'It is impossible to explain why Yevgeny chose Liza Annenskaya, as it is always impossible to explain why a man chooses this and not that woman.' This collection of eleven stories spans virtually the whole of Tolstoy's creative life. While each is unique in form, as a group they are representative of his style, and touch on the central themes that surface in War and Peace and Anna Karenina. Stories as different as 'The Snowstorm', 'Lucerne', 'The Diary of a Madman', and 'The Devil' are grounded in autobiographical experience. They deal with journeys of self-discovery and the moral and religious questioning that characterizes Tolstoy's works of criticism and philosophy. 'Strider' and 'Father Sergy',

as well as reflecting Tolstoy's own experiences, also reveal profound psychological insights. These stories range over much of the Russian world of the nineteenth century, from the nobility to the peasantry, the military to the clergy, from merchants and cobblers to a horse and a tree. Together they present a fascinating picture of Tolstoy's skill and artistry. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. The Death of Ivan Ilyich was first published in 1886. It is a novella by Leo Tolstoy. It is one of Tolstoy's most celebrated pieces of late fiction. This work stems in part from Tolstoy's anguished intellectual and spiritual struggles which led to his conversion to Christianity. Central to the story is an examination on the nature of both life and death, and how man can come to terms with death's very inevitability. The novella was acclaimed by Vladimir Nabokov and Mahatma Gandhi as the greatest in the whol

NEW YORK TIMES BESTSELLER • From the Booker Prize–winning author of *Lincoln in the Bardo* and *Tenth of December* comes a literary master class on what makes great stories work and what they can tell us about ourselves—and our world today. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY *ESQUIRE* • “[A] worship song to writers and readers.”—*Oprah Daily* For the last twenty years, George Saunders has been teaching a class on the Russian short story to his MFA students at Syracuse University. In *A Swim in a Pond in the Rain*, he shares a version of that class with us, offering some of what he and his students have discovered together over the years. Paired with iconic short stories by Chekhov, Turgenev, Tolstoy, and Gogol, the seven essays in this book are intended for anyone interested in how fiction works and why it’s more relevant than ever in these turbulent times. In his introduction, Saunders writes, “We’re going to enter seven fastidiously constructed scale models of the world, made for a specific purpose that our time maybe doesn’t fully endorse but that these writers accepted implicitly as the aim of art—namely, to ask the big questions, questions like, How are we supposed to be living down here? What were we put here to accomplish? What should we value? What is truth, anyway, and how might we recognize it?” He approaches the stories technically yet accessibly, and through them explains how narrative functions; why we stay immersed in a story and why we resist it; and the bedrock virtues a writer must foster. The process of writing, Saunders reminds us, is a technical craft, but also a way of training oneself to see the world with new openness and curiosity. *A Swim in a Pond in the Rain* is a deep exploration not just of how great writing works but of how the mind itself works while reading, and of how the reading and writing of stories make genuine connection possible.

This book straddles the fertile middle ground between science and religion at a time when the conversation is dominated by extremists on both sides. Taking seriously the modern view of the universe, including the fossil record for the history of life across millions of years, the author considers our relationship to the rest of nature. In addition, the age-old questions concerning meaning, values, and our place within it all are perhaps more pressing than ever before. This work provides a broad engagement with major ideas, including evolution and earth stewardship, while drawing upon a rich heritage of philosophy and literature and doing so in a manner accessible to the general reader. "Anna Karenina" and "War and Peace" branded Tolstoy as one of the greatest writers in modern history. Few, however, have read his wonderful short stories. Now, in one collection, are the 20 greatest short stories of Leo Tolstoy, which give a snapshot of Russia and its people in the late nineteenth century. A fine introduction is given by Andrew Barger. Annotations are included of difficult Russian terms. There is also a Tolstoy biography at the start of the book with photos of Tolstoy's relatives. The stories include: A Candle, After the Dance, Albert, Alyosha the Pot, An Old Acquaintance, Does a Man Need Much Land?, If You Neglect the Fire You Don't Put It Out, Khodinka: An Incident of

the Coronation of Nicholas II, Lucerne, Memoirs of a Lunatic, My Dream, Recollections of a Scorer, The Empty Drum, The Long Exile, The Posthumous Papers of the Hermit Fedor Kusmich, The Young Tsar, There Are No Guilty People, Three Deaths, Two Old Men, and What Men Live By. Read the 20 greatest short stories of Leo Tolstoy Today!

