The Laws of Hope: The Light is Here is the 11th volume of Ryuho Okawa's Laws Series, originally published in Japan in 2006. Filled with words of inspiration and courage, this celebration of self-empowerment carries forth Okawa's sacred desire to deliver hope to the masses. Insightful themes explored in this text:- How to achieve dreams and hopes and recover from missteps- What is the mindset necessary to overcome a negative self-image and depression- What are the "Laws of Success" for personal growth?- How to apply the "Laws of Success" in the workplace?- What is our purpose and mission in life? Ryuho Okawa encapsulates our true purpose and heartens that we strive to overcome perceived limitations, so that we may actualize our individual "missions of light" to illuminate the world. As you endeavor personal and professional challenges, let The Laws of Hope ignite your inner torch with enduring ambition and a commitment to excellence.

Perhaps the most important section in Dan Millman's best-selling book, The Life You Were Born to Live was titled Laws that Change Lives. These laws, as described, were key to overcoming the specific hurdles on a given individual's life path. Different laws played critical roles for different paths. But the author considers these laws so central to all our lives that they needed a book of their own, and a more universal treatment, since anyone could benefit from applying any of these laws. As he writes: "Within the mystery of our existence, the universe operates according to spiritual laws as real as the law of gravity and as constant as the turning of the heavens. Aligning our lives to these laws can transform our relationships, careers, finances, and health. Simply put, they make life work better." The Laws of Spirit, Dan Millman's "little book of big wisdom," offers a teaching tale in which he encounters an ageless woman sage while on a mountain hike. There, in the wilderness, she takes Dan and his readers through experiences and tests in the natural world that demonstrate the power of spiritual laws of balance, choice, process, presence, compassion, faith, action, patience, , surrender, and unity. As the sage relates, "These laws belong to all of us. They rest within our hearts and at the heart of every religion and spiritual tradition." As you make your own journey through the pages of this book, you will find universal solutions to the varied challenges of our lives, leading to perspective and wisdom about the meaning and purpose of our lives here, and our connection with all of creation It begins with a single step: Open the first page of a book you will refer to again and again for inspiration and guidance on life's journey, up the mountain path.

In the early 1990s three friends sat together to practice the art of meditation. Soon they were joined by a wonderful lady, Olive, who was then in her early eighties. She had experienced phenomena at the age of five - "remote viewing". In her mind she could see events occurring far away and would tell her mother. On 18th May 1992 the friends had achieved a state of awareness for spirit to talk to them, Peter stood up for the first time. There then was the exciting first message - the first "Words from Spirit" of many more that followed.

Have you ever asked yourself what changed when you were "born again?" You look in the mirror and see the same reflection - your body hasn't changed. You find yourself acting the same and yielding to those same old temptations - that didn't seem to change either. So you wonder, Has anything really changed? The correct answer to that question is foundational for receiving from God. If you lack this basic understanding, you'll forever ask yourself doubt-filled questions like: "How could God love somebody like me?" and "How can I possibly expect to receive anything from the Lord? I don't deserve it, I'm not good enough!" Spirit, Soul, and Body will help you eliminate those and other doubt-filled questions that destroy your faith. If you have trouble receiving from God, this is a must-read!

Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control – from the author of The Laws of Human Nature. In the book that People magazine proclaimed “beguiling” and “fascinating,” Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence (“Law 1: Never Outshine the Master”), others teach the value of confidence (“Law 28: Enter Action with Boldness”), and many recommend absolute self-preservation (“Law 15: Crush Your Enemy Totally”). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, The 48 Laws of Power is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.

