The Blair Reader encourages public discussion in the wider world by reading actively as well as critically and responding to the ideas of others. After more than twenty-five years of teaching composition, the authors have come to see reading and writing as interrelated activities: To write effectively, one must also read actively and critically. The authors have found and strongly believe that a reader is enriched and engaged when he/she view the reading and writing they do as a way of participating. From the beginning, the goal in The Blair Reader has always been to encourage these discussions in the wider world by responding to the ideas of others.

Focus on Writing offers clear, thorough coverage of college writing, with a chapter design that puts writing first. The Focus on Writing strand in Chapters 2-17 prompts students to write, learn essential concepts as they follow a student model, and apply those concepts to their own writing in a series of manageable steps. The text also empowers students with a unique tool for assessing and revising their work: the easy-to-grasp, easy-to-remember TEST (Topic sentence or Thesis statement, Evidence, Summary statement, and Transitions). A complete three-in-one text, Focus on Writing not only covers the process of writing paragraphs and essays but also includes a grammar guide with exercises and an essay collection. Supplementary online grammar practice through LaunchPad Solo for Readers and Writers rounds out this complete package.

This compact edition of Laurie Kirszner and Steve Mandell's LITERATURE: READING, REACTING, WRITING, retains all the features that have made the full edition so successful in classrooms over 4 editions in a smaller, affordable volume.

[The editors's] practice is to place [nontraditional or contemporary] works where they belong, alongside the "classics": to integrate new with old, familiar with unfamiliar, inviting students to discover new works and to see familiar works in new contexts. Thus, [their] goal in this anthology remains what it has been from the start: not just to expand the literary canon, but also to expand the personal canons of both students and instructors ... [The goal is] to encourage students both to appreciate works representing diverse literary subjects, styles, and perspectives and to recognize their own roles in bringing these diverse works into their personal literary canons by reading, reacting to, and writing about them.-Pref.
