

Lost On The Road To Nowhere

At the end of the 1937 J.R.R. Tolkien reluctantly set aside his now greatly elaborated work on the myths and heroic legends of Valinor and Middle-earth and began *The Lord of the Rings*. This fifth volume of *The History of Middle-earth*, edited by Christopher Tolkien, completes the presentation of the whole compass of his writing on those themes up to that time. Later forms of the *Annals of Valinor* and the *Annals of Berlerian* had been composed, *The Silmarillion* was nearing completion in a greatly amplified version, and a new map had been made; the myth of the Music of the Ainur had become a separate work; and the legend of the Downfall of Numenor had already entered in a primitive form, introducing the cardinal ideas of the World Made Round and the Straight Path into the vanished West. Closely associated with this was the abandoned time-travel story, *The Lost Road*, which was to link the world of Numenor and Middle-earth with the legends of many other times and peoples. A long essay, *The Lhammas*, had been written on the ever more complex relations of the languages and dialects of Middle-earth; and an etymological dictionary had been undertaken, in which a great number of words and names in the Elvish languages were registered and their formation explained - thus providing by far the most extensive account of their vocabularies that has appeared. The author retraces the journey in 1689 of Matsuo Basho, described in his *Oku no hosomichi* = *The narrow road to the deep north*.

Through a series of detailed, illustrated essays on key films within the genre, *Lost Highways* explores the history of the road movie. Bringing in other, until now neglected, genres such as the western, film noir, horror, and even science fiction, this is the definitive guide to a diverse body of film that incorporates some of the most dominant themes and most popular films of this century.

This historical romance embodies family memoirs and chronicles the journeys of the Konrad family through the life of Angele. Her love for singing classical numbers makes the novel a delightful find for any reader who recognizes the arias named or is curious about what a professional singing career entails. In addition, the detailed portrayals of various cultural markers or religious denominations—such as the Mennonites with their languages, customary habits and tastes, and common personality traits—are intriguing. Lastly, the novel also endeavours to capture the reality of grief over the death of a loved one, causing the reader to meditate on how one mourns over time and how one rises from life altering challenges.

A portion of the proceeds of this book will be donated to the Somaly Mam Foundation. A riveting, raw, and beautiful memoir of tragedy and hope *Born in a village deep in the Cambodian forest, Somaly Mam was sold into sexual slavery by her grandfather when she was twelve years old. For the next decade she was shuttled through the brothels that make up the sprawling sex trade of Southeast Asia. Trapped in this dangerous and desperate world, she suffered the brutality and horrors of human trafficking—rape, torture, deprivation—until she managed to escape with the help of a French aid worker. Emboldened by her newfound freedom, education, and security, Somaly blossomed but remained haunted by the girls in the brothels she left behind. Written in exquisite, spare, unflinching prose, *The Road of Lost Innocence* recounts the experiences of her early life and tells the story of her awakening as an activist and her harrowing and brave fight against the powerful and corrupt forces that steal the lives of these girls. She has orchestrated raids on brothels and rescued sex workers, some as young as five and six; she has built shelters, started schools, and founded an organization that has so far saved more than four thousand women and children in Cambodia, Thailand, Vietnam, and Laos. Her memoir will leave you awestruck by her tenacity and courage and will renew your faith in the power of an individual to bring about change. To learn more about how you can help fight human trafficking, visit the foundation's website: www.somaly.org.*

