Everyone knows Steve Madden's name and his shoes, but few are familiar with his story. Over the past thirty years Steve Madden has taken his eponymous shoe company from the fledgling start up he founded with a mere \$1,100 to a global, multi-billion dollar brand. But Madden's mistakes, from his battle with addiction to the financial shortcuts that landed him in prison, are as important to his story as his most iconic shoes. In this raw, intimate, and ultimately inspiring book, Madden holds nothing back as he shares what it took to get here and the lessons he's learned along the way. From his unconventional hiring strategies to his slavish devotion to product, Madden offers a business perspective that is as unique as his styles. In *The Cobbler*, readers are treated to the wild ride though his rise, fall, and comeback. But they will also walk away uplifted by a man who has owned up to his mistakes and come back determined to give back and use his hard-won platform to create positive change.

Are you prepared for revalidation? All nurses and midwives in the UK are required to complete the revalidation process every 3 years in order to renew their registration. This book explores key areas of revalidation such as adult learning and CPD, personal reflection and growth, and improving practice by obtaining and learning from practice-related feedback. This handy guide contains a wealth of tips and advice for all nurses and midwives to help to make the process more understandable and manageable. Key features:

- Practical suggestions and examples for engaging in relevant continuing professional development (CPD)
- Introduces methods to help complete the reflective accounts
- Provides support to prepare for the reflective discussion and confirmation process
- Features 'Time Out' boxes and activities throughout that can be used for reflection on practice and support personal development
- Practical ideas for portfolio development

Essential reading for all NMC registrants, regardless of practice setting, as well as student nurses and

midwives who will need to undergo revalidation throughout their careers. Employers will also find this book helpful when supporting staff with revalidation. "I found this book very easy to read. It shows clearly how to incorporate revalidation into our practice and make it as stress-free as possible!" Myrna Melville, Registered Nurse, UK "The book is structured in an accessible way and is designed to really assist registrants through the revalidation process. I particularly like the frequent activities built in as the reader progresses through the chapters." Professor Ian Murray, Head of School of Nursing and Midwifery, Robert Gordon University, UK "This book is a first of its kind and as the title suggest it's a journey where the authors walks with the readers step by step to a successful revalidation destination. The authors are evidently well vast with this subject matter and had produced a book that is beautifully laid out, easy to read without being patronizing." Esther Kuria

Owney Madden lived a seemingly quiet life for decades in the resort town of Hot Springs, Arkansas, while he was actually helping some of America's most notorious gangsters rule a vast criminal empire. In 1987, Graham Noun first told Madden's story in his book *The English Godfather*, in which he traced Madden's boyhood in England, his immigration to New York City, and his rise to mob boss. Noun also uncovered a love story involving Madden and the daughter of the Hot Springs postmaster. Before his arrival in Hot Springs, Madden was one of the most powerful gangsters in New York City and former owner of the famous Cotton Club in Harlem. The story of his life shows us a world where people can break the law without ever getting caught, and where criminality is so entwined in government and society that one might wonder what is legality and what isn't. If you liked the other books in the Daily Discoveries series, you'll love this one, too! It's filled with special days to celebrate in the classroom throughout the month of April. Special days include: Under the Big Top Day, Castle Creations

NEW! Updated evidence-based content has been added throughout to ensure that you're up-to-date on all topics needed to provide care for pediatric patients in acute, inpatient, emergency, transport, and critical care settings. NEW! Full-color design and illustrations enhance learning and make content easier to navigate and digest. NEW! Integration of the 2016 IPEC Core Competencies ensure that you're learning the professional skills and protocols required for effective, contemporary interprofessional collaborative practice. UPDATED! Streamlined procedures unit focuses more sharply on need-to-know content.

Despite being a relatively straightforward clinical diagnosis, recognition of hidradenitis suppurativa (HS) is highly variable, and clinical management is challenging and complex. Written by the world's leading experts in HS, *A Comprehensive Guide to Hidradenitis Suppurativa* brings together up-to-date scientific evidence on the diagnosis, pathomechanisms, comorbidities, and multi-faceted medical and surgical interventions for this debilitating condition—in one convenient reference. Covers every aspect of this complex skin disorder: etiology, pathophysiology, epidemiology, medical, alternative therapies, a range of surgical options, laser treatments, and comorbidities. Discusses specific patient populations

such as children, women of childbearing potential, and pregnant and breastfeeding women. Because HS has higher prevalence in people of skin of color, this patient population is well-documented in the text. Offers insights into multi-disciplinary care, patient support and education, patients at risk for rapid disease progression, and clinical and translational research. Features procedural videos covering laser therapies, de-roofing procedures, excisions and closure techniques, cryoinsufflation techniques, and special wound care material selection and techniques. Includes recent FDA-approved drugs as well as those drugs and therapies that show future promise. Identifies evidence gaps that provide a springboard to the future innovations in HS care to come. Edited and authored by global experts who have co-authored 2019 U.S. and Canadian guidelines on hidradenitis suppurativa.

