"It was to have been a casual affair of impersonal intensity. We both had an unencumbered summer before us, and were thinking what a pleasure it would be to have a bedmate for the season, someone sophisticated, someone who would curl up and fall away easily when the leaves began to turn in the autumn. We decided to spend the summer on Fire Island. The child was conceived. And then the hatred began." See what happens when a young man surrenders himself to sexual exploration as a means of looking deeply into his own existence and into the philosophical void at the center of Western civilization.

A gleeful and exhilarating tale of global conspiracy, complex code-breaking, high-tech data visualization, young love, rollicking adventure, and the secret to eternal life—mostly set in a hole-in-the-wall San Francisco bookstore The Great Recession has shuffled Clay Jannon out of his life as a San Francisco Web-design drone—and serendipity, sheer curiosity, and the ability to climb a ladder like a monkey has landed him a new gig working the night shift at Mr. Penumbra's 24-Hour Bookstore. But after just a few days on the job, Clay begins to realize that this store is even more curious than the name suggests. There are only a few customers, but they come in repeatedly and never seem to actually buy anything, instead "checking out" impossibly obscure volumes from strange corners of the store, all according to some elaborate, long-standing arrangement with the gnomish Mr. Penumbra. The store must be a front for something larger, Clay concludes, and soon he's embarked on a complex analysis of the customers' behavior and roped his friends into helping to figure out just what's going on. But once they bring their findings to Mr. Penumbra, it turns out the secrets extend far outside the walls of the bookstore. With irresistible brio and dazzling intelligence, Robin Sloan has crafted a literary adventure story for the twenty-first century, evoking both the fairy-tale charm of Haruki Murakami and the enthusiastic novel-of-ideas wizardry of Neal Stephenson or a young Umberto Eco, but with a unique and feisty sensibility that's rare to the world of literary fiction. Mr. Penumbra's 24-Hour Bookstore is exactly what it sounds like: an establishment you have to enter and will never want to leave, a modern-day cabinet of wonders ready to give a jolt of energy to every curious reader, no matter the time of day.

Le streghe si danno da fare per creare nuove opportunità di business, come il Westwick Corners Inn, il Witching Post Bar and Grill e, ovviamente, la Scuola di Fascinazione di Pearl, dove le streghe vanno per sciogliere indovinelli, recitare incantesimi e creare le proprie magie. Peccato che siano continuamente distratte dagli insoliti eventi che si svolgono a Westwick Corners, che vanno dal semplice borseggio all'assassinio. La famiglia West ha sempre vissuto a Westwick Corners e lì desidera restare. I West discendono da una stirpe di streghe il cui capostipite è il fondatore della città. Streghe che scoprono misteri, risolvono crimini e aiutano chi ha bisogno. Sono streghe di ogni sorta perché stare in compagnia – o in magicompagnia – è quello che si fa in una piccola città. The Professor is the first novel by Charlotte Bronte. It was written before Jane Eyre and was rejected by many publishers, but was eventually published after writer's death in 1857. It's a story about a young man William Crimsworth. His growing up, love and career as a teacher in a school for girls are described in the novel. The book is based on Charlotte's staying in Brussels where she studied languages in 1842. Jane Eyre, Shierley and Vilette are other famous novels by Charlotte Bronte.

"Cosima" tells the story of an aspiring writer growing up in Nuoro, Sardinia during the last decades of the nineteenth century when formal education for women was rare and literary careers unheard-of. Based on Deledda's own life, the work describes a young woman's struggle against the dismay and disapproval of her family and friends at her creative ambitions. Yet it also reads like a charming fable with details of family life, rural traditions and wild bandits, and it is as much a novel of memory as of character or action. Deledda's characters are poor country folk driven by some predetermined force. Their loves are tragic, their lives as hard and as rigidly controlled as nature itself in the hills of Sardinia. Deledda creates memorable figures who play out their lives against this backdrop of mountains and bare plains, sheepfolds and vineyards. Shimmering in the distance is the sea and escape - for a few - to the Continent or America. In 1926 Grazia Deledda became the second woman and the second Italian to receive the Nobel Prize for Literature. She wrote thirty-three novels, including "Reeds in the Wind," and many books of short stories, almost all set on Sardinia. Her work has become well known to English-speaking readers through Martha King's translations for Italica Press.

Equites, Book 4 in the Heku Series, starts off with the beginnings of a war. Damon and Emily are still fighting while the Equites defends itself against attacks from both the Valle and the Encala. An accident sends Emily to the hospital, and the tension with the Valle becomes more explosive. Emily suspects the heku have a secret, and will go to any measure to find out what it is. She comes face-to-face with the darker side of the heku and quickly comes to terms with it. An agricultural coven takes her in and her views of the sinister heku begin to change. Emily's past with Keith comes back to haunt her, and a vile attack shows the Equites how far the Valle and Encala are willing to go to gain possession of the Winchester Heirs. Sam's loyalty comes into question as Emily finds a small niche out in the world with the mortals. Attacks on her become more dangerous, and she finds that the heku may not be as indestructible as she once thought. An ultimatum is placed that could upend the entire species.

