Arms and the Man was George Bernard Shaw's first commercially successful play. It is a comedy about idealized love versus true love. A young Serbian woman idealizes her war-hero fiance and thinks the Swiss soldier who begs her to hide him a terrible coward. After the war she reverses her opinions, though the tangle of relationships must be resolved before her ex-soldier can conclude the last of everyone's problems with Swiss exactitude. The play premiered to an enthusiastic reception. Only one man booed Shaw at the end, to which Shaw replied: 'My dear fellow, I quite agree with you, but what are we two against so many?'

Ranks the Apostle Paul as "one of the most powerful and seminal minds of the first or any century," and argues that we can now sketch with confidence a new and more nuanced picture of Paul and the radical way in which his encounter with Jesus redefined his life, his mission and his expectations for a world made new in Christ. The book that inspired the major new motion picture Mandela: Long Walk to Freedom. Nelson Mandela is one of the great moral and political leaders of our time: an international hero whose lifelong dedication to the fight against racial oppression in South Africa won him the Nobel Peace Prize and the presidency of his country. Since his triumphant release in 1990 from more than a quarter-century of imprisonment, Mandela has been at the center of the most compelling and inspiring political drama in the world. As president of the African National Congress and head of South Africa's antiapartheid movement, he was instrumental in moving the nation toward multiracial government and majority rule. He is revered everywhere as a vital force in the fight for human rights and racial equality. LONG WALK TO FREEDOM is his moving and exhilarating autobiography, destined to take its place among the finest memoirs of history's greatest figures. Here for the first time, Nelson Rolihlahla Mandela tells the extraordinary story of his life--an epic of struggle, setback, renewed hope, and ultimate triumph.

. Renewal of Life by Transmission. The most notable distinction between living and inanimate things is that the former maintain themselves by renewal. A stone when struck resists. If its resistance is greater than the force of the blow struck, it remains outwardly unchanged. Otherwise, it is shattered into smaller bits. Never does the stone attempt to react in such a way that it may maintain itself against the blow, much less so as to render the blow a contributing factor to its own continued action. While the living thing may easily be crushed by superior force, it none the less tries to turn the energies which act upon it into means of its own further existence. If it cannot do so, it does not just split into smaller pieces (at least in the higher forms of life), but loses its identity as a living thing. As long as

it endures, it struggles to use surrounding energies in its own behalf. It uses light, air, moisture, and the material of soil. To say that it uses them is to say that it turns them into means of its own conservation. As long as it is growing, the energy it expends in thus turning the environment to account is more than compensated for by the return it gets: it grows. Understanding the word "control" in this sense, it may be said that a living being is one that subjugates and controls for its own continued activity the energies that would otherwise use it up. Life is a self-renewing process through action upon the environment.

Here is the first volume of a magisterial biography of Mohandas Gandhi that gives us the most illuminating portrait we have had of the life, the work and the historical context of one of the most abidingly influential—and controversial—men in modern history. Ramachandra Guha—hailed by Time as “Indian democracy’s preeminent chronicler”—takes us from Gandhi’s birth in 1869 through his upbringing in Gujarat, his two years as a student in London and his two decades as a lawyer and community organizer in South Africa. Guha has uncovered myriad previously untapped documents, including private papers of Gandhi’s contemporaries and co-workers; contemporary newspapers and court documents; the writings of Gandhi’s children; and secret files kept by British Empire functionaries. Using this wealth of material in an exuberant, brilliantly nuanced and detailed narrative, Guha describes the social, political and personal worlds inside of which Gandhi began the journey that would earn him the honorific Mahatma: “Great Soul.” And, more clearly than ever before, he elucidates how Gandhi’s work in South Africa—far from being a mere prelude to his accomplishments in India—was profoundly influential in his evolution as a family man, political thinker, social reformer and, ultimately, beloved leader. In 1893, when Gandhi set sail for South Africa, he was a twenty-three-year-old lawyer who had failed to establish himself in India. In this remarkable biography, the author makes clear the fundamental ways in which Gandhi’s ideas were shaped before his return to India in 1915. It was during his years in England and South Africa, Guha shows us, that Gandhi came to understand the nature of imperialism and racism; and in South Africa that he forged the philosophy and techniques that would undermine and eventually overthrow the British Raj. *Gandhi Before India* gives us equally vivid portraits of the man and the world he lived in: a world of sharp contrasts among the coastal culture of his birthplace, High Victorian London, and colonial South Africa. It explores in abundant detail Gandhi’s experiments with dissident cults such as the Tolstoyans; his friendships with radical Jews, heterodox Christians and devout Muslims; his enmities and rivalries; and his often overlooked failures as a husband and father. It tells the dramatic, profoundly moving story of how Gandhi inspired the devotion of thousands of followers in South Africa as he mobilized a cross-class and inter-religious coalition, pledged to non-violence in their battle against a brutally racist regime. Researched with unequalled depth and breadth, and written with extraordinary grace and clarity, *Gandhi Before India* is, on every level, fully commensurate with its subject. It will radically alter our understanding and appreciation of twentieth-century India’s greatest man.