How does it happen? How does someone raised Roman Catholic find himself journeying to the spirit world, interacting with spirit guides, and performing soul retrievals? This book is Paul J. McAllister's answer to that question. What makes the book interesting is that, unlike many how-to shamanic books, My Journeys To The Spirit World focuses on the author's personal journeying experiences. Between June 2011 and June 2013 the author made approximately 200 journeys to the spirit world; journaling each visit immediately after it occurred. This book presents the thirty plus most memorable journeys. It includes details of his interactions with power animals and spirit guides, the intentions for each journey, and the beneficial results of contacting the spirit world. In Chapter One the author describes initial spirit contacts he had while vacationing in Hawaii in 2011. Back on the mainland two weeks later, Paul was awakened from a sound sleep by Hawaiian spirits and given the opportunity to follow a new path. He accepted their invitation. In Chapter Two, the author briefly describes his personal spiritual quest. Following Catholicism into adulthood, the author's life took a turn into alternative spiritual ideas including years spent studying Rosicrucianism, Buddhism, Transcendental Meditation, the Order of the Golden Dawn, and ultimately shamanic practice. Chapter Three relates how he began journeying on his own. The author describes purchasing Awakening to the Spirit World by Sandra Ingeman and Hank Wesselman, reading their instructions on journeying, and using the accompanying CD to journey easily into and out of the spirit world. After

several months, he decided to verify his experiences and signed up for a class titled "Introduction to Shamanic Journeying" by Lauren Torres, a certified teacher of shamanic practices. Chapters Four and Five describe the author's success in confirming his own experiences through that training. Paul describes his journeys during four shamanic training courses as well as his own personal journeys during this timeframe. The author uses Chapter Six as an introduction to the process of healing by describing his experiences during three years as a practitioner of chakra healing. This chapter also sets the stage for discussions of soul retrievals and soul retrieval training which are covered in Chapter Seven. Chapter Eight describes four soul retrievals and includes positive post retrieval comments from each of the clients. Chapter Nine discusses the use of drums, rattles, dreams, omens, other forms of divination, and how these tools compliment healing and soul retrievals. Chapter Ten focuses on a discussion of our outmoded definition of reality, the fact that journeying is the inherent right of all human beings, and how journeying will help us discover our individual purpose which in turn will help us implement the destiny of all humanity. My Journeys To The Spirit World, is not a dry, intellectual approach to shamanic journeying. Rather it is an exciting, sometimes emotional retelling of the author's personal view of the journeying process. It is the wonderful culmination of a life long spiritual search.

By sharing true and detailed accounts of his experiences, Okawa shows how the other world can be as real as our life in this world. This unique and authentic guide to the spirit world will awaken us to the truth of life and death, and show us how we should start living so that we can return to a bright world of heaven.

Do all things end in death? Is there an imaginable afterlife? "Life in the Spirit World" provides a unique perspective and tangible affirmative answers to these age-old questions.

This publication awakens the believer to a myriad of spiritual laws and principles of God which he can take advantage of and enter deeper realms of the spirit. It is worth exploring the divine truth that there are laws and principles that God has put in place by which He governs the universe. These are categorically physical laws which govern the natural realm and spiritual laws which govern the realm of the spirit. For example, there is a law of gravity which stipulates that if you throw an object up in the air, it will evidently crash back onto the earth; the law of floatation which allows ships and boats to float on water, the law of aerodynamics that enables aeroplanes to fly and the law of electricity which helps us generate heat and light energy. The reality is that when we operate in obedience to these physical laws within nature, we reap positive results but when we violate them, the repercussions are severe. However, as much as there are physical laws, there are also spiritual laws which are the highest class of laws governing and controlling the entire universe. In the spiritual realm, God has established a court system with laws, principles and divine protocols which functions just like the court system of the natural realm. Just like physical laws, when we cooperate with these spiritual laws, we reap alarming results but when we violate them, we face the consequences. It's a pity that most people do not understand the operation of these divine laws and protocols, which explains why the devil ends taking advantage of their ignorance, thus gaining a legal foothold that grants him the right to ensnare them into debilitating circumstances of poverty, sickness and defeat. There are certain principles that one can tap into in order to walk into the deeper realities of God's power. Just like there are laws of gravity which governs how to operate in the natural realm, there are also spiritual laws that govern the spirit realm or how to operate in the realm of the miraculous. These laws of the supernatural complement each other and are progressions to enter into the greater depths of God. Each of these laws has a specific manifestation that produces something special. However, it is unfortunate that many believers are failing to operate in the realm of the miraculous because they do not understand spiritual laws and principles which they could take advantage of to generate positive results. Spiritual laws and principles are therefore vital keys that unlock the doors into the supernatural and accentuate an avenue through which the power of God can flow. It is a typical scenario in the body of Christ that so many people have the power but they do not know how to release it. Having the power is one thing and knowing how to tap into the realm of God to release that power is a completely different reality. In the church of Jesus Christ today, God has invested upon believers' tremendous, overwhelming and explosive power and authority but that power is not released as it should because of lack of understanding of spiritual laws and principles governing the realm of the spirit. They have the exousia power but they are not realizing how to tap, activate and exercise it. Failure to tap into the realm of power is what is allowing their homes to be plundered by the enemy without taking authority against it just like Adam allowed the serpent to tempt Eve and deceive her in his presence. It has been noted that a lot of Christians are allowing Satan to dominate their lives and wreak havoc in their families while they are busy crying to God for help. Learning how to tap into the set spiritual laws and principles is therefore vital in birthing forth supernatural manifestations of God's power. You are definitely guaranteed to launch into the greater depths of the miraculous if these spiritual laws and principles are correctly applied, practised and activated.

