The PMP Study Guide is a comprehensive study aid for the upcoming Project Management Professional (PMP) certification administered by PMI. The book is designed to prepare readers for the PMP exam, as well as serve as a good reference for acting project managers. The book will cover the Project Management Process and Procedures outlined in A Guide to the Project Management Body of Knowledge. 5th Edition. Readers will benefit from the detailed discussion of the wide-range of project management and exam topics, concepts, and key terms, and will present the material in a logical manner: each section builds upon previous sections and a chapter on previous chapters. The book will cover the exam outline 100%. Each chapter will include a list of topics covered in that chapter, following by in-depth discussion of those objectives, complete with hands-on Real World Scenarios and How This Applies to Your Current Project sidebars. The chapter will conclude with an Exam Essentials section and comprehensive review questions. The companion study tools include leading-edge exam prep software with test engine of practice questions and electronic flashcards. In addition, there will be over 2 hours of additional audio. Bonus Content: The book also prepares those studying for the new Certified Associate in Project Management (CAPM) program offered by PMI by including two bonus CAPM exams.

Use this study guide to prepare for the Project Management Professional (PMP) exam administered by the Project Management Institute (PMI). The revised third edition of the best-selling PMP in Depth, updated to the sixth edition of PMBOK, has a laser-sharp focus on the exam objectives for project managers and others who want to pass the PMP exam. No prior knowledge of project management is assumed. The chapters and the sections within each chapter are presented in a logical learning sequence. The concepts and topics, both simple and complex, are clearly explained when they appear for the first time. This facilitates step-wise learning, prevents confusion, and makes this book useful for those who want to get up to speed quickly to pass the PMP exam, even if you are new to the discipline of project management. This book tells the story of project management in a cohesive, concise, yet comprehensive fashion. Unlike most PMP exam books, PMP in Depth covers the material in the order in which projects are actually run in the real world. The book is an easy-to-understand guide that is valuable both before and after the exam.
