The texts which comprise this small book - forms of essay, talk, dialogue - at one time saw themselves as individualists who went somewhere (to small press magazines) on their own. Now they are here, collected with the chance of going nowhere together. As it should be: since they represent the fate of language and translation in the memory of aliens living inside America - like a family going nowhere together, but at home. The philosopher Jacques Derrida and his family are part of this family in the dead letter office, and curiously they are named going nowhere together at home. Along the way, so are the poets Charles Reznikoff and William Carlos Williams and Emmanuel Hocquard and Juliette Valery and Charles Olson, as well as Horace's Odes in translation. You will find in this Memoir what it means for an alien to search for his family in a book outside the time of its writing. You will find him discovering that translation is a personal story and that poetry might not have a home without it. You will find him wondering: whose voices are these which we hear around us as we write, as Babel turns to rumor through the fact of translation, wherein a book is being made and remade from American to French and back again? You will find him through translation like a Being in the Poetry of the Extraterritorial, an un-owned territory which is neither French nor American but is negotiated by the rumor of a poetry which emerges from both, a future condition (État) which seeks the name it could be but is not. Follow this alien Being's trajectory: he is not of America but grows up in it. He publishes a book in French translation before it appears in the American English original. He becomes native to a writing whose eloquence is always in question, at times because it is passive, at other times because it is unpronounceable. Who, over time, finds his Memoir? In the dead letter office, we do. We find someone

somewhat like ourselves, who uses language and translation as if these were a poet's gifts in the making of history, a history which is foreign yet integral to his homeland. We find someone who uses it to return to his own people and place, so that he can "only stand more/revealed." We find someone who will act the new basis for his identity - the consciousness whose coming into Being must be premised on his existence in another world.

A Spectacular Enhancement to the Skill System Mythic Skills introduces a system of skill exploits that take the basic tasks your skills allow you to perform and dials them up to amazing levels. In addition, every skill in the Pathfinder Roleplaying Game Core Rulebook also gets brand-new skill exploits, as well as greater exploits that only the most skilled masters would even attempt. This book contains rules for using these enhanced skills with mythic characters but also provides an alternative system for use in non-mythic Pathfinder campaigns! This system allows your characters to focus on their skills as a key part of their character construction and to invest more of their character's abilities in their character itself, rather than the character's gear or magical tools. You can use these rules generally with mythic characters, allowing them to attempt all manner of skill-based exploits, or you can limit the ability to pull off these amazing skill stunts to those mythic characters that have really invested in making their skills a key part of their character's identity. The mythic rules offer an opportunity to magnify what makes a character special, and the skills they choose to hone as part of their background narrative and throughout the course of the campaign should be just as important in defining them as their marvelous magic and fabulous feats. With Mythic Skills in your hands, your skills will be just as spectacular!"

Want to learn the quickest, easiest and most efficient way to learn a language to fluency? Don't waste any more time and money with classes, textbooks, audio courses, computer programs and other materials until you have read this. Coming from 10 years of experience and having already shown thousands of language learners the right way to learn languages... Read on to learn the secrets they don't give you in class. Life is good for me. I am fluent in several languages and conversational in many more. I have friends I speak to on a daily basis who don't speak a word of English. My language ability has opened career doors and made immediate friends out of strangers. Better yet, I receive enjoyment out of using my languages daily in meeting people, watching movies and reading my favorite books. How was I able to learn a foreign language so fluently in such a short period of time? Let me give you a hint: it's not because I'm a genius, spend 10 hours a day studying or have some "gift" for learning languages. It's because I developed a METHOD that will allow you to IMMEDIATELY: Learn new words and phrases quicker than you ever have before and not worry about forgetting them! Speak without a single error. Natives will be scratching their heads wondering why you speak so much better than the other foreigners. Be able to "study" the language without getting bored ever! No more painful language learning. Become fluent quicker than anyone you know. I'm sure you know of people who have studied a language for a couple or more years. Now you can be fluent well within that time. Surprisingly, the best, easiest and quickest way to learn a language is not written in those textbooks, audio programs, computer programs or other materials. In fact, most of the time, they advocate a painful, hard way to get to fluency. What I've learned in the past 10 years is, it doesn't have to be painful or long! This isn't to say those materials are completely useless but if you want to gain from them as quickly and efficiently as possible, you need to incorporate them into a larger plan. I wrote this book to stop others from making the same mistakes I did when I started to learn languages. I wrote it to show the fastest, quickest and most efficient way to learn languages so that you don't waste a single minute or dollar. I've read a lot of material about language learning and used a lot of different methods. I've discovered what works and what doesn't. Everything I've written in my book is the

tips, secrets and method that I've found to actually work to get me to fluency in the shortest period of time. You won't find any ridiculous ideas here like subliminal learning while you sleep. Everything here has been tested by me from scratch and is from real world experience. I have personally invested 10 years and thousands of dollars on learning the best, most efficient way to learn languages. Many people spend thousands of dollars or more on audio programs, textbooks, classes and other language learning materials. What if this book saved you from wasting money on even one of those? If this book saved you even just one hundred hours of studying, what would that be worth to you? Probably a lot more than the cost of this book. A lot of people start out learning a language and then give up somewhere in the middle, never reaching fluency and wasting all the energy, time and money they spent getting somewhere in the middle. Make sure you are not one of those people and invest today to discover what really works and how you can get to fluency quickly and efficiently.