With Europe convulsed in wars over religion, a young theology student finds himself siding with heretics and the disenfranchised while confronting an agent of the Vatican who is determined to hunt down and destroy enemies of the faith, in a meticulously rendered historical thriller set against the backdrop of the Reformation. Reprint.

Emma is a comic novel by Jane Austen, first published in December 1815, about the perils of misconstrued romance. The main character, Emma Woodhouse, is described in the opening paragraph as "handsome, clever, and rich" but is also rather spoiled. Prior to starting the novel, Austen wrote, "I am going to take a heroine whom no-one but myself will much like."

Geralt is a witcher, a man whose magic powers, enhanced by long training and a mysterious elixir, have made him a brilliant fighter and a merciless assassin. Yet he is no ordinary murderer: his targets are the multifarious monsters and vile fiends that ravage the land and attack the innocent. He roams the country seeking assignments, but gradually comes to realise that while some of his quarry are unremittingly vile, vicious grotesques, others are the victims of sin, evil or simple naivety. One reviewer said: 'This book is a sheer delight. It is beautifully written, full of vitality and endlessly inventive: its format, with half a dozen episodes and intervening rest periods for both the hero and the reader, allows for a huge range of characters, scenarios and action. It's thought-provoking without being in the least dogmatic, witty without descending to farce and packed with sword fights without being derivative. The dialogue sparkles; characters morph almost imperceptibly from semi-cliche to completely original; nothing is as it first seems. Sapkowski succeeds in seamlessly welding familiar ideas, unique settings and delicious twists of originality: his Beauty wants to rip the throat out of a sensitive Beast; his Snow White seeks vengeance on all and sundry, his elves are embittered and vindictive. It's easily one of the best things I've read in ages.'

An overlooked classic of Italian literature, this epic and unforgettable novel recounts one man's long and turbulent life in revolutionary Italy. At the age of eighty-three and nearing death, Carlo Altoviti has decided to write down the confessions of his long life. He remembers everything: his unhappy childhood in the kitchens of the Castle of Fratta; romantic entanglements during the siege of Genoa; revolutionary fighting in Naples; and so much more. Throughout, Carlo lives only for his twin passions in life: his dream of a unified, free Italy and his undying love for the magnificent but inconstant Pisana. Peopled by a host of unforgettable characters - including drunken smugglers, saintly nuns, scheming priests, Napoleon and Lord Byron - this is an epic historical novel that tells the remarkable and inseparable stories of one man's life and the history of Italy's unification. Ippolito Nievo was born in 1831 in Padua. Confessions of an Italian, written in 1858 and published posthumously in 1867, is his best known work. A patriot and a republican, he took part with Garibaldi and his Thousand in the momentous 1860 landing in Sicily to free the south from Bourbon rule. Nievo died before he reached the age of thirty, when his ship, en route from Palermo to Naples, went down in the Tyrrhenian Sea in early 1861. He was, Italo Calvino once said, the sole Italian novelist of the nineteenth century in the 'daredevil, swashbuckler, rambler' mould so dear to other European literatures. Frederika Randall has worked as a cultural journalist for many years. Her previous translations include Luigi Meneghello's Deliver Us and Ottavio Cappellani's Sicilian Tragedy and Sergio Luzzatto's Padre Pio: Miracles and Politics in a Secular Age. Lucy Riall is Professor of Comparative History at the European University Institute. Her many books include Garibaldi. Invention of a Hero. 'Of all the furore that came out of the Risorgimento, only Manzoni and Nievo really matter today' - Umberto Eco 'The one 19th century Italian novel which has [for an Italian reader] that charm and fascination so abundant in foreign literatures' - Italo Calvino 'Perhaps the greatest Italian novel of the nineteenth century' - Roberto Carnero 'A spirited appeal for liberté, égalité and fraternité, the novel is also an astute, scathing and amusing human comedy, a tale of love, sex and betrayal, of great wealth and grinding poverty, of absolute power and scheming submission, of idealism and cynicism, courage and villainy' - The Literary Encyclopedia

