The word 'Profession' brings into the horizon a belief of a person in his capabilities or inherent potention which a native has but also symbolizes specialization on a knowledge and academic preparations and finally it also brings forth the needs of livelihood and vocation. In the current environment, it is seen that a profession followed by an individual may not be akin to his inherent potential and with the number of fields increasing it is also very common to have individuals who have specialized in one field but are earning by engaging and adopting entirely

Medical astrology is a specialized branch of Vedic astrology. It is an extraordinary predictive and counseling tool. A horoscope indicates good, bad or indifferent traits and physical, emotional or spiritual characteristics of the native as per the Karmic flow. A chart is only the representation of one's Karmic implications in one's life through planetary influences. The medical astrology helps in understanding well in advance where the human chain is the weakest in the physical body and why. An

astute astrologer will be able to diagnose disease and the diseased body part merely by analysis of the horoscope. He should be able to tell the susceptibility or the resistance which a native has for a particular disease. He may be able to tell the period of onset/recovery from the disease and can also suggest the remedial measures to reduce its severity without any side effect. Once this is known, it will be easier for medicos to quickly arrive at the cause and place of diseased body part and the treatment to which the patient will respond. The diseases are generally indicated by the malefic influences of planets. Houses, signs and Nakshtras wherein the planets are placed indicate tendencies, susceptibility, resistance and potential of various ailments in the body. When these potential will manifest depends upon the dasha periods and transit of planets. The numbers of diseases which a native may have to encounter are numerous. However this book touches upon 112 diseases with the help of 102 illustrative charts. The last (16th) chapter of this book is devoted to common astrological remedies with a new Karmic and practical point of view to propitiate evil planets causing ailments.

A most reliable guide to practical astrology, Notable Horoscopes does not contain startling predictions and amazing forecasts. But it is the product of investigations and studies by the author presented here in an orderly and scientific form but in simple language easily understandable by the average reader.

It has been a well-known fact that astrology was called the eye of the Vedas, for it threw light on matters relating to timing events. The conduct of Vedic rituals had to be timed at a specific period, hence astrology was put to this use. In the modern context, this divine science is used to interpret birth charts to have an overview of an individual's personal and professional future in terms of success and prosperity. The book deals with this analysis at great length and enlightens a lay reader about the subject.

This book is about understanding equations of relationships with the help of Vedic Astrology. One cannot ignore the importance of relationships in life and always desires to be loved and respected by others. The book gives an approach for making relationships better if one understands the potential of planets in the birth chart. By understanding the weak and strong points in the chart one can mould himself accordingly and move in the right direction to get the desired result and improve his relationships and living.. In each chapter - the converse charts are taken to describe the events however it advisable that no prediction should be made by studying the charts on the surface only. All factors should be taken into consideration while predicting an event and the reading should be done by scientific approach only. A special chapter in the beginning is given for the reader to make him understand the terminology and its role in

understanding the chart which will then enable him to understand and improve his relations via Vedic Astrology easily. Though the calculative part has been explicitly ignored to make reading easy, the combinations, the in depth analysis and use of simple tools, the use of converse charts and their analysis will stimulate the mind for deep study and make it interesting for all. Each chapter is supported with suitable examples. All cases taken are genuine and supported by real incidents. The book is a result of some authentic research done by the author over the years. #v&spublishers

There are large number of books available in the public domain which talks about various remedial methods that could be followed. Also there are groups of people who talk about the benefits of yoga, mantra, yantra and allied topics, each of which has a scientific logic as is the case with the manuscripts left behind by the Rishis. As we all are aware, there are planets which by their interaction, govern our destiny. My belief, developed during the study of this science, is that destiny depends on four major things in equal proportion. These are; our previous karma, the place where we are staying, the people with whom we interact and our own efforts. These are the four parameters and within each comes the important of a large gamut of activities. There is a complex equation that is a matter of study and research which, like any other science, gets deciphered and known. I therefore believe that chart at the time of birth, coupled with the year's horoscope and the time at which the query is being asked, have to be co-related and a vector from them gives the correct analysis of the query. Similarly, as each planet is associated with a colour and the colours are in turn related to vibrations – a complex phenomenon by itself; the various mantras, colour therapy and other remedies have relevance.

