Loved this one, and you will too.”—New York Times bestselling author Roxane Gay The New York Times bestselling author of The Wedding Date serves up a novel about what happens when a public proposal doesn't turn into a happy ending, thanks to a woman who knows exactly how to make one on her own... When someone asks you to spend your life with him, it shouldn't come as a surprise—or happen in front of 45,000 people. When freelance writer Nikole Paterson goes to a Dodgers game with her actor boyfriend, his man bun, and his bros, the last thing she expects is a scoreboard proposal. Saying no isn't the hard part—they've only been dating for five months, and he can't even spell her name correctly. The hard part is having to face a stadium full of disappointed fans... At the game with his sister, Carlos Ibarra comes to Nik's rescue and rushes her away from a camera crew. He's even there for her when the video goes viral and Nik's social media blows up—in a bad way. Nik knows that in the wilds of LA, a handsome doctor like Carlos can't be looking for anything serious, so she embarks on an epic rebound with him, filled with food, fun, and fantastic sex. But when their glorified hookups start breaking the rules, one of them has to be smart enough to put on the brakes...

A compact illustrated guide to the emerging and enormously popular category of natural wine, a style that focuses on minimal intervention, lack of additives, and organic and biodynamic growing methods. Today, wine is more favored and consumed than it's ever been in the United States--and millennials are leading the charge, drinking more wine than any other generation in history. Many have been pulled in by the tractor beam of natural wine--that is, organic or biodynamic wine made with nothing added, and nothing taken away--a movement that has completely rocked the wine industry in recent years. While all of the hippest restaurants and wine bars are touting their natural wine lists, and while more and more consumers are calling for natural wine by name, there is still a lot of confusion about what exactly natural wine is, where to find it, and how to enjoy it. In *Natural Wine for the People*, James Beard Award-winner Alice Feiring sets the record straight, offering a pithy, accessible guide filled with easy definitions, tips and tricks for sourcing the best wines, whimsical illustrations, a definitive list to the must-know producers and bottlings, and an appendix with the best shops and

restaurants specializing in natural wine across the country, making this the must-buy and must-gift wine book of the year.

An introduction to wine provides advice on buying, storing, serving, and tasting wine; describes the winemaking process; and offers a guide to the wine-producing countries of the world

Timed to coincide with the much anticipated Downton Abbey movie, this enticing collection of cocktails celebrates the characters, customs, and drinking way of life at Downton Abbey. Cocktails were introduced in the drawing rooms of Downton Abbey in the 1920s, when US prohibition inspired the insurgence and popularity of American-style bars and bartenders in Britain. This well-curated selection of recipes is organized by the rooms in the Abbey in which the drinks were served and spans everyday sips to party drinks plus hangover helpers and more. In addition to classic concoctions like a Mint Julep, Prince of Wales Punch, and Ginger Beer, this collection features character-specific variations such as Downton Heir, Turkish Attaché, The Valet, and The Chauffeur. The recipes reflect drinks concocted and served upstairs and down, as well as libations from village fairs, cocktail parties, and restaurant menus typical of the time. Features 40+ color photographs, including drink images photographed on the set of Downton Abbey.

Writing with wit and verve, Mike Veseth (a.k.a. the Wine Economist) tells the compelling story

Online Library Kevin Zralys Windows On The World Complete Wine

of the war between the market trends that are redrawing the world wine map and the terroirists who resist them. Wine and the wine business are at a critical crossroad today, transformed by three powerful forces. Veseth begins with the first force, globalization, which is shifting the center of the wine world as global wine markets provide enthusiasts with a rich but overwhelming array of choices. Two Buck Chuck, the second force, symbolizes the rise of branded products like the famous Charles Shaw wines sold in Trader Joe's stores. Branded corporate wines simplify the worldwide wine market and give buyers the confidence they need to make choices, but they also threaten to dumb down wine, sacrificing terroir to achieve marketable McWine reliability. Will globalization and Two Buck Chuck destroy the essence of wine? Perhaps, but not without a fight, Veseth argues. He counts on "the revenge of the terroirists" to save wine's soul. But it won't be easy as wine expands to exotic new markets such as China and the very idea of terroir is attacked by both critics and global climate change. Veseth has "grape expectations" that globalization, Two Buck Chuck, and the revenge of the terroirists will uncork a favorable future for wine in an engaging tour-de-force that will appeal to all lovers of wine, whether it be boxed, bagged, or bottled.

A volume of top-selected "must try" wines strongly recommended by the editor counsels novice and connoisseur readers on how to enjoy a positive drinking experience, in a reference that profiles classics as well as up-and-coming vintages from all major world regions. 40,000 first printing.

DRINK PROGRESSIVELY offers readers an easy and enjoyable way to find wines they love and expert advice on how to successfully pair them with their favorites dishes.

Based on the trademarked method of The Urban Grape, a wildly popular wine store based in Boston, MA that utilizes Progressive Shelving, Drink Progressively offers a unique approach to identifying wines by their weight and body, rather than varietal or region. This revolutionary method of drinking progressively encourages readers to explore regions, producers, varietals, and price points all while staying in the comfort zone of their wine palate. (Imagine correlating the wine to skim milk, whole milk, and heavy cream. The body of a Pinot Grigio is more like that of skim milk while a heavy-oaked Chardonnay has a mouth feel more reminiscent of heavy cream.)

Drink Progressively also includes 50 delicious recipes meticulously crafted by nationally acclaimed Chef Gabriel Frasca. Frasca has worked side by side (and sip by sip) with the authors in order to create delicious dishes that are easy to prepare - and pair! Drink

The remarkable story of a restaurant on top of the world—built by a legend, destroyed in tragedy—and an era in New York City it helped to frame. In the 1970s, New York City was plagued by crime, filth, and an ineffective government. The city was falling apart, and even the newly constructed World Trade Center threatened to be a fiasco. But in April 1976, a quarter-mile up on the 107th floor of the North Tower, a new restaurant called Windows on the World opened its doors—a glittering sign that New York wasn't done just yet. In *The Most Spectacular Restaurant in the World*, journalist Tom Roston tells the complete history of this incredible restaurant, from its stunning \$14-million opening to 9/11 and its tragic end. There are stories of the people behind it, such as
