After Unhei moves from Korea to the United States, her new classmates help her decide what her name should be.

This book is the culmination of educational know-how and systematic grammar organization acquired by the three authors from their experience actually teaching Korean to foreigners in the classroom. In focusing strictly on Korean grammar, this series represents a departure from most current integrated teaching materials, allowing foreign learners to more easily concentrate on grammar in their study of Korean. The authors have included real dialogues and illustrations to make the study of Korean more interesting, especially for those students who have heretofore felt Korean grammar to be difficult. Further, this series equally serves as a general Korean grammar reference that can be used by Korean language instructors both in Korea and abroad who regularly experience the difficulty of teaching Korean grammar first-hand.

In the 20th century, South Korea was usually seen as a "shrimp amongst whales", a minor player with limited agency in regional and global affairs. Korea's risen status as a "middle power" today, however, begs the question about related changes in the South Korean identity or "sense of self" in the world. In this book, Patrick Flamm presents the first comprehensive and agency oriented empirical account of South Korean international state identity and Seoul's global foreign policy in the 21st century. Advancing a performative and narrative understanding of identity in International Relations, Flamm uses South Korea's global engagement in peacekeeping and climate diplomacy to offer much-needed insight into the various identity narratives and role conceptions at play. In the case of peacekeeping and climate diplomacy, South Korea's identity as an international actor has been dominated by practices of self-identification that position the country at the brink of advanced countries, aspiring to lead the rest of the world but with the overall objective to maintain national autonomy in a changing regional and global context. South Korean Identity and Global Foreign Policy is a must-read for scholars of International Relations, Foreign Policy Analysis and Asian/Korean Studies. Elementary Korean offers a complete, systematic and streamlined first-year course in Korean for the English-speaking adult learner.

In this beautifully illustrated journal based on a TV documentary, writer, comedian and world traveller Michael Palin journeys to North Korea, offering a glimpse of life inside the world's most secretive country, uncovering surprises and making friends along the way. In May 2018, former Monty Python stalwart and intrepid globetrotter Michael Palin ventured into the Democratic People's Republic of Korea, camera crew in tow, to gain a glimpse of life in the most notoriously secretive and cut-off nation on earth. His resulting two-part documentary for Channel 5 fascinated millions and won universal plaudits. Now he shares the journal he meticulously kept during his trip, in which he describes his experiences in a country wholly unlike any other he has ever visited: a country where you will find the Tallest Unoccupied Building in the World; where the residents of Pyongyang awake every morning to the strains of 'Where Are You, Dear General?', broadcast from speakers across the city; and where there are fifteen approved styles of haircut. He chronicles a journey of stark contrasts that takes in a gleamingly modern capital complete with triumphal statues and arches one day, and a countryside that has barely changed in decades on another. He travels to the heavily fortified Demilitarized Zone, to a centuries-old Confucian academy, and to the heart of North Korea's exquisitely beautiful mountains and lakes. He recounts conversations with official guides, teachers, propaganda artists, farmers and soldiers in which mutual incomprehension and shared humanity are constantly intermingled. And he muses on what makes people tick under a regime that to outsiders seems so utterly alien and so grimly authoritarian. Written with Palin's trademark warmth and wit, and illustrated with beautiful colour photographs throughout, Palin's journal offers a rare insight into the North Korea behind the headlines.