Road racing has long-storied roots in North America that reach from coast to coast and to Canada. Some of the greatest drivers to ever compete raced wickedly fast machines, staged epic duels on winding strips of asphalt, and created history. This history left an enduring legacy that is revealed and celebrated in *Lost Road Courses*. Road racer and road racing expert Martin Rudow retraces road racing's glorious past and visits the defunct classic road courses across the United States and Canada. Many road courses were built in the 1950s and 1960s, the golden age of American road racing. These classic road courses built and hosted famous races for Trans-Am, Can-Am, IndyCar, Formula 1, and sports car racing, but did not survive the times. They fell victim to

changing times, poor business decisions, urban sprawl, safety standards, and increasing real estate prices. Rudow recounts the breathtaking races and fascinating history of more than 16 tracks from around North America. Riverside International Raceway, Bridgehampton Race Circuit, Ontario Motor Speedway, Continental Divide Raceway, and many others were once major race venues that have since closed. The great race teams, legendary drivers, classic race series that visited the tracks, and cars that turned laps are brought into full focus. The exploits of Chaparral, McLaren, Bud Moore, Lotus, Penske, and other race teams as well as racing greats Mario Andretti, Parnelli Jones, Jim Hall, A. J. Foyt, Al Unser, Jim Clark, and Dan Gurney are covered. Rudow also digs beneath the surface to reveal the story behind the story. The visionaries and businessmen who saw potential and risked capital to build these palaces of speed come back to life. He also recognizes the unsung heroes and regional racers who competed, staffed, and took on various roles at these tracks. In the pages of this book, a nostalgic tour of these famous races at these vintage road circuits unfolds. Many period photos illustrate the racing action and the tracks themselves in their former glory, and modern color shows the tracks as they currently stand. If you're a fan of classic sports car, Can-Am, Trans-Am, IndyCar, Formula 1, as well as classic and unique tracks of yesteryear, this book is a must-have.

New Bremen, Ohio, was mostly like countless other small farm towns in that part of the state in the 1950s. The primary business at the time was farming—corn, wheat, hay, alfalfa, and soybeans, along with some dairy farming—and there were always cows and pigs in the fields. And it's where author Robert Gilberg spent the first twenty-two years of his life. In *The Last Road Rebel*, he shares what it was like growing up in that small town. In this memoir, Gilberg admits he is probably lucky to have survived his childhood; some of his friends did not. He is also lucky to have met the right girl at the right time who unknowingly gave him the push needed for him to climb out of an early life with a limited future. The stories—some hilarious, some horribly sad, and some just fun—tell of a young person who experienced the tortures of found and lost teen love, knew the disappointment of poor preparation for life after school, and finally looked himself in the mirror and decided it was time to get out of that place. Against the backdrop of the times, when the sounds on the radio were changing from Perry Como and Patti Page to Bill Haley and the Comets, Elvis, and Little Richard, *The Last Road Rebel* recalls the times, places, people, events, and experiences that have stayed with Gilberg forever.

Terror in Australia: Workers' Paradise Lost, by veteran journalist John Stapleton, is a beautifully written snapshot of a pivotal turning point in the history of the so-called Lucky Country. This book is a sidwinding missile into the heart of Australian hypocrisy. In 2015 there were well attended Reclaim Australia demonstrations in every major capital city, all protesting what the demonstrators saw as the growing Islamisation of Australia, along with countering anti-racism demonstrations. There were frequent violent clashes, hundreds of police were forced to form lines separating the demonstrators in Sydney and Melbourne, there were a significant number of arrests and injuries, and dozens of people were treated for the effects of capsicum spray. The terror alert was at its highest level ever, the country was engaged in an unpopular and discredited war in Iraq and Syria, and relations between the government and an increasingly radicalised Muslim minority had broken down. Despite the billions being spent on national security, authorities believed another terrorist attack was inevitable. A demoralised population, saddled with a history of grotesque overregulation, turned inwards, increasingly questioning the failed social creeds of the past. On the streets once vibrant entertainment districts were desolate, while closed and

shuttered shops became a characteristic of many suburbs. An optimistic, freedom loving country with an irreverent, larrikin culture and a wildly optimistic view of its place in the world lost faith in its own story. Well documented, switching through multiple points of view, *Terror in Australia: Workers' Paradise Lost* is a sometimes frightening, sometimes intensely lyrical step inside a democracy in serious trouble.
