The sequel to *Lead Me Not*, this dangerously sexy second installment in the *Twisted Love* series continues Aubrey and Maxx's love story, from New York Times bestselling author A. Meredith Walters—who “writes the most beautifully flawed characters that still have you swooning” (Sawyer Bennett, USA TODAY bestselling author of the *Off* series). Aubrey Duncan has loved...and lost. Should she follow a heart that's betrayed her or a head that tells her to let go? Maxx Demelo's addiction almost destroyed him. It ruined his life and, most importantly, his relationship with the only girl he ever loved. He has vowed to become the man Aubrey Duncan deserves. Even if he has to tear himself apart to do it. So he enters rehab, trying to fix the parts of him that are shattered as he longs to be healthy and whole. Aubrey lost everything because she chose to listen to her heart. Now she has sworn to put herself first, to heal in the only way that she can...far away from Maxx and his demons. But just as Aubrey is starting over, Maxx is released from rehab and thrust back into her world, determined to prove how much they still need each other. And the chaos that had defined them threatens to unleash once again... But a heart, no matter how broken, is impossible to ignore.

*Blossoms of the Savannah* is the story of two sisters, Taiyo and Resian, who are on the verge of womanhood and torn between their personal ambitions and the humiliating duty to the Nasila tradition. Relocation to their rural home heralds a cultural alienation born of their refusal to succumb to female genital mutilation and early marriages. In pursuit of the delicate and elusive socio-economic cultural balance in Nasila, Ole. Kaelo, the girls' father is ensnared by a corrupt extortionist. To extricate himself he sends his daughters into a flat-spin labyrinth from which they have to struggle to escape.

This Student Edition of Brecht's classic dramatisation of the conflict over possession of a child features an extensive introduction and commentary that includes a plot summary, discussion of the context, themes, characters, style and language as well as questions for further study and notes on words and phrases in the text. It is the perfect edition for students of theatre and literature. Brecht projects an ancient Chinese story onto a realistic setting in Soviet Georgia. In a theme that echoes the Judgment of Solomon, two women argue over the possession of a child; thanks to the unruly judge, Azdak (one of Brecht's most vivid creations) natural justice is done and the peasant Grusha keeps the child she loves, even though she is not its mother. Written in exile in the United States during the Second World War, *The Caucasian Chalk Circle* is a politically-charged, much-revived and complex example of Brecht's epic theatre. This volume contains expert notes on the author's life and work, historical and political background to the play, photographs from stage productions and a glossary of difficult words and phrases. It features the acclaimed translation by James and Tania Stern with W. H. Auden.

A straight-laced college student meets a handsome but enigmatic stranger who lures her into an underground club scene, where she finds it difficult to resist temptation. This is a personal story of the educational process at one of the world's great technological universities. This is a personal story of the educational process at one of the world's great technological universities. Pepper White entered MIT in 1981 and received his master's degree in mechanical engineering in 1984. His account of his experiences, written in diary form, offers insight into graduate school life in general—including the loneliness and even desperation that can result from the intense pressure to succeed—and the purposes of engineering education in particular. The first professor White met at MIT told him that it did not really matter what he learned there, but that MIT would teach him how to think. This, then, is the story of how one student learned how to think. There have of course been changes at MIT since 1984, but its essence is still the same. White has added a new preface and concluding chapter to this edition to bring the story of his continuing education up to date.

Magic, danger, and adventure abound for messenger Karigan G'ladheon in author Kristen Britain's New York Times-bestselling *Green Rider* fantasy series • "First-rate fantasy." —Library Journal Karigan G'ladheon is a Green Rider—a seasoned member of the elite messenger corps of King Zachary of Sacordia. King Zachary sends Karigan and a contingent of Sacordians beyond the edges of his nation, into the mysterious Blackveil Forest, which has been tainted with dark magic by a twisted immortal spirit named Mornhavon the Black. In a magical confrontation against Mornhavon, Karigan is jolted out of Blackveil Forest and wakes in darkness. She's lying on smooth, cold stone, but as she reaches out, she realizes that the stone is not just beneath her, but above and around her as well. She's landed in a sealed stone sarcophagus, some unknown tomb, and the air is becoming thin. Is this to be her end? If she escapes, where will she find herself? Is she still in the world she remembers, or has the magical explosion transported her somewhere completely different? To find out, she must first win free of her prison— before it becomes her grave. And should she succeed, will she be walking straight into a trap created by Mornhavon himself?

