The Lenormand deck is one of the most culturally significant oracle decks of our time. This modern interpretation brings it fully up to date for use by today's readers. This is the classic Lenormand deck for the 21st century, now reissued with a fresh design to showcase the amazing hand-painted card illustrations that guide the diviner in solving problems, learning what the future holds and developing intuition. The traditional deck has been updated to make it as relevant as possible to contemporary readers, including in the LGBT community: the deck offers, for example, an extra Man card and an extra Woman card to allow same-sex relationships to appear in readings. Another extra card, the Divinator, allows the diviner themselves to appear in a spread. Other updates to make the cards feel more relevant today include reducing the original deck's reliance on Christian imagery, for example by changing the name of the Cross card to the Crossing, and replacing its crucifix artwork with a beautiful image of bird wings over a bridge. Much used by the Roma, the Lenormand cards are named after Marie-Anne Lenormand, a famous clairvoyant of the 18th and 19th centuries who read for Napoleon and Josephine Bonaparte. Fascinated by this evocative oracle,

cartomancer and Lenormand expert Caitl n Matthews commissioned simple yet profound artwork to capture the authentic flavour of the antique decks. The card illustrations are all hand-painted (rather than created as digital montages), allowing each card to express its own character. The accessible guidebook is suitable for a complete beginner to card divination, but also offers new perspectives to existing Lenormand users. There are detailed profiles of each card, as well as practical advice on using layouts to ask for guidance on a specific problem or to look at the bigger picture and discover true purpose in life. A collection of essays by the art historian Aby Warburg, these essays look beyond iconography to more psychological aspects of artistic creation: the conditions under which art was practised; its social and cultural contexts; and its conceivable historical meaning.

With a sprinkle of Lebanese folklore and a dash of 1001 Nights this exotic Lenormand deck reflects Rana George's nostalgic views and personal memories of Lebanon. Rana also shares her considerable expertise in the art of reading with the Lenormand system. Every intricate detail of the Rana George Lenormand serves her mission of creating a deck unlike any other with its enticing artwork and insightful instruction. Both the box and the cards feature exquisite gold foil accents and the cards have a luxurious pearlized finish. This

42-card deck includes extra Man and Woman cards, for same-sex readings, as well as four additional cards that enhance the Lenormand experience: Spirit, Incense Burner, Bed and Market. In her 124-page guidebook Rana explains the cards' contextual meanings in a reading and shares the personal associations that inspired each card. She also offers helpful instructions with multiple examples of actual questions explored in Lenormand readings.

A force of nature that calls all life into being, the Goddess is the divine feminine awakened to the greatest magic held within. She is a maiden of creativity, mother of love, and crone of sacred wisdom. Take her hand through the Goddess Dream Oracle, reconnect to your own intuition, and remember who you really are. By working with this oracle in your daily life you will delve into the divine dream world of the Goddess in all her forms and meet her allies. She will reveal herself through her dark mysteries in the depths of the forest to her splendor as the waves of the sea and guide you in your search for your inner truth, your life purpose, and your higher self. Artist and author Wendy Andrew illustrates the divine embodiments of the Goddess, channeling sacred feminine energy. Her work is inspired by the ancient mysteries that are wrapped in the turning of the seasons and the voice of Goddess whispering through the mythical realms. Use for card games or cartomancy

When Marsellus in the film *Pulp Fiction* asserts, "I'm gonna git medieval on your ass," we know that he is about to bring down a fierce and exacting punishment. Yet is the violence of the Middle Ages that far removed from our modern society? *Suspended Animation* argues that not only is the stereotype of uncontrolled violence in the Middle Ages historically misleading, the gulf between modern society and the medieval era is not as immense as we might think. In fact, both medievals and moderns live within a social tension of "suspended animation" engendered by images and acts of violence. Just as in medieval times, Robert Mills argues, it is the threat of violence—not the reality—that continues to structure our lives. To illustrate this "aesthetics of suspense," Mills draws on extensive and disturbing examples from medieval iconography, contemporary philosophy, and even pornography, ranging from the vivid depictions of Hell in Tuscan frescoes to Billie Holiday's famously wrenching song "Strange Fruit". Mills reveals how these uncomfortable images and texts expose a modern self-deception, and he further explores how medieval images evoked a pleasure revealingly close to that found in modern depictions of sexuality. *Suspended Animation* also makes a fresh contribution to theoretical debates on pre-modern gender and sexuality. Mills's comprehensive analysis demonstrates that—as wartime prisoner abuse incidents at Abu Ghraib and Guantánamo Bay have recently indicated—our notions of

ourselves as not-medieval (that is, civilized) not only fail to prepare us for modern torture and warfare but also lead us into complicity with self-proclaimed moral and civic leaders. Whether considering a medieval painting of a Christian martyr or the immense popularity of grotesque historical tourist attractions such as the London Dungeons, Suspended Animation argues that images of death and violence are as pervasive today as they were in the Middle Ages, serving as potent reminders of the link between the modern and the medieval era.

Historically-inspired oracle deck.