*The Longest Journey* is a bildungsroman by E. M. Forster, first published in 1907. It is the second of Forster's six published novels, following *Where Angels Fear to Tread* (1905) and preceding *A Room With A View* (1908) and *Howards End* (1910). It has a reputation for being the least known of Forster's novels, but was also the author's personal favourite and one of his most autobiographical. It is the only one of Forster's novels not to have received a film or television adaptation.

Krishna, the eight incarnation of Lord Vishnu, was born in the Dwapar Yuga. Krishna is the embodiment of love and divine joy that destroys all pain and sin. Krishna is a trickster and a lover. He is an instigator of all forms of knowledge and a protector of Dharma, the righteous

way. Krishna Leela are the numerous tales from Krishna's life. These tales of Krishna right from His birth to His participation in Mahabharat, is a rich and rewarding experience. We present some of these choicest tales in this volume. This book is especially designed for children and hence the structure is simple and the language is easy to understand. The book also has colorful illustrations for each story. These stories with the colorful pictures should awaken the curiosity of children. We hope that children dive deep into this ocean of precious and immortal stories and absorb the enduring message and wisdom with excitement. This book focuses on the causes of starvation in general and famines in particular. The traditional analysis of famines is shown to be fundamentally defective, and the author develops an alternative analysis.

Harness the power of your subconscious to create a life you desire! The Power of Your Subconscious Mind teaches us how to remove the subconscious obstacles that prevent us from achieving the success we wish for. In this book, bestselling author Joseph Murphy asserts that life events are actually the result of the workings of our conscious and subconscious minds. He suggests practical techniques through which one can change one's destiny, principally by focusing and redirecting this miraculous energy. In these pages are the ways in which one can unleash the extraordinary mental powers to acquire self-confidence, attain professional success, create wealth, build harmonious relationships, overcome fears, get rid of bad habits and promote overall well-being and happiness. Covering a variety of topics from healing to academia to riches, the author cites numerous compelling examples of the power of our thoughts and beliefs in influencing our reality. When we change our thinking and prepare our subconscious mind, we change our destiny. Joseph Murphy was an American author and New Thought minister, ordained in Divine Science and Religious Science. A popular speaker, Murphy lectured on both American coasts and in Europe, Asia, and South Africa. Murphy is considered one of the pioneering voices of affirmative-thinking philosophy.

The kingdom of Patan is under attack from the army of Avanti. People have fled their villages to seek refuge in the city. Amidst the mounting panic, the arrival of Kaak, a young warrior from Laat, sets in motion a frantic chain of events. The Lord and Master of Gujarat is set four years after The Glory of Patan, and unfolds at dizzying speed, abounding in conspiracies, heroism and romance. From the spectacular rise of Siddhraj Jaysinh to the intrigues surrounding the consolidation of Gujarat, from the growing romance between Kaak and Manjari to the escalating tension between Munjal Mehta and Kirtidev over the future of the kingdom, this is an epic novel in the grand tradition of Alexandre Dumas. Arguably K.M. Munshi's best-known work, it deftly weaves state politics and battles with personal trials and tribulations into one glorious tapestry.

Fritz presents the biography of King George III, ruler who was determined to be a good king but who had the not uncommon royal viewpoint that whoever disagreed with him was 'a traitor or a scoundrel.'--Bulletin of the Center for Children's Books.

