My Travel Journal Lonely Planet Kids

The most well-meaning parents often have a mile-long list of experiences they want to give their kids before they grow up. But there's one thing that no parent can do: tell stories from their children's perspectives. This unique journal allows kids to tell their travel story through their own voice and record their experiences in ways that remind them of not only what happened, but how those events made them feel. As an added bonus, kids can contain and organize their gathered objects such as a ticket stub or postcard as well as write down the important feelings they experience while collecting keepsakes. Whether a child is traveling to Yellowstone, Disney, New York, Europe, or Grandma's house, this is the best journal for every vacation experience.