În those days there were many hermits living in the desert. On both banks of the Nile numerous huts, built by these solitary dwellers, of branches held together by clay, were scattered at a little distance from each other, so that the inhabitants could live alone, and yet help one another in case of need. Churches, each surmounted by a cross, stood here and there amongst the huts, and the monks flocked to them at each festival to celebrate the services or to partake of the Communion. There were also, here and there on the banks of the river, monasteries, where the cenobites lived in separate cells, and only met together that they might the better enjoy their solitude. Both hermits and cenobites led abstemious lives, taking no food till after sunset, and eating nothing but bread with a little salt and hyssop. Some retired into the desert, and led a still more strange life in some cave or tomb. All lived in temperance and chastity; they wore a hair shirt and a hood, slept on the bare ground after long watching, prayed, sang psalms, and, in short, spent their days in works of penitence. As an atonement for original sin, they refused their body not only all pleasures and satisfactions, but even that care and attention which in this age are deemed indispensable. They believed that the diseases of our members purify our souls, and the flesh could put on no adornment more glorious than wounds and ulcers. Thus, they thought they fulfilled the words of the prophet, "The desert shall rejoice and blossom as the rose." Amongst the inhabitants of the holy Thebaid, there were some who passed their days in asceticism and contemplation; others gained their livelihood by plaiting palm fibre, or by working at harvest-time for the neighbouring farmers. The Gentiles wrongly suspected some of them of living by brigandage, and allying themselves to the nomadic Arabs who robbed the caravans. But, as a matter of fact, the monks despised riches, and the odour of their sanctity rose to heaven. Angels in the likeness of young men, came, staff in hand, as travellers, to visit the hermitages; whilst demons—having assumed the form of Ethiopians or of animals—wandered round the habitations of the hermits in order to lead them into temptation. When the monks went in the morning to fill their pitcher at the spring, they saw the footprints of Satyrs and Aigipans in the sand. The Thebaid was, really and spiritually, a battlefield, where, at all times, and more especially at night, there were terrible conflicts between heaven and hell.

So Hannah rose up after they had eaten in Shi-loh, and after they had drunk....and she was in bitterness of soul, prayed unto God." 1 Sam. 1:9:10 Hannah represents the weak bullied by the strong, Peninnah. God hears and rescues the Hannahs of the world. Hannah discovered God was always present and ready to help during those moments in life when she felt there was no one she could turn to, no one who would understand and simply feared being judged by the world. Transparency gives us not only an insight into Michelle's heart for God, but reveals how she learned through her caterpillar stage of growing pains, to trust Him with all her imperfections. Daily she turned to Him with her weaknesses, fears, desires, and gratitude, faithfully praying "Lord here I am with You. I surrender my mind, body and soul to You. Lead, guide, and instruct me the way You will have me to go." Many times, we do not understand why things happen, but we can find comfort in knowing God knows each of our stories from the beginning to the end. He knows what He purposed and created us for. His strength is made known through our weakness. He is waiting with outstretched arms to save us. We can give it all to Him! Hannah prayed, "My heart exults in the Lord; my strength is exalted in the Lord." Like Hannah, we must recognize our strength comes from God and not ourselves. God hears our prayers and will show us how He can use our weakness to complete the work He began in us. In the words of Ana Claudia Antunes all we need to do is, "Keep up our faith to go high and fly, even after so many pains and sorrow. You can turn from a caterpillar to a butterfly."