“The innocence of childhood collides with the stark aftermath of war in this wrenching and ultimately redemptive tale of family, seemingly impossible choices, and the winding paths to destiny, which sometimes take us to places far beyond our imaginings.” – Lisa Wingate, #1 New York Times Bestselling Author of Before We Were Yours and The Book of Lost Friends "Ardone's beautifully crafted story explores the meaning of identity and belonging...recommended to fans of Elena Ferrante's Neapolitan novels." – The Library Journal "[The Children's Train] leaves you with a great sense of the importance of family and the tough decisions that must be faced as a result of that love." – Shelf Awareness Based on true events, a heartbreaking story of love, family, hope, and survival set in post-World War II Italy—written with the heart of Orphan Train and Before We Were Yours—about poor children from the south sent to live with families in the north to survive deprivation and the harsh winters. Though Mussolini and the fascists have been defeated, the war has devastated Italy, especially the south. Seven-year-old Amerigo lives with his mother Antonietta in Naples, surviving on odd jobs and his wits like the rest of the poor in his neighborhood. But one day, Amerigo learns that a train will take him away from the rubble-strewn streets of the city to spend the winter with a family in the north, where he will be safe and have warm clothes and food to eat. Together with thousands of other southern children, Amerigo will cross the entire peninsula to a new life. Through his curious, innocent eyes, we see a nation rising from the ashes of war, reborn. As he comes to enjoy his new surroundings and the possibilities for a better future, Amerigo will make the heartbreaking choice to leave his mother and become a member of his adoptive family. Amerigo's journey is a moving story of memory, indelible bonds, artistry, and self-exploration, and a soaring examination of what family can truly mean. Ultimately Amerigo comes to understand that sometimes we must give up everything, even a mother's love, to find our destiny. Translated from the Italian by Clarissa Botsford

This early work by Arthur Schopenhauer was originally published in 1830 and we are now republishing it with a brand new introductory biography. The contents of 'The Essays of Arthur Schopenhauer; The Art of Controversy,' are drawn entirely from his posthumous papers, edited and translated by T. Bailey Saunders. Arthur Schopenhauer was born on 22 February 1788, in Gdańsk, a Polish city on the Baltic coast. His parents were both descendants of wealthy German Patrician families, and moved to Hamburg shortly after the Prussians annexed Gdańsk in 1793. Schopenhauer enrolled at the University of

Göttingen in 1809 and it was here that he first studied metaphysics and psychology, under the well respected and polemical anti-Kantian philosopher, Gottlob Ernst Schulze. Schopenhauer began his most famous work, *Die Welt als Wille und Vorstellung* ('The World as Will and Representation') in 1814, and published it five years later. This text has become a centre-piece of modern philosophy, in which the author argues that the world is driven by a continually dissatisfied 'will', one which is continually seeking satisfaction. It includes aspects of epistemology, ontology, aesthetics, ethics and a strong criticism of the Kantian approach to knowledge.

Prendere il controllo della realtà con la fisica quantistica? Un perfetto e potente effetto sulla così detta realtà e alterarla a piacimento in piena goduria. Questa avventura XENOMORFA è assolutamente e pianamente fuori controllo ed è una roulette russa vincente. È l'energia vitale della tua anima persa nella dannazione del mondo artificiale in cui sei nato. È la tua parte anemica selvatica ed inafferrabile per la Matrix. L'unico spiraglio di luce che ti consente di liberarti dagli impiantati mentali e le distorsioni ottiche che illudono la tua ignoranza percettiva ottusa. È l'esperienza della tua vita. Le nuove razze artificiali create a tavolino, nel dopoguerra dalle multinazionali e brevettate come proprietà privata con copyright, che riveleranno in questo e-book, la loro nascita come cavie umane in forma saggistica e storica degli ultimi 70 anni. Xenomorfa non è una lettura ma un vero e proprio emetico, per chi vorrebbe spurgare il proprio stomaco sensibile da effetti collaterali dell'anima. È vera storia dell'umanità, senza veli e senza mascherate da buffoni carnevaleschi. Una storia cruda di un pianeta che non è null'altro che il laboratorio personale di creature mostruose che ne abusano per la loro sete di potere, megalomani senza morale e senza pietà, divorando e nutrendosi dell'energia vitale di tutti voi. Un e-book d'essenza fondamentale se vi interessano i pezzi di puzzle mancanti, nella vostra percezione vitale, di un quadro cosmico, astrale, universale e mutiversale, intrecciato nella più perfetta prigione mentale che sia mai stata architetonizzata, dai xenomorfi creatori della vostra razza, che in parte è puramente artificiale, se di vena di sangue biblico. Preparatevi ad un salto quantico di un viaggio nel tempo senza paragoni, da cui non esiste ritorno se lo leggete. Un e-book che fa resuscitare i morti e nessuno dovrà mai più piangersi addosso. Di natura è tutto immortale, solo l'artificiale è mortale. Godetevi l'estasi xenomorfa di questa opera per essere l'esperienza processata e vissuta della vostra immortalità.

Sandokán, un joven príncipe malayo, subió al trono de Mulder, en la isla asiática de Borneo, cuando apenas tenía veinte años. Pronto comenzó a hacerse fuerte y a conquistar los reinos cercanos. Entonces, viendo amenazado su poder, los hombres blancos, principalmente ingleses y holandeses, se aliaron con el sultán de Varauni para derrotarlo. Las traiciones se sucedían y pronto se asesinó a toda la familia del joven soberano. Sandokán resistió todo lo que pudo, pero acabó siendo vencido por sus enemigos. Entonces, se dedicó a piratear por Borneo al mando de un puñado de valientes que no le habían abandonado. Era perseguido, y, con el paso de los años, se embarcó con sus "cachorros", como él cariñosamente les llamaba, hasta Mompracem, isla que convirtió en su hogar y que pronto se convertiría en el terror del mar de Malasia.