It is universally acknowledged that Leo Tolstoy, author of War and Peace and Anna Karenina, was as much a master of the short story as of the full-length novel. This original collection, which features some of his most hard-to-find tales, will enchant longtime enthusiasts of Tolstoy's work as well as new readers. "The Forged Coupon" traces how an act of deception leads to both murder and redemption. "After the Dance" depicts an army deserter's punishment and explores the subjective nature of opinions on good and evil. "Alyosha the Pot" profiles a simple man content to live according to others' expectations. "A Prisoner in the Caucasus" undermines the romantic conceptions associated with the region in particular and with war in general. "The Bear Hunt" forms a cautionary tale of acting in anger; "Two Old Men" suggests that the best way to honor God is to love and care for other people; additional stories include "The Raid," "The Snow-Storm," and "The Godson."

Hailed as one of the greatest novels of all time and a classic of world literature, War and Peace is a tale of strivers in a world fraught with conflict, social and political change, and spiritual confusion, Tolstoy's magnificent work continues to entertain, enlighten, and inspire readers around the world. Both an intimate study of individual passions and an epic history of Russia and its people, 'War and Peace' is nothing more or less than a complete portrait of human existence. Among its many unforgettable characters is Prince Andrey Bolkonsky, a proud, dashing man who, despising the artifice of high society, joins the army to achieve glory. Badly wounded at Austerlitz, he begins to discover the emptiness of everything to which he has devoted himself. His death scene is considered one of the greatest passages in Russian literature. Terror swiftly engulfs the country as Napoleon's army marches on Russia, and the lives of three young people are changed forever. The stories of quixotic Pierre, cynical Andrey and impetuous Natasha interweave with a huge cast, from aristocrats and peasants, to soldiers and Napoleon himself. In War and Peace (1868-9), Tolstoy entwines grand themes—conflict and love, birth and death, free will and fate.

A king visits a hermit to gain answers to three important questions.

In his book, 'Twenty Three tales, ' we see Tolstoy's love of the short story, whether for children or adults; and witness the secret of simplicity and transparency of style, so evident in the great Russian writers. The children's stories remind us of Tolstoy's life-long passion for the schooling and education of peasant children. Of the adult stories, some draw on traditional Russian folk tales, breathe the air old peasant wisdom, and take us deep into the land of snow, bears, heartache and vodka. Other stories reflect Tolstoy's political and moral concerns, such as war, alcohol and greed. 'The artist of the future, ' wrote Tolstoy, 'will understand that to compose a fairy tale; a little song which will touch; a lullaby or a riddle which will entertain; a jest which will amuse or draw a sketch such as will delight dozens of generations or millions of children and adults, is incomparably more important and more fruitful than to compose a novel, or a symphony, or paint a picture of the kind which diverts some members of the wealthy classes for a short time and is then for ever forgotten. The region of this art of the simplest feelings accessible to all is enormous, and it is as yet almost untouched.' 'Work while ye have the light, ' is Tolstoy in teaching mode. The opening scene is an aristocratic dinner party, at which all

the guests declare themselves dissatisfied with their dissolute and useless lives; but find a thousand different reasons why nothing should change. There follows a moral tale, set in the 1st Century AD, when the new Christian sect was just getting noticed by the prevailing Roman Empire. It tells the story of two school friends, Pamphilius and Julius, who take different paths in life; but whose paths keep crossing. Pamphilius joins the Christians, living poor in community, while Julius acquires status and power. Here Tolstoy gives us his picture of authentic Christianity; and gives Julius a choice. A work unprecedented in world literature, this unique volume contains a new translation of Lev Tolstoy's controversial novella *The Kreutzer Sonata*, which was initially banned by Russian censors. In addition, available to English readers for the first time is a fascinating and previously neglected constellation of counterstories written by the author's wife and son in direct response to Tolstoy's provocative tale, each a passionate attempt to undo the message of the original work. These radically conflicting tales, accompanied by excerpts from family letters, diaries, notes, and memoirs, provide readers with a vivid and highly revealing case study of the powerful disputes concerning sexuality and gender roles that erupted within the cultural context of late-nineteenth-century Russian, as well as European, society.

