

Land Law Core Texts Series

The Core Text Series takes the reader straight to the heart of the subject, providing a reliable and invaluable guide for students of law at all levels.

Written by leading academics and renowned for their clarity, these concise texts explain the intellectual challenges of each area of the law. The Law of Trusts is an accessible text that skillfully engages with both controversial and complex issues. James Penner provides perceptive analysis and original and thought-provoking commentary to give students an excellent grounding in what is considered to be a difficult subject.

Intellectual Property Law: Text, Cases, and Materials
Oxford University Press

Hannah Torrington has used her newfound training to seek revenge for her sister's death at the hands of the vampires. Her relationship with Will ruined and her abilities growing stronger each day, she is determined to graduate from the program and help end the vampire uprising. When the vampires continue to stalk her family and Will refuses to let her go, she must battle both her feelings for the Lycan and the vampires who wish to destroy her.

Preschoolers will have hours of fun with this activity-packed book. There are puzzles to complete, simple mathematics, find objects, alphabets and more . A great way for kids to learn while having fun.

If you have natural hair, transitioning to natural hair, or interested in natural hair topics, this book is a must read. This book provides an overview of federal and state employment discrimination laws in the United States. You will learn more about rights and obligations related to natural hair as an employee. You may gain added knowledge and awareness as an employer. You may be inspired through real-life stories. Hypotheticals, case studies, and practical tips help you navigate natural hair in the workplace. Authoritative, analytical, and concise, McFarlane, Hopkins and Nield's 'Land Law' provides succinct coverage on the core areas without sacrificing depth or detail. The authors' unique approach to land law arms students with the tools to apply an independent, critical thought process to the content covered in classes and assessments.

This book is uniquely original and can be personalized with any girl's name. How fun is that? Think of the possibilities: baby or shower gifts, birthdays, a special something from grandma, and more. You can purchase the book as shown, using Faith in the title, or personalize it to suit your specific needs. Simply contact us at eStoryTime.com BEFORE placing your Amazon order and we'll take care of the rest. After contacting us, you'll still need to order the book through Amazon, so we'll send you a direct link to use when placing your order. It will assure the book is personalized with the name

you've requested. We've taken the worry out of the process and your child will be thrilled with the final product. Who doesn't like to see their name on the cover or hear it related throughout the story? The author, Melissa Ryan, is the mother of five children and knows the importance of reading to your little ones. It instills a love of books and fosters an active imagination in the youngest of readers. Help start them on a path of discovery with Melissa's stories. The tale of Faith is perfect for bedtime, especially when unleashing the child's wonder by using her own name. This is a book that can be enjoyed over and over again, and will be remembered long after the last page is read and the lights turned out. Faith's Hiccum-ups Day is beautifully written and will hold your child's attention while you share this delightful tale. Tag along with Faith as she giggles, HIC's, and jumps her way through a day with the hiccum-ups. See the silly things her family suggests to solve her problem. It's a day filled with enough fun for everyone. Faith will capture your heart, and the moments spent reading it together will build fond memories that will be cherished throughout the years. Your little girls grow up all too fast; make lasting impressions while you can. This is just one of several books offered by Melissa in her ever-expanding children's book series. You'll learn to love and appreciate the extra attention that goes into each volume. Special care is taken to keep the

The Core Text Series takes the reader straight to the heart of the subject, providing an invaluable and reliable guide for students of law at all levels. Written by leading academics and renowned for their clarity, these concise texts explain the intellectual challenges of each area of the law. O'Sullivan & Hilliard's *The Law of Contract* provides students with a clear, straightforward, and comprehensive account of the core principles of contract law to enable a sound understanding of the subject. The new edition has been rigorously updated by Cambridge academic and teacher, Janet O'Sullivan. All the key topics on the LLB and GDL courses are covered, and the author introduces students to current debates in the field. Complex problems are broken down into manageable steps and self-test questions are provided at the end of each chapter to help reinforce learning and aid revision.

