Do you ever wonder why some people get to achieve their dreams whereas some people

never even get close to that? Well this book will help you learn how to embrace positive thinking in order to achieve success in your life. So, what makes the difference between someone who seems to get things done, achieve success, and seem to have it all and someone who does not seem to get things done? Well, the one thing that has a huge impact on whether you pursue your dreams or not is your mind. While your mind is a very powerful organ, if you don't harness its full potential, then you will not live the kind of life you desire. Think about it; when your mind believes that you are already defeated, no amount of practice or training can make you believe otherwise. In fact, even when people keep telling you that you can do it, when your mind thinks you can't, you won't make any significant progress in whatever it is you wanted to do. So in essence, the secret to success in life lies in harnessing the power of the mind. If you are fully aware of that but find it hard to use your mind's unlimited power to unleash your full potential, this book will help you to achieve just that. If you are looking for actionable information on how to harness the power of the mind to transform yourself, then this book will teach you how to unleash the full power of your mindset to transform your life.

When Steve's friends Max, Lucy, and Henry get their hands on a map with the location of the legendary Mine Mountain, Steve questions if the map is a fake. Going to this fabled mountain, rumored to contain an endless supply of diamonds, is every treasure hunter's dream. Many believe the mountain doesn't exist, and although Steve is doubtful about the map's authenticity, the gang convinces Steve and Kyra to embark on a journey to find this magical mountain. On their trip, Steve and his friends stumble upon a town filled with friendly folk. While there, they meet other treasure hunters who are also searching for Mine Mountain. As the group joins forces with their new treasure hunter friends, creepers attack them. The closer they get to the famed mine, the more creepers appear. The group doesn't know if this is the work of a griefer or if the creepers are trying to hide something. Will they stop the creeper attack? Will they get the diamonds? And should Steve and his friends trust these new treasure hunters? It's a test of trust in this journey for treasure. His family moves so much for his dad's work that it's easier to keep his head down and not get attached to anyone. He'll be gone in a few months anyway. But when they end up in Los Angeles, Dad promises this will be the last time they move. The Pacific Crest Apartments are home now... which means it's time for Jake to finally make friends. Jake isn't sure he should count the two kids he meets at the apartment's community centre as friends, though. Tank Vuong is a large and intimidating boy who hangs with a tough crowd, and Emily Quesada is a fashionista who's quick with a sarcastic remark. But when he discovers an old computer lab in a forgotten corner of the community centre, with a strange Minecraft server containing cryptic riddles, he realises he's going to need help cracking the code—because at the end of the summer, the community centre will be demolished, and all hope of solving the mystery will go with it. Following the hints left by an enigmatic figure known as The Wizard, the trio journeys into the dangerous depths of the ocean, where uncanny creatures lurk and untold treasure awaits...