For the first time, understand the secrets of the spirit world and the universal spiritual laws which govern it. Find answers to your questions about the purpose of life. After reading this book, you will be more fully to experience abundant blessings and joy on earth, and forever in the spirit world.

A Guide to a Loving, Healthy Life and World We all want to have a loving, abundant and healthy life, so we should know the laws that truly guide us to achieve the life and evolvment God meant for us to have. Universal Spiritual Laws (USL) are the unbreakable God given laws that created and govern the physical and spiritual universes. This book presents the primary USL (Love) and numerous secondary laws that all relate to the primary law. Over many generations, unfortunately, mankind has replaced God's USL with their own self-serving laws, leaving our world in the condition it is today. The USL were given to me by a highly spiritually evolved Goddess of Motherhood, Mercy and Compassion, Quan Yin (see image) through a very gifted and evolved medium, Reverend Beverly Burdick-Carey. The spiritual source by-passes the human negative thinking, ego and desire for power and gives only truth. Your thoughts, words and deeds, whether positive or negative, cannot escape USL and determine our physical and spiritual life and evolvment which is our purpose here on earth. Since we create our own life's path, follow the USL in a positive way to avoid having to repeat needed life lessons and speed your evolvment and have a more ideal life. How you follow the USL is your choice. It is also extremely important to know and understand that WE ARE ALL A PART OF GOD and

GOD IS ALL. Good health is very important in life and with forty years of medical and spiritual study and practice, I have learned that our life plans and health are created by our own mind, beliefs and soul. Therefore I chose to briefly cover the healing aspects of each USL to help you improve your health and healing. Use the knowledge, wisdom and truths given to me that comprises this book to better your physical and spiritual evolvment, healing and life. You can summarize this book in two words, UNCONDITIONAL LOVE, but you need to learn, study and follow the USL to reach it. Know the truth and truth will set you free. Keep an open mind and heart and start with small steps and I wish you Love and Light.

WITH A BRAND NEW LOOK! ON FEBRUARY 22, 1980, KHORSHED AND RUMI BHAVNAGRI'S WORLD WAS SHATTERED. ONE MONTH LATER, A NEW ONE OPENED. Khorshed and Rumi Bhavnagri lost their sons, Vispi and Rato, in a tragic car crash. With both their sons gone, the couple felt they would not survive for long. They had lost all faith in God until a miraculous message from the Spirit World gave them hope and sent them on an incredible journey.