Online resources Students can find answer guidance to these questions as well as additional support for their studies, including author videos discussing key cases, additional chapters, updates and web links on the accompanying online resources.

This fifth edition covers everything from the legal definition of land to the essential elements in a lease or tenancy and the function of covenants in the planning of land use.

Translated from the German by James Schoonover.

Third in the A Boy Named Jack series about growing up on a working cattle ranch in New Mexico. These stories are all about Alice.

The Core Text Series takes the reader straight to the heart of the subject, providing a reliable and invaluable guide for students of law at all levels. Written by leading academics and renowned for their clarity, these concise texts explain the intellectual challenges of each area of the law. The Law of Trusts provides a concise, yet academically rigorous, textbook that skilfully engages with both controversial and complex issues within the subject. James Penner provides perceptive analysis and original and thought-provoking commentary to give students an excellent grounding in what is considered to be a challenging subject. Drawing on a variety of learning features, including summaries of key issues discussed in each chapter, must-read cases, assessment questions, and carefully selected further reading, this approachable and thorough textbook equips students with the tools they need to engage critically with the subject.

Munday's Evidence provides students with a succinct yet thought-provoking introduction to all of the key areas covered on undergraduate law of evidence courses. Clear and engagingly written, this book sets out to demystify a traditionally intimidating area of law. Probing analysis of the issues, both perennial and topical, ensures that this text contains a thorough exploration of the 'core' of the subject. In addition to covering all the major topics within the law of evidence, this book examines key concepts such as relevance and the court's discretion to exclude technically admissible evidence. This edition has been carefully and comprehensively updated to include all vital new developments in the law of evidence, in particular extensive consideration of the full ramifications of the Criminal Justice Act 2003. This lively, sometimes critical, and often entertaining text offers clear guidance to any student who may find evidence a slightly forbidding subject, and enough analysis to challenge those who wish to explore further.

A classic resource in the modern study of the anthropology of law, this book is now widely available again in an updated and expanded edition. There are many societies that survive in a remarkably orderly fashion without the help of judges, law courts and policemen. They are small in scale and have relatively simple technologies, lacking those centralized agencies which we associate with legal systems; yet early anthropologists did not hesitate to name "law," along with kinship, politics and religion, as one of the facets of their subject. Simon Roberts contends, however, that

Read Free Land Law Core Texts Series

legal theory has become too closely identified with our own arrangements in western societies to be of much help in cross-cultural studies of order. But conversely, by looking at the ways in which other societies keep order and solve disputes, he sheds valuable light on the contemporary debates about order in our own society, in a straightforward text which will be accessible to the general reader and anthropologist alike. Now in its Second Edition with a new Foreword and Afterword by the author, this renowned introduction to the anthropology of law is part of the Classics of Law & Society Series from Quid Pro Books.

McFarlane, Hopkins, and Nield's Land Law is the most succinct, analytical textbook available in this subject area. These experienced and respected authors have used their unique approach to land law to provide a consistent structure with which students and lecturers can tackle the topics. The approach arms students with the tools needed to analyse content covered in classes and exams autonomously by demonstrating how to consider rules in isolation before looking at the full picture. This method helps students make links across topics. The concise treatment allows students to concentrate on building an in-depth, sophisticated grasp of the core principles. The authors' direct writing style and contextual outlook guides readers through the depth and detail and gives lucidity to abstract rules. The use of significant cases to exemplify rules in practice and diagrams for visual learners gives additional clarity to concepts that are particularly difficult to imagine. Students are encouraged to test their knowledge by answering end-of-chapter questions and to widen their research by referring to the resources suggested in the further reading lists accompanying each chapter. Online resources

Students can access additional

supportive materials online including:- Web links to useful sites containing further information on chapter-specific topics- Self-test questions with instant feedback- Essay questions and guidance on how to answer them- Updates on legal developments in land law

The fourth edition of *Constitutional and Administrative Law: Text with Materials* provides a wealth of essential materials drawn from a wide range of sources and integrated with lively commentary. It enables students to gain a full understanding of public law by explaining the context of its historical development and current political climate.

