Shane West was used to being the only wolf shifter at the Stockton Police Department. His enhanced senses helped him do his job efficiently and he prided himself on keeping control of his animal instincts. Gay from the first day he'd shifted, he also expected to live his long life alone, and provided it meant that he didn't have to come into contact with any of his ex-pack, he told himself he was happy. And he was. Until Dimitri Polst was assigned as his new partner. Confirmed ladies man, Dimitri Polst knew Shane from before he'd ever shifted into his wolf form. Two years older and from the same pack, Dimitri had made it his teenage mission to bring as much pain and humiliation to pretty-boy Shane as possible. But years later, he searched for that pretty boy, now all grown up, with a completely different mission in mind. Being fated mates was hard enough, but when one man is straight and the other one has no reason to trust, then sparks are bound to fly. Add in a serial killer who is making inroads into the gay population and a possible shifter involvement, and Shane and Dimitri have a lot of things to overcome before they get their HEA.

Cult Films: Taboo and Transgression looks at nine decades of cult films history within American culture. By highlighting three films per decade including a brief summary of the decade's identity and sensibility, the book investigates the quality, ironies, and spirit of cult film evolution. The twenty-seven films selected for this study are analyzed for story content and in their respective transgressions regarding social, aesthetic, and political codes. Characteristic of this book is the notion that many exciting genres make up cult films--including horror, sci-fi, fantasy, film noir, and black comedy. Further, the book reaches out to several foreign film directors over the decades in order to view cult films as an intentional art form. Political and ideological controversies are covered; arresting back-story details that lend perspective on a film fill out the analysis and the historic framework for many film titles. The book, by emphasizing the condensed survey over decades and by choosing outstanding titles, differs from other general studies on cult films.

"An invaluable collection for anyone researching or teaching cult cinema ... The Cult Film Reader is an authoritative text that should be of value to any student or researcher interested in challenging and transgressive cinema that pushes the boundaries of conventional cinema and film studies." Science Fiction Film and Television "A really impressive and comprehensive collection of the key writings in the field. The editors have done a terrific job in drawing together the various traditions and providing a clear sense of this rich and rewarding scholarly terrain. This collection is as wild and diverse as the films that it covers. Fascinating." Mark Jancovich, Professor of Film and Television Studies, University of East Anglia, UK "It's about time the lunatic fans and loyal theorists of cult movies were treated to a book they can call their own. The effort and knowledge contained in The Cult Film Reader will satisfy even the most ravenous zombie's desire for detail and insight. This book will gnaw, scratch and infect you just like the cult films themselves." Brett Sullivan, Director of Ginger Snaps Unleashed and The Chair "The Cult Film Reader is a great film text book and a fun read." John Landis, Director of The Blues Brothers, An American Werewolf in London and Michael Jackson's Thriller "Excellent overview of the subject, and a comprehensive collection of significant scholarship in the field of cult film. Very impressive and long overdue." Steven Rawle, York St John University, UK Whether defined by horror, kung-fu, sci-fi, sexploitation, kitsch musical or 'weird world cinema', cult movies and their global followings are emerging as a distinct subject of film and media theory, dedicated to dissecting the world's unruliest images. This book is the world's first reader on cult film. It brings together key works in the field on the structure, form, status, and reception of cult cinema traditions. Including work from key established scholars in the field such as Umberto Eco, Janet Staiger, Jeffrey Sconce, Henry Jenkins, and Barry Keith Grant, as well as new perspectives on the gradually developing canon of cult cinema, the book not only presents an overview of ways in which cult cinema can be approached, it also re-assesses the methods used to study the cult text and its audiences. With editors' introductions to the volume and to each section, the book is divided into four clear thematic areas of study – The Conceptions of Cult; Cult Case Studies; National

and International Cults; and Cult Consumption – to provide an accessible overview of the topic. It also contains an extensive bibliography for further related readings. Written in a lively and accessible style, The Cult Film Reader dissects some of the biggest trends, icons, auteurs and periods of global cult film production. Films discussed include Casablanca, The Rocky Horror Picture Show, Eraserhead, The Texas Chainsaw Massacre, Showgirls and Ginger Snaps. Condemned as an intellectual poison by the late American geographer Richard Hartshorn, geopolitics has confounded its critics. Today it remains a popular and important intellectual field despite the persistent allegations that geopolitics helped to legitimate Hitler's policies of spatial expansionism and the domination of place. Using insights from critical geopolitics and cultural history, the contributors focus on how geopolitics has been created, negotiated and contested within a variety of intellectual and popular contexts. Geopolitical Traditions argues that geopolitics has to take responsibility for the past whilst at the same time reconceptualising geopolitics in a manner which accounts for the dramatic changes in the late twentieth century. The book is divided into three sections: firstly Re-thinking Geopolitical Histories concentrates on how geopolitical conversations between European scholars and the wider world unfolded; secondly Geopolitics, Nation and Spirituality considers how geopolitical writings have been strongly influenced by religions, iconography and doctrine with examples drawn from Catholicism, Judaism and Hinduism; and thirdly Reclaiming and Refocusing Geopolitics contemplates how geopolitics has been reformulated in the post-war period with illustrations from France and the United States. Geopolitical Traditions brings together scholars working in a variety of disciplines and locations in order to explore a hundred years of geopolitical thought. Anita Lahey's second collection, *Spinning Side Kick*, is a hard-knuckled look at the other half. These lively poems mix a girl-about-town cockiness with an all-too-rare emotional honesty about men, love, and relationships. Whether the subject is a one-man chimney demolition, the lifelong fidelity of seahorses, a lover at war in Afghanistan or a kickboxing match, Lahey confronts the enduring disconnect between the sexes in a language that is slangy and quick, punctuated with jabs. She eyes those moments—in a day, in a life—when the normal clues we rely on disappear, shifting the line between domesticity and danger. In *Spinning Side Kick*, a talented poet returns with sharper aim.

Karl Haushofer, a Bavarian general and professor, is widely recognized as the "father of geopolitics." In 1945 the United States sought to put him on trial at Nuremberg as a major war criminal for being "Hitler's intellectual godfather" and the true author of *Mein Kampf*. In this definitive biography, noted historian Holger H. Herwig assesses the fiction and reality behind these claims. Making comprehensive use of Haushofer's previously unavailable private papers, Herwig analyzes Haushofer's geopolitical concepts, his relations with his student Rudolf Hess, and his mentorship of Hitler and Hess at Landsberg Prison in 1924. Herwig offers unique insights into Haushofer's crucial behind-the-scenes influence in providing the Nazis with his theories of Autarky and Lebensraum, the rationale for Germany's control of Europe and the world. This riveting book ends with Haushofer's final verdict on himself: "I want to be forgotten and forgotten." But the author concludes with the admonition that the "demon" of Geopolitik demands much closer scrutiny in this new age of geopolitics.