Rev. 2:7 'He that has an ear, let him hear what the Spirit says unto the Churches.' He says it to each of the seven churches giving them warning as to what will happen if they don't listen. Later in the same book, he says something that opened my understanding to the reason people don't hear. He says, 'If any man have an ear, let him hear.' This indicates to me, the Spirit will no longer be speaking to people because He is no longer in the world. Those left behind will only be able to hear with the natural ear what is going on around them. I would warn the church to listen NOW while there is still time to hear the Spirit and obey the Lord. There is coming a time when the Spirit will no longer speak to the hearts of man, for judgment will be falling on the world who would not listen. It will be a time of famine of the Word. I pray the church wake up now. Don't be like the five virgins, who feel asleep with no oil in their lamps and woke up left behind. Now is the day of salvation, now is the day to listen with the ear of the Spirit and have a Holy Spirit encounter that will change your life. You can't change yourself, you can only die to the self life and grow in the God life the savior provided for you at the cross. Living in the Last Days is not a popular phrase, but it is what is happening. We have no leadership, and preachers are preaching to itching ears and tickling ears. Hearts are cold or very lukewarm with no attention span to help one another to grow. Evil is growing and good people are doing nothing because they are too busy, to overworked, to far asleep. 666 is now here and is going to be required by government and good people are doing nothing because they don't care, don't see what it happening right in front of them. The evil that is in the middle east will be in American unless people wake up and listen with the ear of the Spirit and do it soon.

In this day of the revival of "Spiritism," when so many, through the loss of loved ones in the "Great World War," are longing to communicate with the dead, and are resorting to forbidden means to that end; a day in which science is trying to discover whether there is another world than this, and whether men live after death, and if so can they communicate with the living, it seems timely that a book should be written to show what the Holy Scriptures have revealed of the "World of Spirits." The Bible has much to say about the "Spirit World," and if we will carefully search its pages we shall know all there is to be known in this life of the "World to Come." For if men will not listen to Moses and the Prophets, they will not be persuaded though one rose or came back from the dead. Luke 16:31. - Foreword

The Spirit of the Laws is, without question, one of the central texts in the history of eighteenth-century thought, yet there has been no complete, scholarly English-language edition since that of Thomas Nugent, published in 1750. This lucid translation renders Montesquieu's problematic text newly accessible to a fresh generation of students, helping them to understand quite why Montesquieu was such an important figure in the early enlightenment and why The Spirit of the Laws was, for example, such an influence upon those who framed the American constitution. Fully annotated, this edition focuses attention upon Montesquieu's use of sources and his text as a whole, rather than upon those opening passages towards which critical energies have traditionally been devoted, and a select bibliography and chronology are provided for those coming to Montesquieu's work for the first time.

Have you ever wondered why multitudes of people are entrapped in a morass of debilitating circumstances of poverty, lack, sickness, defeat and other webs of demonic entanglement? In this publications, Apostle Frequency Revelator unpacks the divine truths that many of God's people are agonized in this manner simply because of their lack of understanding of the spiritual laws governing the legal realm in which we operate. The truth is that the severity of a man's situation isn't the problem but rather, his ignorance of spiritual laws in his bane. In the natural realm, any man who doesn't understand the demands or requirements of the law or does not seek legal counsel with regard to a legal matter levied against him in the court of law can actually loose the case simply because he lacks legal knowledge. In some quarters of the society, others have gone to the extent of being detained in jail for the crimes they never committed simply because they lacked legal representation in the court of law. As it is in the natural, so it is in the spiritual realm. In this publications, Apostle Frequency Revelator unpacks the reality that dozens of believers suffer tragedies and face calamities in their lives simply because they are completely lost at sea as to how to take advantage of spiritual laws as constituted in the Word of God. In some instances, multitudes of folks have gone to the extremes of frustration and aborting their God-given destinies simply because they are still sailing their boats through shallow streams of spiritual understanding as far as spiritual legal matters are concerned. This is to tell you that spiritual laws are vital keys that unlock the doors into the supernatural and accentuate an avenue through which divine substances can be transacted to the natural realm. In retrospect to the spiritual legal realm, there are laws and principles that God has put in place by which He governs the universe and extricably controls every fabric of creation in his hand. These are categorically physical laws which govern the natural realm and spiritual laws which govern the realm of the spirit. In the natural realm, the term, "law" alludes to a body of legal principles that govern the moral conduct of humanity in a particular country. Natural