Chased by wizards, Lizzy and Doyle escape the Kingdom of Eile. Saved by Everett and his friends, they discover a book that could answer questions and a mystical beast they thought only existed in children's tales. Lizzy and Doyle join up with Everett and his group and journey back to the Kingdom of Eile to find secrets deeper than imagined.

Daniel Nash struggles to reconcile his feelings of betrayal with his desire to understand his life. His hopes of uncovering the secrets revealed in his father's journals are quickly dashed, and he works with a private investigator to discover the truth. Worry about his wife, Sarah, combines with his efforts to cope with his childhood trauma, an unexpected death, and the recent revelations. His obsession with the past threatens to destroy his stable life. Meanwhile, Sarah and her father, Tristan, continue to combat the lingering discord that developed between them years before but refuse to take their main focus from Daniel. As he reviews his biological father's efforts to be a good man, Daniel searches for a way to comprehend shocking disclosures. He questions his own goodness as he fights not to emotionally withdraw from those around him, especially the two people he knows will always love him, Sarah and Tristan.

This book provides students with a basic understanding of

intellectual property law. Covering the six main areas of patents, copyright, industrial designs, confidential information, unregistered and registered trademarks, it places intellectual property in its wider context.

Gifts: A Study in Comparative Law is the first broad-based study of the law governing the giving and revocation of gifts ever attempted. Gift-giving is everywhere governed by social and customary norms before it encounters the law and the giving of gifts takes place largely outside of the marketplace. As a result of these two characteristics, the law of gifts provides an optimal lens through which to examine how different legal systems engage with social practice. The law of gifts is well-developed both in the civil and the common laws. Richard Hyland's study provides an excellent view of the ways in which different civil and common law jurisdictions confront common issues. The legal systems discussed include principally, in the common law, those of Great Britain, the United States, and India, and, in the civil law, the private law systems of Belgium and France, Germany, Italy, and Spain. Professor Hyland also serves a critique of the dominant method in the field, which is a form of functionalism based on what is called the *praesumptio similitudinis*, namely the axiom that, once legal doctrine is stripped away, developed legal systems tend to reach similar practical results. His study demonstrates, to the contrary, that legal systems actually differ, not only in their approach and conceptual structure, but just as much in the results.

The Constitution of India. By the Ministry of Law and Justice, The Govt. of India. Good book to possess.

U.S. Patent Prosecution for Support Staff is a practical desk reference, designed to promote ongoing learning and job proficiency for paralegals and secretaries assisting patent practitioners in submitting filings to the

United States Patent and Trademark Office. It presents complex filing requirements in an easy-to-follow format, and reduces volumes of information into concise, accessible learning points that will assist both novice and seasoned support staff alike as they work to develop or update the breadth and depth of their knowledge of U.S. patent prosecution. A comprehensive guide, U.S. Patent Prosecution for Support Staff provides a detailed step-by-step guide to the filing requirements for the most frequently filed activities in U.S. patent prosecution, as well as more novel filings. The content includes the most recent provisions of the America Invents Act, the American Invents Act Technical Corrections Bill, and the Patent Law Treaty.

This volume in the 'Core Text Series' covers the law of trusts, explaining from first principles what 'trusts' is about and providing the student with an understanding of the law and the important academic controversies surrounding it.

How should copyright exceptions be drafted? This is a question of ongoing concern in scholarly and law reform debates. In *Drafting Copyright Exceptions*, Emily Hudson assesses drafting options using insights from the standards and rules literature, and case studies from cultural institutions in Australia, Canada, the UK and the US. Drawing on thousands of hours of interviews conducted over fourteen years, the book describes how staff engage with and interpret the law. Whilst some practices are guided strongly by copyright doctrine, others are influenced by the factors such as ethical views, risk assessment, and prosaic matters related to

collection management. This work should be read by anyone interested in a detailed account of interpretative practices related to the drafting of copyright exceptions, but it also speaks to broader debates about the relationship between the 'law in books' and the 'law in action'.