Expanding the world of his classic-in-the-making debut novel *Early Work*, Andrew Martin's *Cool for America* is a hilarious collection of overlapping stories that explores the dark zone between artistic ambition and its achievement. The collection is bookended by the misadventures of Leslie, a young woman (first introduced in *Early Work*) who moves from New York to Missoula, Montana to try to draw herself out of a lingering depression, and, over the course of the book, gains painful insight into herself through a series of intense friendships and relationships. Other stories follow young men and women, alone and in couples, pushing hard against, and often crashing into, the limits of their abilities as writers and partners. In one story, two New Jersey siblings with substance-abuse problems relapse together on Christmas Eve; in another, a young couple tries to make sense of an increasingly unhinged veterinarian who seems to be tapping, deliberately or otherwise, into the unspoken troubles between them. In tales about characters as they age from punk shows and benders to book clubs and art museums, the promise of community acts—at least temporarily—as a stay against despair. Running throughout *Cool for America* is the characters' yearning for transcendence through art: the hope that, maybe, the perfect, or even just the good-enough sentence, can finally make things right.

War and Peace and Anna Karenina are widely recognized as two of the greatest novels ever written. Their author Leo Tolstoy has been honored as the father of the modern war story, as an innovator in psychological prose, and as a genius at using fiction to reveal the mysteries of love and death. At the time of his death in 1910, Tolstoy was known the world over as both a great writer and as a merciless critic of institutions that perpetrated, bred, or tolerated injustice and violence in any form. Yet among literary critics and rival writers, it has become a commonplace to disparage Tolstoy's "thought" while praising his "art." In this Very Short Introduction Liza Knapp explores the heart of Tolstoy's work.

Focusing on his works of fiction that have stood the test of time, she analyses his works of non-fiction alongside them, and sketches out the core themes in Tolstoy's art and thought, and the interplay between them. Tracing the continuing influence of Tolstoy's work on modern literature, Knapp highlights those aspects of his writings that remain relevant today. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

Leo Tolstoy was born on the family estate at Yasnaya Polyana, south of Moscow, in 1828. His parents were of the Russian nobility. They died when he was young, leaving him and his three brothers to be brought up by aunts. He began the study of law in 1844, but was a poor student and soon dropped out. In 1851, after running up heavy gambling debts, he joined the army in the Caucasus. It was about this time he began writing. Of his early work, perhaps the best known are the three novels of his autobiographical trilogy, *Childhood* (1852), *Boyhood* (1854), and *Youth* (1857). They portray his happy childhood and young manhood. Tolstoy married Sophia Behrens, 16 years his junior, in 1862. It was a marriage marked by sexual passion and emotion. Even so, their early married life was ostensibly happy and allowed Tolstoy much freedom to write. Tolstoy died in 1910, and today is considered one of the giants of Russian literature. His most famous works include the novels *War and Peace* and *Anna Karenina* and novellas such as *The Death of Ivan Ilyich* and *The Kreutzer Sonata*.

The brilliant shorter novels of Tolstoy, including *The Death of Ivan Ilych* and *Family Happiness*, collected and reissued with a beautiful updated design. Of all Russian writers Leo Tolstoy is probably the best known to the Western world, largely because of *War and Peace*, his epic in prose, and *Anna Karenina*, one of the most splendid novels in any language. But during his long lifetime Tolstoy also wrote enough shorter works to fill many volumes. Here reprinted in one volume are his eight finest short novels, together with "Alyosha the Pot", the little tale that Prince Mirsky described as "a masterpiece of rare perfection."

In *God Finds Us*, author Jim Manney makes the Spiritual Exercises more accessible than ever by revealing his inner monologue of thoughts while he did the Exercises and giving everyday, relevant examples of sin, discernment, and meditating on the love of God. In his previous book, *A Simple, Life-Changing Prayer*, Manney presented the daily Examen to readers in a way that made them feel empowered to make it a part of their regular prayer life. Now he offers *God Finds Us* to share his experiences of making the Spiritual Exercises in a down-to-earth, accessible narrative. Manney includes pertinent biblical examples that help us make the connections between how we pray, view sin, and make appropriate life decisions today.