laws govern the natural realm and the principles by which humanity interacts with other domains of life on the earthly realm. For example, there is a law of gravity which stipulates that if you throw an object up in the air, it will evidently crash back onto the earth; then there is a law of flotation which allows ships and boats to float on water, then there is a law of aerodynamics that enables an aeroplane to fly and the law of electricity which helps us generate heat and light energy. The reality is that when we operate in obedience to these physical laws within nature, we reap positive results but when we violate them, the repercussions are severe. In a similar vein in which there are laws of gravity which governs how to operate in the natural realm, there are also spiritual laws that govern the spirit realm or how to operate in the supernatural. As much as there are physical laws, there are also spiritual laws which are the highest class of laws in the universe governing and controlling the operation of humanity in the realm of the spirit. These are spiritual legal principles that one can tap into in order to manoeuvre your way through the corridors of the spirit world, to manifest the reality of God's power in the natural realm. However, failure to master the art of operating in congruence with these spiritual laws has far reaching spiritual consequences, one of which is setting oneself up for extreme disadvantage. Hence, it is imperative that you master the art of how to unlock the destinies of people's lives and nations from the legal dimension of the Spirit. The key is in understanding the judicial system of the spirit realm as it runs parallel to that of the natural. Watchman Nee's writings have become well known for their deep spiritual insight among Christians in many nations for many years. Through these volumes a full understanding of his balanced and proper view concerning the Bible and the spiritual life can be accurately appreciated. This new compilation and retranslation of Watchman Nee's writings present the reader a fresh and unedited version of his ministry and promises to shed new light on the reader's understanding of Watchman Nee's ministry.

This book is a story about my life and how the supernatural gift to "See" helped sustained and strengthened me through the many hardships and poverty in my life's struggles.

It talks about trance, somnambulism, possession, clairvoyance, the out-of-body experience, fascination, psychometry and the mediumship of physical effect, among others. It is a technical study of great relevance, which discloses the ways in which Spirits act during intricate processes of communication with the incarnates. It relays concepts of spirituality, received from enlightened mentors, contained in explanations of philosophical, scientific and evangelical nature, indispensable to those who dedicate to the study of mediumship.

Allan Kardec's supreme handbook about the world of the spirits and the movement of Spiritism is a valuable and insightful guide to existences beyond our corporeal realm. In the mid-19th century, Allan Kardec was a noted scholar working in Paris with qualifications in the medicine and the natural sciences. A fashionable trend at the time was seances; something which Kardec undertook with enthusiasm. Struck by the results of the process, he commenced to write several studies which would prove popular among those convinced in the power of spirits to demonstrate influence or power. Kardec begins this work by delving into the historical significance of spirits, their connection with God and the physical universe. How spirits are situated in the world, and how they move unseen between the planes of existence, is discussed. The second part concentrates on *The Spirit World* in greater detail. The types of spirits and how they are incarnated are detailed, with Kardec proposing that several distinct planes of existence are extant, and that most individuals proceed through life without knowing or seeing their influence. A chapter is devoted to how spirits might intervene in our everyday, corporeal world. Often these excursions have a purpose; the spirits are on a mission to inform someone, or change something, that harmony may be restored. The third part concerns the ten, eternal and unchanging moral laws which govern both humanity and the spirits. Proclaimed by God, these laws offer insight into the behavior of the spirits, who largely seek to conform to these laws. Through spiritual consultations we may learn more about the moral laws, that we grasp the truths behind good and evil. Each of the laws receives a thorough examination by the author. The fourth, concluding part of this book discusses how people may treat their knowledge of the spirits. Although we are subject to Earthly joys, sorrows, good fortune and misfortune, the knowledge that spirits are present is a consolation from the hardships of existence. The book is arranged so as to pose a series of questions, which the author then answers. This format is retained for the entirety of the work, with a total of over one thousand questions regarding spirits answered. The reader will emerge knowledgeable and poised to begin their own investigations into the spiritual realms beyond our own.

Rosemary Altea, the internationally renowned medium and healer known to millions worldwide as "The Voice of the Spirit World," offered proof of life after death in *The Eagle and the Rose*. *Proud Spirit (TM)* takes readers further along the path, exploring opportunities for spiritual growth in everyday life. Rosemary's storytelling skills inspire us as she recounts the

time Christ laid his hands atop her own as she gave healing. Her spine-tingling tales of being visited by a group of spirit-world children and invited to a midnight picnic in a haunted house add awe, mystery, and magic to her work. Profound spiritual truths emerge: the need to know, value, and be gentle with ourselves, to be proud spirits who always quest for self-worth and that which lies within.

