Composition Notebook Half Wide Ruled / Half Blank Half and half paper (dual designs) allow you to get creative. There are lots of reasons someone may want mixed paper styles on one sheet. Adults may like to plot designs, craft projects or solve engineering problems and write accompanying notes or draw sketches. Kids may like to solve a math problem and describe how they solved it (or even write a story about the problem!) The blank and lined papers can also be used as a story paper for writing practice. Use your imagination to find functions for this paper in different niches. This is the standard for composition or writing books for elementary school kids. It can also be a good choice for the elderly, for people who have large handwriting and people with visual impairment. It is also a good choice for 'casual' writing notebooks for teens. Have fun & enjoy this Notebook.

“Guides readers toward the road less consumptive, offering practical advice and moral support while making a convincing case that individual actions . . . do matter.” —Elizabeth Royte, author, *Garbage Land* and *Bottlemania* Like many people, Beth Terry didn’t think an individual could have much impact on the environment. But while laid up after surgery, she read an article about the staggering amount of plastic polluting the oceans, and decided then and there to kick her plastic habit. In *Plastic-Free*, she shows you how you can too, providing personal anecdotes, stats about the environmental and health problems related to plastic, and individual solutions and tips on how to limit your plastic footprint. Presenting both beginner and advanced steps, Terry includes handy checklists and tables for easy reference, ways to get involved in larger community actions, and profiles of individuals—*Plastic-Free Heroes*—who have gone beyond personal solutions to create change on a larger scale. Fully updated for the paperback edition, *Plastic-Free* also includes sections on letting go of eco-guilt, strategies for coping with overwhelming problems, and ways to relate to other people who aren’t as far along on the plastic-free path. Both a practical guide and the story of a

In the tradition of The Celestine Prophecy comes the first book in a gripping post-apocalyptic trilogy involving the search for ancient books whose secrets hold the key to humanity's survival. In 2027, the Great Disruption shook the world. An unexplained solar storm struck the earth, shifting it four degrees south on its axis. Everything went dark. Humanity was on the verge of despair. Then a man named Camden Ford discovered a set of ancient books called the Chronicles of Satraya. Thirty years later, the world is a different place. Thanks to the teachings of the Chronicles, hope has been restored, cities rebuilt, technology advanced. The books also have a different owner: Logan Cutler, who inherited them when Camden mysteriously disappeared. But when Logan auctions off the books to pay his debts, they fall into the wrong hands. The Reges Hominum, a clandestine group that once ruled history from the shadows, is launching a worldwide conspiracy to regain control. Soon Logan realizes he's made a

terrible mistake. With the help of special agent Valerie Perrot and the wisdom of the Chronicles as his guide, he embarks on an epic quest to get the books back before it's too late. Abounding with questions about humanity's secret past and its unknown future, Journey into the Flame will not only take you to the start of an incredible new world, it will also take you deep into the greater mysteries of the self.