"Kinetics and Dynamics" on molecular modeling of dynamic processes opens with an introductory overview before discussing approaches to reactivity of small systems in the gas phase. Then it examines studies of systems of increasing complexity up to the dynamics of DNA. This title has interdisciplinary character presenting wherever possible an interplay between the theory and the experiment. It provides basic information as well as the details of theory and examples of its application to experimentalists and theoreticians interested in modeling of dynamic processes in chemical and biochemical systems. All contributing authors are renowned experts in their fields and topics covered in this volume represent the forefront of today's science.

An orphaned boy in contemporary Senegal must decide between doing what is right and what is easy as he struggles to keep a promise he made to his dying father in this “stirring” (School Library Journal)

debut novel laced with magical realism. Eleven-year-old Mor was used to hearing his father's voice, even if no one else could since his father's death. It was comforting. It was also a reminder that Mor had made a promise to his father before he passed: keep your sisters safe. Keep the family together. But almost as soon as they are orphaned, that promise seems impossible to keep. With an aunt from the big city ready to separate him and his sisters as soon as she arrives, and a gang of boys from a nearby village wanting everything he has—including his spirit—Mor is tested in ways he never imagined. With only the hot summer months to prove himself, Mor must face a choice. Does he listen to his father and keep his heart true, but risk breaking his promise through failure? Or is it easier to just join the Danka Boys, whom despite their maliciousness are at least loyal to their own? *One Shadow on the Wall* is about love and loss, family and friendship, and creating your own future—even when it's hard to do.

December 1966. A baby girl is born in the forests of central Zimbabwe. Seventeen years on, on a cold concrete floor at Gatwick arrivals, she sits alone, afraid, abandoned by the country she fought for. *The Forgotten Child of Zimbabwe* is the heart-rending story of Debra Mina Chidakwa-Akue, her early life of abuse, slavery, war, and betrayal. Set during the years of Zimbabwe's long and bloody struggle for independence, Debra's journey shines a harrowing light on life in her country, how conflict and power corrupts, and what horror the human spirit can somehow endure. It is through one girl's life experiences and the desire to share how we meet with life's challenges and how we should never give up that the author opened her heart to share a journey of a thousand miles full of pain, heartache, disappointments, near-death experiences, physical and emotional abuse, and the experiences of the bitter liberation war in Zimbabwe. Through every little journey that she endured there exists tremendous encouragement, inspiration, sadness, and thought-provoking encounters, of which some will send shivers in your spine. *The Forgotten Child of Zimbabwe* reveals the hidden agendas and real life stories that human beings experience, which is sometimes impossible to talk about. *The Forgotten Child of Zimbabwe* brings into the open the realities of life through the life and experiences of this brave young African girl. It will leave you with a challenge to take control of your life, to do something positive, and to see other human beings with fresher eyes. It will make you laugh, cry, and celebrate life and uplift you as well give you hope and be thankful. It is a story that is difficult to put down as it takes you on journey that is full of adventure and real life experiences, and, in the end, strengthens your faith or leads you to it.

In 1995, this novel won both the Jomo Kenyatta Literature Prize, and the Commonwealth Writers Prize Best First Book in the Africa Region. Now reprinted, it remains in great demand. An epic story spanning cultures, it tells the lives of three generations of women. It traces the story of Akoko in her rich traditional Luo setting, through to the children who live and die in the 20th century.

The late 1690 and early 70s may be remembered as the years of the great bank and other armed robberies in Kenya. This is the true story of one of the participants in some of those robberies, John Kiriamiti. In raw and candid language, Kiriamiti tells the story of how he dropped out of secondary school when he was only fifteen years old, and for a time became a novice pickpocket, before graduating into crimes like car-breaking and ultimately into violent robbery. This spell-binding story takes the reader into the underworld of crime, and it depicts graphically the criminal's struggle for survival against the forces of law. John Kiriamiti was imprisoned on 6 January 1971, after being convicted on a charge of committing robbery at Naivasha on 4 November 1970. Kiriamiti left Naivasha Maximum Security Prison in August 1984, just five months after the publication of this novel and those following which were a sensation with Kenyan youth in the late 1980s and '90s.

The lives, loves, fates, and fortunes of the colorful inhabitants of Wenesheken, a resort town on the shore of Lake Michigan, both townies and ritzy summer visitors, intertwine over the course of a single tumultuous summer. A first novel. Reprint. 15,000 first printing.