Dosso Dossi has long been considered one of Renaissance Italy's most intriguing artists. Although a wealth of documents chronicles his life, he remains, in many ways, an enigma, and his art continues to be as elusive as it is compelling. In *Dosso's Fate*, leading scholars from a wide range of disciplines examine the social, intellectual, and historical contexts of his art, focusing on the development of new genres of painting, questions of style and chronology, the influence of courtly culture, and the work of his collaborators, as well as his visual and literary sources and his painting technique. The result is an important and original contribution not only to literature on Dosso Dossi but also to the study of cultural history in early modern Italy.

Two opposing views of the future in the Middle Ages dominate recent historical scholarship. According to one opinion, medieval societies were expecting the near end of the world and therefore had no concept of the future. According to the other opinion, the expectation of the near end created a drive to change the world for the better and thus for innovation. Close inspection of the history of prognostication reveals the continuous attempts and multifold methods to recognize and interpret God's will, the prodigies of nature, and the patterns of time. That proves, on the one hand, the constant human uncertainty facing the contingencies of the future. On the other hand, it demonstrates the firm believe during the Middle Ages in a future which could be shaped and even manipulated. The handbook provides the first overview of current historical research on medieval prognostication. It considers the entangled influences and transmissions between Christian, Jewish, Islamic, and non-monotheistic societies during the period from a wide range of perspectives. An international team of 63 renowned authors from about a dozen different academic disciplines contributed to this comprehensive overview.

Presented at a symposium held in 1990 to celebrate the Getty Museum's acquisition of the only known illuminated copy of *The Visions of Tondal*, twenty essays address the celebrated bibliophilic activity of Margaret of York; the career of Simon Marmion, a favorite artist of the Burgundian court; and *The Visions of Tondal* in relation to illustrated visions of the Middle Ages. Contributors include Maryan Ainsworth, Wim Blockmans, Walter Cahn, Albert Derolez, Peter Dinzelbacher, Rainald Grosshans, Sandra Hindman, Martin Lowry, Nigel Morgan, and Nigel Palmer.

the volume also examines the cultural and political situation in Italy today and suggests possible future directions in which the country might move. Each essay contains suggestions for further reading on the topics covered. The Cambridge Companion to Modern Italian Culture is an invaluable source of materials for courses on all aspects of modern Italy.

This cultural history of Mussolini's dictatorship discusses the meanings of modernity in interwar Italy. The work argues that fascism appealed to many Italian intellectuals as a new model of modernity that would resolve the European and national crises.

"This book is the first peer-reviewed collection of papers focusing on the potential of myth storylines to yield data and lessons that are of value to the geological sciences. Building on the nascent discipline of geomythology, scientists and scholars from a variety of disciplines have contributed to this volume. The geological hazards (such as earthquakes, tsunamis, volcanic eruptions and cosmic impacts) that have given rise to myths are considered, as are the sacred and cultural values associated with rocks, fossils, geological formations and landscapes. There are also discussions about the historical and literary perspectives of geomythology. Regional coverage includes Europe and the Mediterranean, Afghanistan, Cameroon, India, Australia, Japan, Pacific islands, South America and North America. Myth and Geology challenges the widespread notion that myths are fictitious or otherwise lacking in value for the physical sciences." -- BOOK JACKET.

Rahn's personal diary from his travels as occult investigator for the Third Reich • First English translation of the author's journeys in search of a Nordic equivalent to Mt. Sinai • Explains why Lucifer the Light Bringer, god of the heretics, is a positive figure

Otto Rahn's lifelong search for the Grail brought him to the attention of the SS leader Himmler, who shared his esoteric interests. Induced by Himmler to become the chief investigator of the occult for the Nazis, Rahn traveled throughout Europe--from Spain to Iceland--in the mid 1930s pursuing leads to the Grail and other mysteries. Lucifer's Court is the travel diary he kept while searching for "the ghosts of the pagans and heretics who were [his] ancestors." It was during this time that Rahn grasped the positive role Lucifer plays in these forbidden religions as the bearer of true illumination,

similar to Apollo and other sun gods in pagan worship. This journey was also one of self-discovery for Rahn. He found such a faithful echo of his own innermost beliefs in the lives of the heretics of the past that he eventually called himself a Cathar and nurtured ambitions of restoring that faith, which had been cruelly destroyed in the fires of the Inquisition. His journeys on assignment for the Reich--including researching an alleged entrance to Hollow Earth in Iceland and searching for the true mission of Lucifer in the caves of southern France that served as refuge for the Cathars during the Inquisition--also led to his disenchantment with his employers and his mysterious death in the mountains after his break with the Nazis.

With nearly 400 scores to his credit, Ennio Morricone is one of the most prolific

and influential film composers working today. In *Composing for the Cinema*, Morricone and musicologist Sergio Miceli present a series of lectures on the composition and analysis of film music. Adapted from several lectures and seminars, these lessons show how sound design can be analyzed and offer a variety of musical solutions to many different kinds of film. Drawing upon scores by himself and others, the composer also provides insight into his relationships with many of the directors with whom he has collaborated, including Sergio Leone, Giuseppe Tornatore, Franco Zeffirelli, Warren Beatty, Ridley Scott, Roland Joffé, the Taviani Brothers, and others. Delivered in a conversational mode that is both comprehensible and interesting, this groundbreaking work intertwines analysis with practical details of film music composition.