An account of Hegel's political insights and their contemporary relevance. Drawing from a variety of Hegel's writings, Shannon Hoff articulates a theory of justice that requires answering simultaneously to three irreducibly different demands: those of community, universality, and individuality. The domains of "ethicality," "legality," and "morality" correspond to these essential dimensions of human experience, and a political system that fails to give adequate recognition to any one of these will become oppressive. The commitment to legality emphasized in modern and contemporary political life, Hoff argues, systematically precludes adequate recognition of the formative cultural contexts that Hegel identifies under the name of "ethical life" and of singular experiences of moral duty, or conscience.

Countering the perception of Hegel as a conservative political thinker and engaging broadly with contemporary work in liberalism, critical theory, and feminism, Hoff focuses on these themes of ethicality and conscience to consider how modern liberal politics must be transformed if it is to accommodate these essential dimensions of human life.

The life force, also known as "spirit," is the essence of being and the conscious and most important form of energy. Living energy is personal and within our conscious control, and by learning about it, we can use it to transform our life into vibrant and meaningful expressions of who we really are. Consciousness is purely energetic and therefore difficult to quantify in mechanistic terms. It is the characteristic of living energy and is the foundation of awareness. Consciousness is the thread running through all life. Living Energy is an introduction to the process of mystic spirituality. The reader is encouraged to attain a deep and meaningful connection to the divine with expanded awareness. The principles given in this book are equally relevant to the novice and the advanced practitioner. Robert explains how we may reveal our hidden potential by shifting our perception away from what is customary and comfortable to open the doors to greater spiritual awareness.

No class of works is received with more suspicion, I had almost said derision, than those which deal with Science and Religion. Science is tired of reconciliations between two things which never should have been contrasted; Religion is offended by the patronage of an ally which it professes not to need; and the critics have rightly discovered that, in most cases where Science is either pitted against Religion or fused with it, there is some fatal misconception to begin with as to the scope and province of either. But although no initial protest, probably, will save this work from the unhappy reputation of its class, the thoughtful mind will perceive that the fact of its subject-matter being Law--a property peculiar neither to Science nor to Religion--at once places it on a somewhat different footing...

According to Okawa, when more people can accept the spiritual Truth revealed in The Laws of Secret, the world will become more beautiful, and will be filled with more delight.

William Walker Atkinson's Thought Vibration is a classic treatise of new age philosophy. Atkinson examines the nature of mental thought and its power to affect one's life in a thought-provoking discourse that elucidates the power of positive mental thought. The New Thought movement of the early 20th century vehemently believed in the concept of 'mind over matter,' and one of the most influential thinkers of this early 'New Age' philosophy promises to show you how to harness the extraordinary mental powers you already possess.

This book is a survey of what I have learned via reading books psychographed by Spiritist mediums, other mediums, observing during Spiritist medium's meetings, receiving messages from spirits and talking to other Spiritists. This book is not meant as a documented exhaustive study of all available materials from the other side. In my other books, I quote from spirit sources and explain what was told to us via Spiritist mediums. In my accumulation of fourteen books, I have written to date, I have usually adopted the process of quoting a pertinent message and then expounding and expanding upon it, with other spirit sources and my analysis. All with a bibliography and footnotes. In this book I shall take a more informal approach. It shall be more of a survey and explanation about the spirit realm I place before you. A conversation backed by years of study and research, but nevertheless, largely my own opinion, after sifting through a myriad of sources and experiences. The Spirit Realm - Spiritism has Revealed the Reality of Our Existence is divided into four sections: 1. The Organization of the Universes 2. The Residents of the Universes 3. Spiritual Ascension 4. The Future I do not pretend that I am accurate. I believe I am directionally correct, and only that. We are so immature, spiritually young, and generally ungifted that we are incapable of real understanding of the spirit realm. But this does not stop me from offering my own thoughts of what I believe is the certainty of our existence. The true reality in which we live, die, and live again for