Adelaide Binchley is probably the only fortysomething housewife and junior college dropout ever to be nominated for the Nobel Prize in Physics, and she's certainly the only one whose career was launched by a bedpan. When Addie meets Physics professor Jakob Pankowicz, she discovers that having just one person see a greater potential in her, and believe in her even when she doesn't believe in herself, is all she needs to escape her self-imposed limits. In this hilarious and touching novel, as she navigates the rough territory created by her teenage-feminist daughter, borderline delinquent son, philandering husband, and the friends in her embroidery circle, Addie finds when one person selflessly reaches out to another, that gesture has the power to change the world.

Studies on the aesthetic representations of atrocity the world over have taken different discursive dimensions from history, sociology, political to human rights. These perspectives are usually geared towards understanding the manifestations, extent, political and economic implications of atrocities. In all these cases, representation has been the singular concern. *Cultural Archives of Atrocity: Essays on the Protest Tradition in Kenyan Literature, Culture and Society* brings together generic ways of interrogating artistic representations of atrocity in Kenya. Couched on interdisciplinary, multidisciplinary and cross-disciplinary approaches, essays in this volume investigate representations of Atrocity in Kenyan Literature, Film, Popular Music and other mediated cultural art forms. Contributors to this volume not only bring on board multiple and competing perspectives on studying atrocity and how they are archived but provide refreshing and valuable insights in examining the artistic and cultural interpellations of atrocity within the socio-political imaginaries of the Kenyan nation. This volume forms part of the growing critical resources for scholars undertaking studies on atrocity within the fields of ethnic studies, cultural studies, postcolonial studies, peace and conflict, criminology, psychology, political economy and history in Kenya.

The author of *The Phenomenon of Man* reconciles passionate faith with the rigor of scientific thinking. With his unique background as a geologist, paleontologist, and Jesuit priest, Pierre Teilhard de Chardin was a powerful exponent of the view that scientific theories could comfortably coexist with religious faith. To this day, his ideas provoke passionate debates in communities that view science and faith as necessarily separate ideologies. In this collection of nineteen essays, Teilhard seeks to illuminate a middle ground between science and religion that he felt both disciplines could accept. He explores the Fall and original sin, the possibility of life on other planets, and the role that God may have played in the process of human evolution, successfully challenging contemporary theologians to rethink their views of the universe and its creation. "Like other great visionary poets—Blake, Hopkins, Yeats—Teilhard engages the reader both intellectually and sensually." —*The Washington Post Book World* "An excellent blend of theological speculation with practical or ascetical application." —*Catholic Telegraph*

Australia's largest library of construction cost information, providing vital data to all those involved in small projects.

A Publishers Weekly Best Book *Jack Lambeau* is the prodigal son returned home to Lakeland, New York; the Ivy-League educated architectural visionary brought home to reinvent the dying port town and smooth over its self imposed scars. His friend, Steven Turner is the Brooklyn-born local reporter who will bear witness to the city's successes and failures. Between them come Jack's beautiful fiancée Anne—an artist with secrets of her own - and his undisciplined brother Harris, hired by Jack to remove the suspicious barrels of waste from Lakeland's broken heart. As the town struggles to find a new identity, these four characters must find their way through their own unexpected transformations and along the way attempt to answer the questions that plague us all: what is the price of loyalty, filialty, goodness and love?

As her beloved grandfather, chief of the Maori tribe of Whangara, New Zealand, struggles to lead in difficult times and to find a male successor, young Kahu is developing a mysterious relationship with whales, particularly the ancient bull whale whose leg

Raised on a ranch in northern California, Jody is well-schooled in the hard work and demands of a rancher's life. He is used to the way of horses, too; but nothing has prepared him for the special connection he will forge with Gabilan, the hot-tempered pony his father gives him. With Billy Buck, the hired hand, Jody tends and trains his horse, restlessly anticipating the moment he will sit high upon Gabilan's

saddle. But when Gabilan falls ill, Jody discovers there are still lessons he must learn about the ways of nature and, particularly, the ways of man.

'Absolutely magical ... Always intriguing' Richard Adams author of *Watership Down*. Behind the realm of man lie the wild roads. Weaving through time and space, these hidden pathways carry the natural energies – the spirits, the dreams – of the world. No creature can slip into the shadows and travel the wild roads better than the cat. For millennia, cats have patrolled the tangled paths, maintaining balance and order, guarding against corruption and chaos. It is dangerous territory: for those who control the wild roads hold the keys to the world. Amid a struggle between the purest good and the darkest evil, here are tales of duty and destiny, of courage and comradeship among the extraordinary creatures who brave the wild roads... Secure in a world of privilege and safety, Tag is happy with life as a house cat – until the dreams begin. Hazy dreams of strange pathways, of a mission he must undertake and of a terrible responsibility he will bear. Armed with the cryptic message, Tag must bring the King and Queen of cats to Tintagel before the spring equinox. Meanwhile, a man known only as the Alchemist doggedly hunts the Queen for his own ghastly ends. And if the Alchemist captures her, the world will never be safe again...

