Childhood is not only a biological age, it is also a social construct. The essays in this collection range chronologically from the fifteenth to the eighteenth century, and geographically across England, France, Germany, Italy and Spain. They chart the depictions of children in various media including painting, sculpture and the graphic arts.

This volume is the first comprehensive study of the influence of English Pre-Raphaelitism on Italian art and culture in the late nineteenth century. Analysis of the cultural relations between Italy and Britain has focused traditionally on the special place that Italy had in the British imagination, but the cultural and artistic exchanges between the two countries have been much misunderstood. This book aims to correct this imbalance by placing Pre-Raphaelitism in its European context. It explores the nature of its influence on Italy, how it was transmitted, and how it was manifested, by focusing on the role of Italian Anglophiles, the English communities in Florence and Rome, the writings of Gabriele D'Annunzio, and a number of Italian artists active in Tuscany and Rome. The works of Cellini, Ricci, Gioja, De Carolis, and Sartorio in particular fully demonstrate the impact of Pre-Raphaelitism on the young Italian school of painting

which found in the English movement an ideal link with its glorious past on which it could build a new artistic identity. These artists show that English Pre-Raphaelitism was one of the most powerful single influences on fin-de-siecle Italian culture.

The twenty-eight essays of this collection, first published

in 1962, are the work of distinguished British, Canadian,

and American scholars. The essays range widely over

the field of Elizabethan drama, concentrating attention on

Shakespeare and Marlowe but not neglecting earlier

dramatists such as Kyd and Greene or later ones such

as Heywood and Massinger. Among the general topics

treated are the staging of the interludes, intrigue in

Elizabethan tragedy, and Jacobean stage pastoralism.

This title will be of interest to students of English

literature.

The blending of people and living machines is a central element in the futurist "reconstruction of the universe."

However, prior to the futurist break, a group of early-twentieth-century poets, later dubbed *crepuscolari* (*crepusculars*), had already begun an attack against the dominant cultural system, using their poetry as the locus in which useless little objects clashed with the traditional poetry of human greatness and stylistic perfection. The Quiet Avant-garde draws from a number of twenty-first-century theories – vital materialism, object-oriented ontology, and environmental humanities – as well as Bruno Latour's criticism of modernity to illustrate how the crepuscular movement sabotaged the modern mindset and launched the counter-discourse of the Italian avant-garde by blurring the line dividing people from "things." This liminal poetics, at the crossroad of tradition, modernism, and the avant-garde, acted as the initiator of the ethical and environmental transition from a universe subjected to humans to human-thing co-agency. This book proposes a contemporary reading of Italian twentieth-century movements and offers a foothold for scholars outside Italian studies to access authors who are still unexplored in North American literature.

«Lo sguardo del viaggiatore è continuamente attratto da queste singolari strutture realizzate dall'uomo, tra terra e mare. Sono mirabili macchine da pesca che sfidano la forza dell'Adriatico con arguzia e rispetto per la natura. Strutture che affasciano l'osservatore, perché evocano forza e fragilità, ingegno e semplicità nei materiali utilizzati. I trabocchi si susseguono ad una distanza controllabile a vista, a meno di qualche promontorio che ne impedisce la visione e punteggiano la linea di demarcazione tra mare e terra, separando lo specchio

d'acqua dalla collina incombente, ricoperta di vegetazione mediterranea, che diventa a strapiombo sul mare quando assume la forma di falesia. Gli elementi della costruzione che emergono ad una prima osservazione e che caratterizzano da sempre queste macchine da pesca su palafitte, sono la passerella che collega il trabocco alla terraferma; la piattaforma sulla quale è inserito il palo dell'argano per il sollevamento della rete; l'abitacolo per la custodia degli attrezzi per la pesca e la manutenzione del trabocco; le antenne che, sporgendosi dalla piattaforma, sostengono la rete; il reticolo strutturale periferico alla piattaforma, necessario ad assicurare resistenza e stabilità al manufatto, soprattutto in occasione di forti mareggiate; ed infine, la rete da pesca, l'elemento dimensionalmente più rilevante dell'intera costruzione...»

Music and Democracy explores music as a resource for societal transformation processes. This book provides recent insights into how individuals and groups used and still use music to achieve social, cultural, and political participation and bring about social change. The contributors present outstanding perspectives on the topic: From the promise and myth of democratization through music technology to the use of music in imposing authoritarian, neoliberal or even fascist political ideas in the past and present up to music's impact on political systems, governmental representation, and socio-political realities. The volume further features approaches in the fields of gender, migration, disability, and digitalization.

The 70th volume of the Eranos Yearbooks presents the work of the last three years of activities at the Eranos Foundation (2009–2011). It includes the papers given on the theme of the 2011 conference, About Fragility in the Contemporary World, together with talks given on the occasion of the seminar cycle entitled, Eranos Jung Lectures, which took place during the years 2010–2011 to commemorate the 50th anniversary of Carl Gustav Jung's passing. Eminent international scholars gathered to share their work, presented here primarily in English, along with some chapters in Italian. This publication carries additional special meaning in further consolidating the collaboration with the Fetzer Institute by presenting the manuscripts of the Dialogues on the Power of Love, held at Eranos between 2008 and 2011. This project follows the path of the original model of Eranos, especially the aspect of dialogue, searching for understanding and deepening crucial themes in the contemporary world. 'Eranos' means a 'banquet', to which every guest contributes. From 1933 onwards, the Eranos Conferences took shape in Ascona-Moscia (Switzerland), springing from the idea of Olga Fröbe-Kapteyn to create a 'Meeting Place of East and West'. Under the influence of the psychologist Carl Gustav Jung and other prominent leaders of that era, the Eranos Conferences found their way towards symbolical, archetypal, and mythological motifs. The Eranos gathering is symbolized by its famous Round Table, the image and meaning of which inspired many of the leading thinkers of the 20th century. For more than 70 years, depth psychologists, philosophers, theologians, orientalists, historians of religions as well as natural scientists find at Eranos a unique place where they could meet and exchange views. The rich collection of Eranos Yearbooks bears testimony to an immense and original work accomplished in various fields of learning.

La narrazione è un bisogno costitutivo dell'essere umano: da sempre, infatti, gli uomini raccontano e si raccontano. Nell'ambito della filosofia e delle scienze umane trova sempre più seguito l'ipotesi, sostenuta con particolare vigore da Paul...

In un futuro non lontano, una sparuta pattuglia di squinternati ma integerrimi e impavidi combattenti affronta, nel silenzio e nel nascondimento, una dura battaglia contro l'immoralità dilagante e la corruzione divenuta ormai sistemica e alla luce del sole, che allignano nei gangli e nei meandri di quell'immenso, caotico e sregolato universo che è la Pubblica Amministrazione in Italia. Tutto ciò che è Male - ingiustizia, iniquità sociale ed economica, dissolutezza, perversione, prevaricazione - è, nel corso degli ultimi decenni, divenuto

norma inderogabile a vantaggio di una ristretta e potentissima oligarchia e a scapito della Collettività. Pertanto, il solo modo per contrastarlo e ripristinare la Bontà delle Istituzioni, l'Equità, la Giustizia Sociale e la Meritocrazia, è combattere nel silenzio, nella clandestinità e nell'anonimato.
