Regular learning features encourage readers to think critically about ideologies, and view them as competing and contestable ways of interpreting the world. A unique "stop and think" feature calls for readers to reflect on their own ideological beliefs. Online Resources: Political Ideologies is accompanied by comprehensive online resources, to support political ideology courses. For students: \* Further reading and resources for each chapter to help students to undertake further research and deepen their understanding and critical thinking; \* Regular updates help students to keep up to date with ideologies as frameworks of understanding and political action in the real world. For lecturers: \* Indicative answers to questions in the book provide a framework for approaching these; \* Powerpoint slides to support each chapter, providing an overview and key points to help with planning; \* Further discussion and debate ideas, for use in seminars, encourage big picture thinking about the relationships between ideologies.