*Group Theory in Quantum Mechanics: An Introduction to its Present Usage* introduces the reader to the three main uses of group theory in quantum mechanics: to label energy levels and the corresponding eigenstates; to discuss qualitatively the splitting of energy levels as one starts from an approximate Hamiltonian and adds correction terms; and to aid in the evaluation of matrix elements of all kinds, and in particular to provide general selection rules for the non-zero ones. The theme is to show how all this is achieved by considering the symmetry properties of the Hamiltonian and the way in which these symmetries are reflected in the wave functions. This book is comprised of eight chapters and begins with an overview of the necessary mathematical concepts, including representations and vector spaces and their relevance to quantum mechanics. The uses of symmetry properties and mathematical expression of symmetry operations are also outlined, along with symmetry transformations of the Hamiltonian. The next chapter describes the three uses of group theory, with particular reference to the theory of atomic energy levels and transitions. The following chapters deal with the theory of free atoms and ions; representations of finite groups; the electronic structure and vibrations of molecules; solid state physics; and relativistic quantum mechanics. Nuclear physics is also discussed, with emphasis on the isotopic spin formalism, nuclear forces, and the reactions that arise when the nuclei take part in time-dependent processes. This monograph will be of interest to physicists and mathematicians.

An integration of ornithological and archaeological evidence on the history, composition and balance of the bird fauna of the British Isles. It provides essential background information for the debate on extinction, conservation and reintroduction.

The complete and “charming” (Gourmet) collection of deliciously old-fashioned and deeply satisfying recipes from everyone’s favorite New York City cupcake bakery—Magnolia Bakery. The incredible true story of British special agents Eileen and Jacqueline Nearne, sisters who risked everything to fight for freedom during the Second World War. When elderly recluse Eileen Nearne died, few suspected that the quiet little old lady was a decorated WWII war hero. Volunteering to serve for British intelligence at age 21, Eileen was posted to Nazi-occupied France to send encoded messages of crucial importance for the Allies, until her capture by the Gestapo. Eileen was not the only agent in her family---her sister Jacqueline was a courier for the French resistance. While Jacqueline narrowly avoided arrest, Eileen was tortured by the Nazis, then sent to the infamous Ravensbrück women's concentration camp. Astonishingly, this resourceful young woman eventually escaped her captors and found her way to the advancing American army. In this amazing true story of triumph and tragedy, Susan Ottaway unveils the secret lives of two sisters who sacrificed themselves to defend their country.

John Kiriamiti's best-selling novel *My Life in Crime* has become a classic. Here Milly, his girlfriend, tells the poignant story of her life with the bank robber. They were in love, and he was gentle, kind and considerate. But after she moved in with him, she discovered his double life. She remained devoted, but the stress of his life bore its toll, and finally they parted. This sequel novel is also a bestseller in Kenya.

*Betrayal in the City*, first published in 1976 and 1977, was Kenya's national entry to the Second World Black and African Festival of Arts and Culture in Lagos, Nigeria. The play is an incisive, thought-provoking examination of the problems of independence and freedom in post-colonial African states, where a sizeable number of people feel that their future is either blank or bleak. In the words of Mosese, one of the characters: "It was better while we waited. Now we have nothing to look forward to. We have killed our past and are busy killing our future."--Page 4 of cover.

Nature documentaries often depict animal life as a grim struggle for survival, but this visually stunning book opens our eyes to a different, more scientifically up-to-date way of looking at the animal kingdom. In more than one hundred thirty striking images, *The Exultant Ark* celebrates the full range of animal experience with dramatic portraits of animal pleasure ranging from the charismatic and familiar to the obscure and bizarre. These photographs, windows onto the inner lives of pleasure seekers, show two polar bears engaged in a bout of wrestling, hoary marmots taking time for a friendly chase, Japanese macaques enjoying a soak in a hot spring, a young bull elk sticking out his tongue to catch snowflakes, and many other rewarding moments. Biologist and best-selling author Jonathan Balcombe is our guide, interpreting the images within the scientific context of what is known about animal behavior. In the end, old attitudes fall away as we gain a heightened sense of animal individuality and of the pleasures that make life worth living for all sentient beings.
