One minute my wife was there. In a flash she was gone. In the ten months of Kerryn's dying, I prepared myself for everything except for her death. Now that she is gone, I am desperate to know her as I never knew her. *Thirty Days* is a portrait of grief, of a marriage and of a family. It is the moving memoir of Mark's wife of 33 years, Kerryn Baker, who died ten months after her diagnosis, aged 55, from stomach cancer. It is also a study in how we construct our own version of the past, after Mark discovers a cache of Kerryn's letters in the laundry cupboard and has to rethink their relationship. It is a book about memory and its uncertainties, as Mark sifts through photos and home movies, as his wife gets sicker, and his search for clues about their relationship grows more desperate. In her last days, Kerryn reveals her traumatic childhood to Mark for the first time. She emerges as the rock of the family, a brave and wise woman, clear-eyed about her treatment, focused on finding the path to a peaceful death. Paradoxically, her dying brings the couple back to the intensity of their first love. In the tradition of Paul Kalanithi's *When Breath Becomes Air* and Cory Taylor's remarkable memoir, *Dying*, Mark Baker's *Thirty Days* is an inspirational book about death and dying. As well as *The Fiftieth Gate*, *A Journey Through Memory*, a seminal book on his parents' experience during the Holocaust, Mark Raphael Baker has written a compelling memoir, *Thirty Days*, *A Journey to the End of Love*, about the recent death of his wife. He is Director of the Australian Centre for Jewish Civilisation and Associate Professor of Holocaust and Genocide Studies in the School at Monash University, Melbourne 'Piercing, unsparing, and sweet, this book will break your heart and put it back together again.' Miranda Richmond Mouillot, author of *A Fifty-year Silence* 'A lament, a wail, a raw confession of suffering and regret, but most of all, of love.' Ramona Koval 'During the first thirty days of mourning, as Jewish law decrees it, Mark Baker wrote about his wife Kerryn Baker, who lived an 'ordinary' life, as most of us do, but who was extraordinary in the courage, dignity, and above all, the gentle, wise grace of her dying. Few of us will be able to die so well, but every reader of this book will be inspired to do so. Baker recalls their life together and writes of Kerryn's death and dying in many tones—lyrically, tenderly, with self-deprecating irony, embarrassed candour and more—but one hears in them all pain so raw and need so desperate that it sometimes threatened to unhinge him. He writes of love and grief with power that brings back to our hearts knowledge that is too often only in our heads—that the disappearance of a human personality will forever be mysterious to us because every human being is irreplaceable.' Raimond Gaita 'Thirty Days is more than a cancer memoir, it is a searching, courageous, intensely intimate portrait of a marriage, a family, a beloved woman, a man wild with loss. Baker addresses the reader with searing honesty from the very heart of grief. His testimony will leave you devastated, enriched, irrevocably altered.' Emily Bitto 'A beautiful memoir, not just about one marriage, but the nature of marriage itself.' Readings 'A book characterised by love, empathy and connection to life.' Sydney Morning Herald 'Baker's memoir allows his readers to see the magnitude of our existence beneath the surface of our daily lives' Courier Mail

A lively and stimulating resource for all first year students of human geography, this introductory Reader comprises key published writings from the main fields of human geography. Because the subject is both broad and necessarily only loosely defined, a principal aim of this book is to present a view of the subject which is theoretically informed and yet recognises that any view is partial, contingent and subject to change. The extracts selected are accessible and raise issues of method and theory as well as fact. The editors have chosen articles that not only represent main currents in the present flow of academic geography but which are also responsive to developments outside of the discipline. Their selection contains a mixture of established and recent writings and each section features a contextualizing introduction and detailed suggestions for further reading.

Any student wishing to solve problems via mathematical modelling will find that this book provides an excellent introduction to the subject.

In 1790, George Washington was elected the first U.S. president, Thomas Jefferson became the country's first secretary of state, and flour imported to Boston from England marked the beginning of the King Arthur Flour Company. The King Arthur Flour Company, now more than two hundred years old, produces the flour of choice for millions, from beginning home bakers to the world's top chefs, and has evolved into a one hundred percent employee-owned company. King Arthur Flour Company illustrates the history of America's oldest flour company (and New England's oldest food company). King Arthur Flour was founded in Boston not far from Long Wharf, where the flour was unloaded from merchant ships. Five generations of the Sands family headed the company for almost two centuries until the Employee Stock Ownership Plan was initiated in 1996. Marketing at King Arthur Flour has always revolved around the icon of the lone knight on his horse, and in 1896, a lone rider dressed as King Arthur rode through Boston's streets atop a black stallion to advertise the product. Another creative marketing campaign featured a white sound truck, complete with a large pipe organ and an eight-foot statue of King Arthur, roving through New York City streets.

A guide to whole grain baking explains how to use a variety of whole grains to create flavorful, sweet, and savory breads, cakes, cookies, pastries, and other baked goods, and features more than four hundred foolproof recipes.

In this James Beard Award-winning cookbook, George Greenstein reveals 125 recipes for the yeasted and quick breads that have been handed down through his family by three generations of bakers—the breads that made his bakery so well-loved for so many years. For more than twenty years, Greenstein owned and operated a Long Island bakery that produced a wide variety of baked goods, from many different ethnic traditions—focaccia and Irish soda bread, Bavarian pumpernickel and naan—including many from his own culture, such as Jewish corn bread, challah, and bagels. Now that most neighborhood bakeries like Greenstein's are long since closed, this classic collection not only teaches bakers everywhere how to make those delicious, classic breads, but it also preserves authentic versions of the recipes for all to enjoy. With the same helpful features that made this a cherished cookbook upon its original publication—separate instructions for mixing each recipe by hand, food processor, and stand mixer; tips for baking a week's worth of bread in as few as two hours; invaluable baker's secrets; and a very approachable style throughout—this revised edition also includes twelve new recipes to satisfy both old fans and new. So bring the spirit of that great old bakery back to life right in your very own kitchen, filling every room of your house with the wonderful aroma of freshly baked bread. And rest assured you'll bake with ease and success every time, thanks to George and his long-learned, very happily shared SECRETS OF A JEWISH BAKER.