A frightening delinquent before being sent away, his return sends Parkland residents into a religiously infused tailspin, which only increases when Stew Pot announces that he experienced a religious awakening in prison. Most neighbors are skeptical of this claim, with one notable exception: Mrs. Motley, a widowed retiree and the Reeves's next-door neighbor who loans Stew Pot a Bible, which is seen by Stew Pot and many in the community as a friendly gesture. With uncompromising fervor (and with a new pit bull named John the Baptist), Stew Pot appoints himself the moral judge of Parkland. He discovers that a woman on his block is a lesbian and outs her to the neighborhood, the first battle in an escalating war of wills with immediate neighbors: after a mild threat from the block club president, Stew Pot reveals a secret that leaves the president's marriage in ruin; after catching a woman from across the street snooping around his backyard, Stew Pot commits an act of intimidation that leads directly to her death. Stew Pot's prison mentor, an African American albino named Brother Crown, is released from prison not long after and moves in with Stew Pot and his mom. His plan is to go on a revival tour, with Stew Pot as his assistant. One night, as Stew Pot, Mrs. Reeves, and Brother Crown are witnessing around the neighborhood, a teenager from the block attempts to burn down the Reeves home. He botches the job and instead sets fire to Mrs. Motley's house. She is just barely rescued, but her house is a total loss and she moves in with a nearby family. Neighbors are sure Stew Pot is behind the fire. The retaliations against Stew Pot continue, sending him over an emotional ledge as his life spirals out of control with grave consequences. Through the unforgettable characters of Stew Pot and Mrs. Motley, the novel provides a reflection on God, the living and the dead, and the possibilities of finding love without reservation.

Despite recent advances in important aspects of the lives of girls and women, pervasive challenges remain. These challenges reflect widespread deprivations and constraints and include epidemic levels of gender-based violence and discriminatory laws and norms that prevent women from owning property, being educated, and making meaningful decisions about their own lives--such as whether and when to marry or have children. These often violate their most basic rights and are magnified and multiplied by poverty and lack of education. This groundbreaking book distills vast data and hundreds of studies to shed new light on deprivations and constraints facing the voice and agency of women and girls worldwide, and on the associated costs for individuals, families, communities, and global development. The volume presents major new findings about the patterns of constraints and overlapping deprivations and focuses on several areas key to women's empowerment: freedom from violence, sexual and reproductive health and rights, ownership of land and housing, and voice and collective action. It highlights promising reforms and interventions from around the world and lays out an urgent agenda for governments, civil society, development agencies, and other stakeholders, including a call for greater investment in data and knowledge to benchmark progress.

*From Plassey to Partition* is an eminently readable account of the emergence of India as a nation. It covers about two hundred years of political and socio-economic turbulence. Of particular interest to the contemporary reader will be sections such as *Early Nationalism: Discontent and Dissension*, *Many Voices of a Nation* and *Freedom with Partition*. On the one hand, it converses with students of Indian history and on the other, it engages general and

curious readers. Few books on this crucial period of history have captured the rhythms of India's polyphonic nationalism as *From Plassey to Partition*.

These two essays by John Stuart Mill, England's greatest nineteenth-century philosopher, are the fruit of six hundred years of progressive thought about individual rights and the responsibilities of society. Together they provide the moral and theoretical justification for liberal democracy as we know it, and their incalculable influence on modern history testifies not only to the force of their arguments, but also to the power ideas can have over human affairs.

"The object of this essay is to explain as clearly as I am able, the grounds of an opinion which I have held from the very earliest period when I had formed any opinions at all on social or political matters, and which, instead of being weakened or modified, has been constantly growing stronger by the progress of reflection and the experience of life: That the principle which regulates the existing social relations between the two sexes- the legal subordination of one sex to the other- is wrong in itself, and now one of the chief hindrances to human improvement ; and that is ought to be replaced by a principle of perfect equality, admitting no power or privilege on the one side, nor disability on the other."--Page 1.

16 MILLION COPIES SOLD 'A book to read, to cherish, to debate, and one that will

ultimately keep the memories of the victims alive' John Boyne, author of *The Boy in the Striped Pyjamas* A prominent Viennese psychiatrist before the war, Viktor Frankl was uniquely able to observe the way that both he and others in Auschwitz coped (or didn't) with the experience. He noticed that it was the men who comforted others and who gave away their last piece of bread who survived the longest - and who offered proof that everything can be taken away from us except the ability to choose our attitude in any given set of circumstances. The sort of person the concentration camp prisoner became was the result of an inner decision and not of camp influences alone. Frankl came to believe man's deepest desire is to search for meaning and purpose. This outstanding work offers us all a way to transcend suffering and find significance in the art of living.