Worldwide Appreciation of the Short Story Form Spans Cultures and Centuries! In this concise volume, Gulnaz Fatma traces the short story from its origins in fables, ancient poetry, and tales such as *The Arabian Nights*, to its modern form in the early American stories of Irving, Poe, and Hawthorne, and then through the twentieth century and throughout the world. The elements of what makes a short story are presented along with a discussion of the difficulties in defining the genre. The short story's relation to the novel as well as its uniqueness as its own form are deftly presented. While the American and European traditions of the short story take up much of this book, the final chapter is a thorough presentation of the short story's development in India. Anyone interested in the short story--teachers, students, writers, and readers--will find this volume informative, thoughtful, and a welcome addition to our understanding of one of literature's most dynamic forms. Gulnaz Fatma is an Indian writer and author. She is a research scholar in the Department of English at Aligarh Muslim University in Aligarh, India. "As a fiction writer who has also taught the short story form, I was impressed by the thoroughness and insight presented in this concise book. Fatma's broad exploration of the short story form is backed by numerous supporting examples and her chapter on the short story in India will introduce many readers to that country's own literary gems." --Tyler R. With his stunning watercolors -- and text that resounds with universal truths, award-winning artist Jon J Muth has transformed a story by Tolstoy into a timeless fable for young readers. What is the best time to do things? Who is the most important one? What is the right thing to do? Nikolai knows that he wants to be the best person he can be, but often he is unsure if he is doing the right thing. So he goes to ask Leo, the wise turtle. When he arrives, the turtle is struggling to dig in his garden, and Nikolai rushes to help him. As he finishes work, a violent storm rolls in. Nikolai runs for Leo's cottage, but on his way, he hears cries for help from an injured panda. Nikolai brings her in from the cold, and then rushes back outside to rescue her baby too.

"Too Dear!" is a short story by Russian author Leo Tolstoy first published in 1897. It is a humorous account of the troubles of dealing with a criminal in the kingdom of Monaco.

A collection of twenty-five short Russian folktales with lessons and morals.

The Russian novelist and moral philosopher Leo Tolstoy (1828-1910) ranks as one of the world's great writers, and his *'War and Peace'* has been called the greatest novel ever written. But during his long lifetime, Tolstoy also wrote enough shorter works to fill many volumes. The message in all his stories is presented with such humour that the reader hardly realises that it is strongly didactic. These stories give a snapshot of Russia and its people in the late nineteenth century.

Traces the dynamic expression of the American experience and how the nation's sense of identity offers alternate perspectives into history, in an anthology that also explores modern cultural creations in a range of disciplines.

Leo Tolstoy's short works, like his novels, show readers his narrative genius, keen observation, and historical acumen—albeit on a smaller scale.

East Asian literatures are famous for celebrating the beauties of nature and depicting people as intimately connected with the natural world. But in fact, because the region has a long history of transforming and exploiting nature, much of the fiction and poetry in the Chinese, Japanese, and Korean languages portrays people as damaging everything from small woodlands to the entire planet. These texts seldom talk about environmental crises straightforwardly. Instead, like much creative writing on degraded ecosystems, they highlight what Karen Laura Thornber calls ecoambiguity—the complex, contradictory interactions between people and the nonhuman environment. Ecoambiguity is the first book in any language to analyze Chinese, Japanese, Korean, and Taiwanese literary treatments of damaged ecosystems. Thornber closely examines East Asian creative portrayals of inconsistent human attitudes, behaviors, and information concerning the environment and takes up texts by East Asians who have been translated and celebrated around the world, including Gao Xingjian, Ishimure Michiko, Jiang Rong, and Ko Un, as well as fiction and poetry by authors little known even in their homelands. Ecoambiguity addresses such environmental crises as deforesting, damming, pollution, overpopulation, species eradication, climate change, and nuclear apocalypse. This book opens new portals of inquiry in both East Asian literatures and ecocriticism (literature and environment studies), as well as in comparative and world literature.