This book provides an insight into the importance of astrology

viz., natal, electional and horary, as well as deals with other dimensions of this science such as spirituality, spiritualism, Ayurveda, transmigration of souls, thought-reading, dreams, temple and its rituals and effects of particular sins. The work presents new theories and methods of determining success and defeat in contests and wars with the help of illustrative charts. It urges readers to avoid fatalism commonly associated with predictions and explains how one could solve riddles in life and tide over the pessimistic attitude and related psychological problems. The author has thrown fresh light on some questions like the name of the author of Prasnāmarga, line of succession of his pupils, and the authorship of the Dasādhyāyī. The most significant contribution of this work is the clear exposition of the rules of Astamāngala and Devaprasna, in addition to Candragupti (water-divination), martial problems, Coragrahas, Necromancy, special importance of Mandi and Dasa of its star, Kalacakraḍasa, etc. The Nakṣatra Sūtra is a treasure found in the Taittirīya Brāhmaṇa, a branch of the ancient Yajur Veda. Because of this, it holds unique importance and unparalleled authority among nakṣatra texts, for it allows us to understand the nakṣatras in much clearer accord with the Vedic sages who originally envisioned them. I also supplement the book with other sections from the Taittirīya Brāhmaṇa that also talk about the nakṣatras, and with a section entitled, The True Story of the Nakṣatra Gods: a dramatic narration of the 27 nakṣatra divinities, focused on what is most relevant to their nakṣatra's symbolism. This original work pulls together diverse Purāṇic and Vedic source material to paint a vivid picture of often unknown tales and details essential for fully understanding the subtleties of the 27 Vedic stars. Transit of planets talks about the technique of making predictions on the basis of current position of

planets on the horoscope of native. The main objective of Astrology is to predict the future of the native with the help of his horoscope. For making accurate prediction it is necessary to make an analysis of three factors. These three factors are YOGAS formed with the combination and permutation of planets, 2nd important factor is periods (dasa) and 3rd factor is transit. When a person comes with a query, first of all it should be analyzed that the query is related with which house, planets, the planet occupying this house and the planets aspecting this house. The determination of the auspicious or inauspicious results of that house shall be done by analyzing three factors. These are house, house Lord and signifiers. For example if the question asked is regarding marriage in that case we shall see that which planets are there in seventh house, this house is aspected by which planets. Marriage yoga for the possibility of marriage is there or not and in addition to that the position of signifier of 7th house i.e. Jupiter/Venus should be analyzed. For females the signifier of 7th house is Jupiter and for males the natural signifier of 7th house is Venus. By analyzing the placement, combination, and benefic or malefic impact of these planets we conclude whether auspicious yoga for the possibility of marriage is there or not. After Yoga next important factor to be considered is major or sub period, the duration of main period is a long and

sub period's duration also can be 6 months or more than 2 years therefore, in order to predict the timing of an event during these 2 years the help of transit can be taken. Therefore, for predicting an event the importance of transit should be considered. Although it is a matter of long discussion to determine whether transit predictions should be made on the basis of ascendant sign or moon sign. For supporting the predictions from both, scholars have given logical and justifiable opinions. But, the conclusions that we have derived on the basis of our experience advocate that auspiciousness or inauspiciousness of the transit results of planets should be done on the basis of moon sign and what type of results i.e, which house results it shall yield would be decided on the basis of ascendant sign. For instance if moon is positioned in 7th house and the sign of Leo is there, therefore transit of Saturn into this sign shall cause negative impact of Saturn's SADHESATI because transit of Saturn into Leo shows inauspicious results therefore there can be delay or problems in marriage and married life. Similarly what can be the results of transit of planets by considering the other important factors has been taken into account in this book. Because of lack of availability of books in the field of transit predictions this book has been written for catering the need of students of all India Federation of Astrologer's Societies Delhi. This book shall be of immense help for solving the

problems of students while studying the techniques of making predictions.

