

## Lady Of The Masque

Limon presents an unconventional approach to the Stuart masque, discussing the masque as a form of courtly ritual rather than a truly theatrical performance. As seen from this perspective, the masque is the deepest, most complex, and many-faceted reflection of early Stuart culture.

This book contains expansive, multifaceted narrative of British women's literary and textual production from the Reformation to the Restoration.

A 1998 collection which takes an alternative look at the courtly masque in early seventeenth-century England.

Two sought-after sisters, a slew of suitors—and a vow to hold out for true love. How many proposals will it take to get to “I do”—especially when the stakes are high . . . There have been six suitors so far, all vying for the attention—and generous dowry—of the beautiful, elusive Eleanor Sutherland. What does this woman really want? Who has what it takes to melt the heart of the so-called Lady Ice? These are the questions Camden West keeps asking himself. But rather than wait for answers, Cam takes matters into his own hands . . . for he has a secret weapon. Cam knows that Ellie's sister, Charlotte, harbors a scandalous secret—one that could bring ruin to the Sutherland name. If Ellie marries him, Cam promises to keep mum. But is she willing to sacrifice her own happiness for her sister's reputation? To Ellie's surprise, it becomes clear that Cam doesn't need her money, nor is he interested in her status. Soon, what begins as a sham engagement transforms into something deeper, and more passionate, than Ellie could have imagined. Is it possible that all Cam truly wanted was her? And is that reason enough to say yes—or is handsome Cam hiding something else? Even for a lady in love, only the truth will do . . .

This pioneering Handbook offers a comprehensive consideration of the dynamic relationship between English literature and religion in the early modern period. The sixteenth and seventeenth centuries were the most turbulent times in the history of the British church and, perhaps as a result, produced some of the greatest devotional poetry, sermons, polemics, and epics of literature in English. The early-modern interaction of rhetoric and faith is addressed in thirty-nine chapters of original research, divided into five sections. The first analyses the changes within the church from the Reformation to the establishment of the Church of England, the phenomenon of puritanism and the rise of non-conformity. The second section discusses ten genres in which faith was explored, including poetry, prophecy, drama, sermons, satire, and autobiographical writings. The middle section focuses on selected individual authors, among them Thomas More, Christopher Marlowe, John Donne, Lucy Hutchinson, and John Milton. Since authors never write in isolation, the fourth section examines a range of communities in which writers interpreted their faith: lay and religious households, sectarian groups including the Quakers, clusters of religious exiles, Jewish and Islamic communities, and those who settled in the new world. Finally, the fifth section considers some key topics and debates in early modern religious literature, ranging from ideas of authority and the relationship of body and soul, to death, judgment, and eternity. The Handbook is framed by a succinct introduction, a chronology of religious and literary landmarks, a guide for new researchers in this field, and a full bibliography of primary and secondary texts relating to early modern English literature and religion.

The second volume of a comprehensive reference work detailing every play written by a British author during the English Renaissance. This volume covers the years when the London commercial theatres came into existence and the dominant mode of English drama changed fundamentally from the morality play to the heroic tragedies of Christopher Marlowe and his contemporaries.

Originally published in 1927, this book provides a detailed history of the English court masque from its origins until the reign of Charles II. The text is illustrated with drawings of masque costumes and set designs, and Welsford discusses the influence that

masque had on later drama and the significance that the revels had at the time. The book will be of value to anyone with an interest in British theatre history and court masque.

Monsieur le Vicomte is a remarkable man – not least because, for all concerned, he had been guillotined along with numerous French aristocrats. In this innovative and learned study, Dennis Kezar examines how Renaissance poets conceive the theme of killing as a specifically representational and interpretive form of violence. Closely reading both major poets and lesser known authors of the early modern period, Kezar explores the ethical self-consciousness and accountability that attend literary killing, paying particular attention to the ways in which this reflection indicates the poet's understanding of his audience. Among the many poems through which Kezar explores the concept of authorial guilt elicited by violent representation are Skelton's Phyllyp Sparowe, Spenser's Faerie Queene, Shakespeare's Julius Caesar, the multi-authored Witch of Edmonton, and Milton's Samson Agonistes.

Beauty met the Beast and there was...bloody murder? It's the Annual Ambassadorial Ball in Glause, and Lady Isabella Farrah, the daughter of New Civet's Ambassador, is feeling pleasantly scintillated. In the library is Lord Pecus, a charming gentleman whose double mask hides a beastly face, and who has decided that Isabella is the very person to break the Pecus curse. In the ballroom is young Lord Topher, who is rapidly falling in love with an older woman. And in the cardroom, lying in a pool of his own blood, is the body of one of Isabella's oldest friends: Raoul, Civet's Head Guardsman. The papers sewn into his sash seem to suggest espionage gone wrong, but Isabella is not so certain. Lord Pecus, as Commander of the Watch, is of the opinion that Isabella should keep out of the investigation and out of danger. Isabella is of the opinion that it is her murder to investigate, and that what a certain Beast-Lord doesn't know won't hurt him... Will Isabella find the murderer before Lord Pecus does, or will she end her investigation as a bloody spatter on the parlour floor?

Gordon Teskey restores Edmund Spenser to prominence, revealing his epic The Faerie Queene as a grand, improvisatory project on human nature. Teskey compares Spenser to Milton, an avowed follower. While Milton's rigid ideology is now stale, Spenser's allegories remain vital, inviting new questions and visions,

heralding a constantly changing future.

This innovative book explores the construction of femininity in Western society. Drawing on a range of theory, empirical sources and original research, Efrat Tseloni examines the role of the visual - of fashion, the body and personal appearance - in defining the female self. Tseloni's argument develops concepts in understanding the meaning of female presence: modesty, duplicity, beauty, seduction and death. Femininity is analyzed in relation to these themes, using insights from sociological, psychological, historical and literary frameworks. The book demonstrates how normative conceptions of feminine essence, which have persevered from Eve to Madonna, become the requirements of appearance for women. Referring to the
