

Laptops For Seniors In Easy Steps Windows 10 Creators Update Edition

The first time I heard the term "computer crash," I started worrying about the challenge of mastering these machines. Frankly I had all the gear but little or no idea on how to even get started. With no accelerator, no brake, not even a steering wheel, how was I going to control and do something useful with this computer? It doesn't have to be that way as long as you have the proper instruction. Get your first computer driving lessons from Computers For Seniors For Dummies. The For Dummies team is known for making even the most difficult subjects easy - and fun - to master. In this book, you find the ideal road map for finding your way around a personal computer, your PC (learnt something new already!) for the first time. Using Computers For Seniors For Dummies, you discover how to set up and fine tune your PC. You find out how to use Windows Vista - the petrol for your machine. Then the fun really begins! You can surf the vast world of the Internet to do anything from catching up on the latest news to finding out about a new hobby. (Be sure to visit me at www.stirlingmoss.com!) You can put your photos on the computer and share them with friends and family. You can play games. You can play music. You can shop for anything and everything under the sun. You can send greetings and gifts and join in online discussions. You can plan your vacations and print maps to your destination so you can get there without a wrong turn! And if you

run into trouble, Computers For Seniors For Dummies has a repair shop - a section on working out and fixing the problem. Computers open up a great world of possibilities. You should be a part of it. With Computers For Seniors For Dummies, you have the power to participate in that world. If I can learn to drive a computer, although I still have my "L" plates on, so can you! Lose your fear and take control of your new machine with Computers For Seniors For Dummies - the book that is easy and fun to use and prepared especially for you.

Laptops have often been seen as the domain mainly of students and businessmen. However, they are also an excellent option for senior users: their mobility means that they can be used in any location and with the advent of wireless technology they can be used in a variety of public places to surf the Web or keep in touch with family and friends. Laptops for Seniors in easy steps, 7th edition covers all laptops that use Windows 10. Laptops for Seniors in easy steps, 7th edition begins by looking at some of the ergonomic issues surrounding laptops and shows how to be as comfortable as possible when using them and transporting them. It then gives an overview of the workings of laptops, including the software that is provided with them and some of the most-used features in the Windows 10. Issues such as using your laptop on vacation and sharing it with other family members are then looked at, to show how laptops are versatile and family-friendly. The book shows you how to:

- Choose the right laptop for you
- Master the key features of Windows 10 on your Windows laptop
- Find your way

This short, easy-to-understand book helps seniors work through mental and emotional barriers to embracing a tech-rich life, and presents basic information about useful tech devices that match their needs and interests. ----- Are you hesitant to use a smartphone, computer, tablet, or ebook reader even though you see other seniors enjoying them? Do you feel confused about tech devices and unsure of how they might benefit you? Do you feel overwhelmed when you think about purchasing a device and learning how to use it? Is this what you've been telling yourself? "I'm too old." "I can't do it." "It's too difficult." "I don't like it. I don't want it. It's just not for me." "I'm a klutz--I'd break it." "I'm embarrassed to ask younger people for help." "I can't type." "I'm afraid." "I can't afford it." "I feel overwhelmed. I don't know where to start." As a senior and a technology enthusiast with a background in education, I've found a way to help other seniors defeat the self-talk barriers, discover new ways of connecting with people and information, and experience for themselves how technology can enrich their lives. Become a Tech-Active Senior is a short, easy-to-understand book that will: * Show you how to defeat the mental and emotional barriers caused by negative self-talk * Give you basic information about smartphones, computers, tablets, and e-readers while discussing their benefits * Offer resources you need in order to purchase a tech device and learn how to use it. Follow the advice in this book and you'll soon move from tech-timid, to tech-curious, to tech-smart. What's stopping you from experiencing a rewarding, tech-active life?

In the digital world there is sometimes one event that can propel a technology to the forefront of the public's awareness. In the case of video chatting this has been the Covid-19 pandemic. Video chatting has been used in one form or another for many years, but it was not until the pandemic that it became an invaluable tool for millions of people around the world for keeping in touch with family and friends. As with most forms of popular technology, there are a number of elements to consider to successfully engage with the video chatting revolution. These include:

- The different devices that can be used for video chatting.
- Getting connected for video chatting, both at home using Wi-Fi, and mobile connections for when you are out and about.
- Video-chatting apps that provide the means to communicate with family and friends.

Video Chatting for Seniors in easy steps is the ideal companion to help you navigate the expanding world of video communication. It covers the following areas:

- Finding the right equipment for successful video chatting.
- Following good etiquette so that your video chats go as smoothly as possible.
- Getting set up with your video-chatting apps.
- Undertaking video chats with individuals and groups.
- Using text chat to enhance the video-chatting experience.
- Making audio calls using video-chatting apps.
- A detailed look at the most popular video-chatting apps: FaceTime; Facebook Messenger; Facebook Portal; Skype; and Zoom.

Video chatting on a range of digital devices is very much here to stay and, with Video Chatting for Seniors in easy steps by your side, you will be able to fully embrace it and be communicating like an expert with sound and vision. Table of