A classical work based on n??? technique of prediction.

This book represents the first attempt of its kind to present a detailed, systematic analysis of the Upamana dharmas (Tertia Comparationis) of the various objects of comparison found in the Mahabharata. It also critically examines the position of the Great Epic as a fascinating specimen of Oral poetic composition abounding, as it does, in the repetitions of the poetic formulae of the various categories. A study of some of the major figures of speech also provides an authoritative material useful for further research of the evolution of Tertia comparationis in the successive stages of Indian literary tradition.

A native suffers or enjoys (with the former having a dominant part) in life as per his prarbdha/destiny.

Astrology does indicate what one has to endure and what one can overcome. Whereas great strides have been taken and wonderful results obtained regarding influence of planets, both benefic & malefic, on human beings, the same can not be said about finding out the

remedies for their malefic results. Each remedy is basically a prayer to the Almighty to bail the native out of a difficult situation. It is our Kartvyas Karma as part of Prarabdha/Kiryaman Karma to observe remedial actions to keep our body and mind healthy. In a horoscope, destiny/luck is indicated by 9th house and 3rd house represents Purshartha, the free will or Kiryaman Karma, done with a strong will & belief to smoothen the path of destiny. The life or the path of human development is a story of constant struggle between the destiny and Purshartha/remedies, with dices heavily decked against the later. The success of the remedies rests upon the strong will, belief & faith one has in the remedy and one's total unconditional surrender before the relevant deity. There are various modes of remedies, one can choose from depending on his faith/belief, like colour therapy & Gems, Mantra, Yantra, Tantra & Rudraksh, bath, fast & charity, propitiation of curses and age old folk treatments of Lal Kitab. All these have been covered in this book as an aide-memoire to a native in his fight against misfortune.

The play Shakuntala was one of the first examples of Indian literature to be read in translation in Europe. Shakuntala's story is a leitmotiv that recurs in many works of Indian literature and culminates in the master Kali-dasa's drama for the stage. The virtuous heroine is forgotten by her betrothed, the king Dushyanta, only to be refound thanks to a distinguishing signet ring discovered by a fisherman in the belly of one of his catch. The final act distills the essence of human forgiveness, in Shakuntala's gracious release of her

husband from his guilt.

Transits are one of the main means used in horoscope reading. They are used to forecast future trend and developments. Astrological transit is about interpreting the ongoing movement of the planets as they transit the horoscope. These transits are studied in the Natal Charts to tell about the timing or fructification of the events. In this book the initial chapters deal with the basic understanding of the meaning of Transit, the rules to be applied and about the planets. We have also dealt with the rules to be applied in predicting the result of transiting planets. Basic Transit Rules of planets in Houses, Signs, Nakshatra and Divisional Charts is explained at length. The book then dwells in factors that modify the results of a Transit. It then goes into explaining the impact of the transiting inner planets. I have also gone in details explaining the impact of Jupiter, Saturn, Nodes and Mars in Transit with various permutation and combination.

This is such a book through the mantras of which one can become a successful "e;Mantra Shastri"e;. The book is capable of providing peace and content to each and every individual's life.

There have been innumerable requests for writing a book on Palmistry. The author has written a book that gives the basics of this science. Palmistry has been there from the early ages and we find literature where Sanskrit language has been used in explaining issues of this science in the early Vedic ages. In this book the author has tried to explain the uniqueness of each hand and as to how it helps in deciphering characteristics. In

the science of hand reading importance is given to the shape, size, lines and the marks on hand. These have been dealt in details through various chapters in the book. Palmistry is in no way related to the science of Occultism but can be divided into two parts viz the art of reading character from the shape of hands/ fingers and the science of reading the actions and habits. Also it gives an insight of the future if one is able to correlate the shape of the hand with the lines marked thereon. The author has in the various chapters tried to explain various factors like the size, shape, texture, lines and marks that help in deciphering character and the actions that a person is prone towards. This is a basic book on Palmistry which will be useful reading to all. One could develop on these basics for a greater understanding of the subject.

