix of cultural criticism and actionable advice, *Deep Work* takes the reader on a journey through memorable stories—from Carl Jung building a stone tower in the woods to

focus his mind, to a social media pioneer buying a round-trip business class ticket to Tokyo to write a book free from distraction in the air-and no-nonsense advice, such as the claim that most serious professionals should quit social media and that you should practice being bored.