Criminal Law provides a concise account of all the relevant aspects of criminal law in a manageable and thought-provoking way. Underpinned by the author's expert insight, this is an essential introductory guide to criminal law. In an area where case law is so integral to effective understanding of the different legal principles, Criminal Law provides numerous key case summaries to help students remember the key points of law, with an authoritative guiding commentary to help them think critically about and around the subject. Students are able to consolidate their own learning through supporting chapter summaries, further reading, and self-test questions throughout the book.

"Origins of an Idea defends the concept of 'original ideas,' as envisioned by our Founding Fathers, from the surge of attacks lodged against it by The Pirate Party, the Free Culture Movement, anti-SOPA proponets and others wou would have us do away with the concept of intellectual properties and the monopolies established by our U.S. Constitution. Mr. Shrum advances an apologetic for the concept of original expression of ideas, and maintains that owernship thereof is an inherent human right that is indispensable to the advancement of human progress" -- P. [4] of cover.

This seventh edition covers everything from the legal

definition of land to the essential elements in a lease or tenancy and the function of covenants in the planning of land use.

Horspool and Humphreys' European Union Law provides an overview of both the European institutions and main areas of substantive law in a concise volume. The authors convey clearly to the reader the key facts and principles of European Union law, making it an ideal first text for undergraduate and GDL EU courses. Its concise nature, focus on key areas, and self-test questions, also make this a useful revision text. The new edition has a larger format and layout to aid navigation, and includes a new chapter on environmental law, as well as useful updated suggestions for further reading at the end of each chapter.

When Aislinn Amon's father disappears, her mother drags her from New York to Indiana where she is to attend a new boarding school - Source High. At Source High, Aislinn finds herself in a whole other world than what she knew. Everyone has something supernatural about them, including her. Soon, she finds that she's not the normal, rebel, messed up teenage girl she thought she was. Her friends try to help her along the way when trouble comes knocking on her door. People die, she finds herself falling in love with, something she swore she'd never do, and secrets start to form. Can Aislinn cope with everything that's happening? Can she handle the life she's been forced to deal with? Or will she crack under the heavy pressures laid upon her seventeen-year-old shoulders? Home is where the heart is... Seven years after leaving town and the only girl he loved, Cooper still couldn't forget about Sophia. He had two loves. Music and the woman of his dreams. Coming back home proved that would always be

Read Free Land Law Core Texts Series

true. But things have changed. Now he has to gain her trust again if he wants to make her all his. The question is, did he lose his chance the first time? Some things are hard to forget... Sophia tried to stop loving Cooper and failed miserably. Despite the way he'd abandoned her seven years earlier, she can't seem to stay away, even though trusting him doesn't prove easy. One careless night could change it all and the secret she carries may ruin any chance of them being together. They say life is all about taking chances. But when opportunities are lost and love comes knocking the second time around, lives are changed forever.

The core principles of land law are articulated clearly in this new textbook, providing a framework through which students can gain a sophisticated understanding of the modern land law system. Emma Lees' expertise in research and teaching ensures all topics are thoroughly explained in a friendly and accessible style. The textbook uses a unique structure: "Chapter Goals" outline the key learning objectives while the core "Principles" are summarised to conclude each chapter with a comprehensive overview of the topic at hand. Key cases are explained while examples illustrate problems and possible solutions. Students understand how to accurately apply the core principles to land law scenarios, while also conducting their own critical analysis of the subject area. The author's enthusiasm is imbued in the writing style; students actively engage with the key debates and at the same time develop an appreciation of the subject as a whole. A comprehensive interpretation of this subject, *The Principles of Land Law* is the ideal companion to a course in land law. Online resources Bimonthly updates on recent law changes.

Unlocking Land Law will help you grasp the main concepts of the subject with ease. Containing accessible explanations in clear and precise terms that are easy to understand, it

Read Free Land Law Core Texts Series

provides an excellent foundation for learning and revising Land Law.