eternity, until we no longer need to incarnate in a physical body, is far beyond what most of us can imagine. The laws of physics mostly do not apply. The concept of time and distance are altered, and the landscape itself reacts to directives from high spirits and collective thoughts. Spirits are logical constructs, who for training purposes inhabit temporary physical bodies in order to learn required and valuable lessons to alter their personalities for the better. All of this sounds beyond the realm of plausibility. But, as the spirit universes unfold, the logic becomes apparent and our place within it fully explains the chaos and inequalities of our planet and of our ups and downs of our life. With understanding and knowledge comes wisdom and tranquility. Once you start the journey of discovery of who you truly are and the real worlds you shall exist in, a doorway of light opens and begs you to step in to feel the love that surrounds you during your ascent to become a pure spirit.

This is not just a book just to be READ - it is a book to be SAID! "Death and life are in the power of the tongue, and they who indulge in it shall eat the fruit of it [for death or life]." Proverbs 18:21 If I could hand you a key that is guaranteed to change your life and circumstances; a principle that places the supernatural power of God on tap for every situation in your life and ministry, would you want to know what it is? Sometimes people shroud the simplicity of the gospel in a mess of religious rhetoric and theological confusion. Thankfully the Scriptures make plain and simple how we are to engage with God and receive and release His transforming power consistently in our everyday lives. In this practical Spirit-filled series of books, pastor and Bible teacher, David Lee Martin, unpacks the amazing truth concerning the power of the words that you speak, and shows clearly how you can apply this truth to change your world, and the world of those around you. This Edition: COLOSSIANS The book of Colossians is a book of putting off the old, and putting on the new. The truths you are about to declare will uproot all that hinders you in your walk with God and with others, and firmly establish your present and true identity in Christ. Take the words on the following pages, salt them with your own thanksgiving, and let God's love and grace touch the very depths of your being. The Benefits of Applying the Word As with several of my other books, this one is intended to be applied. It's words and message are impotent if they are not vigorously acted upon. The 'His Word My Word' series of books take eternal truth and shape it for application right here and now! This series of books will train your tongue by planting the Word in your heart, and harnessing your testimony (the confession of your mouth) with the law of liberty - the perfect Word of our Father. Just a few the benefits you can expect as you act on what you read, and become a doer of the work include: -It renews the mind, building into your consciousness and expectation new truths to live by. -It moulds your vocabulary, harnessing your tongue to speak only those things God (and you) desire for your life. -It conforms your thoughts and words to His thoughts and Words. -It gives expression to the mind of Christ in any and all situations. -It raises our perspective from earthly to heavenly, from below circumstances to above them. -It banishes wrong thinking and emotions, replacing them with God's own thoughts - our emotions will always follow our thinking, and our thinking will follow the deposit in our heart, and the words of our mouths. -It gives you an actionable principle you can apply to combat any adversity you face with confidence. -It establishes Godly boundaries in your life. -It overcomes the devil's plans and purposes because you are never in agreement with him, and they cannot be established. -It develops new pictures of ourselves, ones that are shaped by God's unchanging love for us. -It equips us with the necessary weapons for the Holy Spirit to bring to our remembrance what is needed to overcome, any time our mind, body or spirit come under attack. -It brings every thought into captivity and conformity to Christ, resulting in increased spiritual authority in the spirit realm and in relationships and ministry. -It is health to our flesh and strength to our bones. There are many more wonderful benefits that flow from disciplining ourselves to speak the Word only, but I am sure that you already you agree, any investment we need to make putting this into practice is far outweighed by the promised returns. It is truly life changing, and a spiritual principle that will stand the test of time and every challenge that is thrown at it.

This amazing work, first published in 1909, is divided into five parts. The first is a discussion of ancient beliefs and the unifying truths that are found in all of them. The second concentrates on the basic concepts of spiritism such as the immortality of the soul, the purpose of life, reincarnation, God, and death. The third section explores deeper spiritist concepts such as fluids and magnetism, spiritual phenomena, nature and science, evolution of the spirit, dangers of Spiritism, and charlatanism. The fourth part discusses related topics to the spiritual world such as errant souls, higher life, inferior spirits, providence, free will, and hell. The last section discusses ethical topics such as moral life, faith, consolation, wealth, poverty, and charity.