In *United We Stand Divided We Fall* Garn Press has gathered together essays by great scholars and renowned teachers who oppose the direction in which President Trump is leading the country. These are essays, to quote George Lakoff, which frame American values accurately and systemically day after day, telling truths by American majority moral values. These are essays of protest against and resistance to Trump's presidency, to his billionaire cabinet, to the privileging in the White House of white supremacists, the promulgation of "alternate facts," the denigration of media sources, the purges of State Department personnel, the gag orders at the EPA and scientists placed on "watch lists," the travel bans on people from wide swaths of U.S. society and on refugees ... the list is long. They are also essays that tackle the question of what we can do to stop Trump from becoming a fast moving catastrophe. When the hands of the Doomsday Clock were moved closer to midnight, President Trump was named specifically as an existential risk to humanity. There is no doubt that we must all act. The writers of conscience who have written this collection of essays are all actively engaged in opposing President Trump and their writings encourage us to participate in the resistance movement. Read with a pencil in hand. Make notes on what you can do to join aspects of the movement that reflects the needs and concerns of your community. *Hoverdia Eighteen* is first of its kind and a brand new Two-In-One logic-number puzzle. The main puzzle is best represented by 8 long horizontal blocks and 8 long vertical blocks, with each long horizontal block and each long vertical block consists of 8 small boxes, which give the total of 64 boxes. Each long horizontal or long vertical block which consists of 8 boxes must contain one of the numbers from 1 to 8 inclusively without repeating any thereof - This is Rule One. The main puzzle with 64 boxes is also alternatively represented by 4 sub-puzzles which are called Quadrants and each quadrant is made up of 4x4 short blocks. For Rule Two in any of the 4 quadrants, after having complied with Rule One, each block, consists of 4 boxes, must be added up to the sum of 18 horizontally, vertically and diagonally.

*Love Gives Life: A Study of 1 Corinthians 13* We are to pursue love as we seek spiritual gifts because love gives life to gifts and love outlives gifts. That's Paul's main idea in 1 Corinthians 13, and this study will help you not only to see that in the text but to seek it in your life. The thirteenth chapter of First Corinthians is about having a love strategy. Paul relativizes what we tend to value most (usually our personal distinctives and niches), places love in central view, and summons us to use every power and resource

we have for the good of those whom God has placed in our lives. This is the excellent way of love, and it is worthy of our pursuit. Here's what others are saying about this work: If you're like me, you have either heard or taught love from 1 Corinthians 13. You may even think that you have heard most, if not all of the insights of 1 Corinthians 13. I did. That is, until I read Evan May's take on the text. Evan brings us into Paul's thoughts in a clear and engaging way, which is somewhat hard to do. Not only that, he brings clarity to the definition of love which has been hijacked and is now defined as "undogmatic" and "untheological." However, love is very dogmatic and very theological. In a world where social media has made us, "fall for the delusion that what makes us significant is mainly what causes us to stand out from everyone else, rather than what helps us to serve everyone else," what we all need now is a little bit of love, properly understood that is. Read this book! Curtis Allen Rap artist Voice, author of Education or Imitation: Bible Interpretation for Dummies Like You and Me Evan May's Love Gives Life: A Study of 1 Corinthians 13 is a good example of what Paul says in 1 Cor. 14:26, "Let all things be done for building up." It is brief, unpretentious, but says what must be said to bring the message of the "love chapter" to the heart of the reader. May has been personally moved by Paul's words, and he wants to convey to us the same blessing he has found. He has a wonderful gift for simple, conversational writing, with the most natural and appropriate illustrations. He never assaults the reader, but nurtures him gently, so that we find ourselves growing in grace, almost by surprise. No academic trappings here, but May's understanding of the passage is substantial. I hope that many take the opportunity to learn from this book. Dr. John Frame Professor of Systematic Theology and Philosophy at Reformed Theological Seminary and author of the Theology of Lordship series The apostle Paul told his dear friend Timothy, with regard to Christian discipleship, "The aim of our charge is love that issues from a pure heart and a good conscience and a sincere faith." That is, love is the necessary consequence of the Gospel he preached. Today, that charge is unfortunately blanded by all manner of social and cultural influences, reduced to the idea that "love" is somehow synonymous with quiet and unconditional acceptance. My dear friend Evan May looks back to Paul as the apostle reminded his students in Corinth about the true meaning of love, and why it actually changes the world. The study notes Evan has produced ought to sting a little as we remember that somehow the love of God is both patient and unrelenting toward wrongdoing, both kind and truthful, both eternal and immediate. I recommend this study without qualification, and hope to see more from Evan in the future. Frank Turk Speaker, writer, and blogger at [www.teampyro.blogspot.com](http://www.teampyro.blogspot.com)

When High Bridge was first constructed on the Jessamine/Mercer County line in 1876-77 it was for the simple utilitarian reason of spanning the Kentucky River gorge allowing trains to cross. No one could have imagined that the bridge and surrounding cliffs would become a spot near and dear to many even one hundred years into a future that no one could have imagined. This relic from our past still easily accommodates the heaviest of trains, with one crossing about every

thirty minutes during peak hours, sometimes carrying a northbound and southbound train simultaneously. In fact, this bridge lies on the busiest north-south route on the Norfolk-Southern Railroad line in the nation. This book is a photographic tour of the bridge and park as they were originally found, the rebuilding of the bridge in 1910-11 and into today's modern world.