This book deals with the fundamentals of Horoscope matching. Today "Horoscope matching" has become the indispensable part of Hindu marriage. But it has not been mentioned in any old Jataka scripture of Astrology. However, it has been described in the Muhurta scriptures of the same. In Ramayan, marriage of Rama, Bharata, Lakshmana and Shatrughna has been described elaborately. But, in this great epic also Horoscope

matching has not been mentioned. Likewise, in Mahabharata, too, it has not been cited. Therefore, it can be said that Horoscope matching in Astrology was not in practice a few centuries ago. But, the community accepted and made it an indispensable part keeping its usefulness in view. Different systems of Horoscope matching are in practice in different parts of India. In North India, Ashtakuta matching is in practice whereas in South Dasakuta matching is in fashion. But Ashtakuta matching is in vogue in most part of India. This is why the All India Federation of Astrologers' Societies has accepted and prescribed this system of Ashtakuta matching for the courses of its students. The book has been written keeping in view the courses introduced by the All India Federation of Astrologers' Societies, Delhi. The students are advised to study "Kundali Milana-Sukhi Dampatya Jeevana Ka Adhar" because prediction of a happy married life cannot be made by Ashtakuta matching only. This shows only the amity, love and mutual understanding between the two. But to determine the age, health and ups and downs in life of the couple some other aspects such as Period-sub-period, Dosha Samya etc. are also essential to be analyzed. An analysis of long conjugal life is essential for its stability. So, apart from Ashtakuta matching, we should keep in view other aspects also. To know all this, "Kundali Milan – Sukhi Dampatya Jeevana Ka Adhara" is prescribed. Three Hundred Important Combinations is intended to provide knowledge of the Yogas which indicate specific horoscopic trends. All planetary combinations are divided into two groups viz., Yogas and Aristhas or fortunes and

misfortunes. It deals with various standing combinations of yogas. The systematised account of all the important yogas is brought out so that it may illustrate practical horoscopes. The book certainly claims credit for being the first to bring together all scattered information and present it systematically.

Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. Hesperides Press are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

First a little background about the book. The moment this book came out in the market, it became instant bestseller. In fact, there is nothing to be surprised about it, as the very name of Narayan Dutt Shrimali suggests mastery over the subject, and any book on palmistry or astrology written by him deserves such reception by readers. According to palmistry our destiny is imprinted on our palms. The thinnest line on the palm has its own significance - even a single thread-line is important. Given the vast scope of the subject, this authoritative book on palmistry contains all aspects of this ancient art with clear illustrations and completes information in simple language. The author has given the gist of Indian as well as western views on palmistry and has maintained the fundamental differences and causes thereof. This practical self-learning compendium illustrates more than 240 palmistry combinations (Yog) which have been thoroughly explained. Not only the common readers but also experts of astrology and

palmistry will also be greatly benefited by this book. It gives me immense pleasure to bring forth the second revised edition of my highly cherished work of Bhrigu Samhita, an ancient and unique treatise in predictive astrology. I was equally elated and feel ecstatic for having received encouraging as well as critical responses from the esteemed and avid readers. In deference to their valuable suggestions and also some ambiguity pointed by them, I have revised some part of the chapter on “Basic Astrology” and also brought about improvement and amplifications in certain parts of the analyses of various charts wherein the evolved principles which are specifically important in delineating horoscopes on the format of Bhrigu Samhita are further explained. This was done with a view to make the explanations more cogent in comprehend. This will also address the concern sown by the valued readers in some places of earlier narrations.