Hello, Crafternooners! Maura Madden invites you to enjoy a fun-filled afternoon of crafting.... Named after a monthly event that comedian and crafting superstar Maura Madden began hosting in 2002 as a way to get her friends together, meet new people, and have a good time making some cool stuff, Crafternoon is both an entertaining how-to guide and an irreverent social manifesto. Organized by month and theme, Crafternoon explains how to create and host a fun-filled casual gathering (including recipes for snacks and decorating tips) that celebrates the art of crafting. Knot nautical-themed crafts to wear, quilt new additions to your home decor, make the perfect gift for any holiday, or feel free to BYOP (bring your own project). All crafters are always welcome and encouraged to bring guests, and if your knitting or clay-shaping skills are a bit rusty, that's fine, too -- there are instructions aplenty! A must-have for anyone who wants to get their craft on, this quirky guide offers a twelve-month blueprint for a year of connecting with friends old and new, and enjoying a possibly messy, but always fulfilling

essayist T Kira Madden's raw and redemptive debut memoir is about coming of
age and reckoning with desire as a queer, biracial teenager amidst the fierce
contradictions of Boca Raton, Florida, a place where she found cult-like privilege,
shocking racial disparities, rampant white-collar crime, and powerfully destructive
standards of beauty hiding in plain sight. As a child, Madden lived a life of
extravagance, from her exclusive private school to her equestrian trophies and

designer shoe-brand name. But under the surface was a wild instability. The only child of parents continually battling drug and alcohol addictions, Madden confronted her environment alone. Facing a culture of assault and objectification, she found lifelines in the desperately loving friendships of fatherless girls. With unflinching honesty and lyrical prose, spanning from 1960s Hawai'i to the present-day struggle of a young woman mourning the loss of a father while unearthing truths that reframe her reality, *Long Live the Tribe of Fatherless Girls* is equal parts eulogy and love letter. It's a story about trauma and forgiveness, about families of blood and affinity, both lost and found, unmade and rebuilt, crooked and beautiful. Derived from the renowned multi-volume International Encyclopaedia of Laws, this convenient volume provides comprehensive analysis of the law affecting the physician-patient relationship in Ireland. Cutting across the traditional compartments with which lawyers are familiar, medical law is concerned with issues arising from this relationship, and not with the many wider juridical relations involved in the broader field of health care law. After a general introduction, the book systematically describes law related to the medical profession, proceeding from training, licensing, and other aspects of access to the profession, through disciplinary and professional liability and medical ethics considerations and quality assurance, to such aspects of the physician-patient relationship as rights and duties of physicians and patients, consent, privacy, and access to medical records. Also covered are specific issues such as organ transplants, human medical research, abortion, and euthanasia, as well as matters dealing with the physician in relation to other health care providers, health care insurance, and the health care system. Succinct and practical, this book will prove to be of great value to professional organizations of physicians, nurses, hospitals, and relevant government agencies. Lawyers representing

parties with interests in Ireland will welcome this very useful guide, and academics and researchers will appreciate its comparative value as a contribution to the study of medical law in the international context.

"As esports has grown, the need for professional legal representation has grown with it. Justin's Essential Guide to the Business & Law of Esports & Professional Video Gaming provides a great baseline and will help prevent the legal horror stories of esports in the past." Doing Early Childhood Research demystifies the research process. An international team of experienced researchers shows how to select methods which are appropriate for working with young children in early childhood settings or at home. They provide a thorough introduction to the most common research methods used in the early childhood context. Reflecting the multidisciplinary nature of much early childhood research, they cover a wide range of conventional and newer methods including observation, small surveys, interviews with adults and children, action research, ethnography and quasi-experimental approaches. They explain clearly how to set up research projects which are theoretically grounded, well-designed, rigorously analysed, feasible and ethically based. Each chapter is illustrated with examples. Widely used by early childhood researchers in many countries, this second edition of *Doing Early Childhood Research* has been fully revised. It includes new chapters on beginning research, mixed methods research, interviewing children, and working with Indigenous children, and also new case study chapters. It is essential reading for novice, initial career and experienced researchers.

De La Salle High School in Concord, California, is home to perhaps the greatest dynasty in sports history. At age 23, Coach Bob Ladouceur launched a legend, "The Streak," with no teaching or head-coaching experience, and with his teams amassed the highest winning percentage in all of football history with 138 consecutive victories. This book takes readers behind the scenes, closely following individual players, as Ladouceur guides his team through the most

daunting schedule in school history, the 2002 season. Numerous interviews with major-league coaches such as Bill Walsh, Steve Mariucci, and John Gruden show the depth of respect accorded to Ladouceur and his methods and philosophies. Written with full cooperation from the coach and including dozens of photographs, this book is perfect for anyone interested in the factors behind phenomenal team success.

Leadership and Change for the Health Professional will provide health professionals with the latest thinking on leadership theory and research. It highlights the issues that can block successful healthcare leadership initiatives, and explores ways of constructively engaging with the opportunities provided by change. Each chapter draws out practical lessons for effective and efficient leadership of care that is compassionate and safe. Leaders and students at all levels will be able to use this book to expand their leadership repertoire in a text that engages with many themes, including:

- The basics of leadership and the idea of leadership as a "calling"
- Motivating employees
- Implicit leadership theory
- Developing trust
- Building learning organisations
- Gender and equality
- Planning and organising change in healthcare
- Leading change

The links between the theory and practice of healthcare leadership are skilfully explored with examples of research implemented in practice, and the textbook further equips your study with helpful summaries and suggestions for further reading. This is essential reading for all healthcare professionals in clinical practice as well as students studying or engaged in research on health care management and leadership. With a foreword by Thomas Garavan, Edinburgh Napier Business School, UK. "Amongst the vast number of leadership

texts published every year this book stands out. It has been edited with considerable care by two highly respected scholars in the field to make it accessible to all those interested in, and practising, leadership, whether healthcare professionals or students. It is well organised and moves seamlessly to address many important questions about the nature of leadership, including important questions of ethics, gender, trust, motivation, innovation, teams, and distributed leadership. The final section focuses on leading change in healthcare, a critical element of leadership practice in today's world. Too many leadership books ignore context. This book, however, is firmly rooted in the healthcare context, and aspires to help professionals in this sector to reflect deeply on the complexities of leading through uncertain times. Whilst each chapter stands alone, the book's merit is in offering multiple perspectives. Curtis and Cullen have encouraged the book's contributors to address the big debates and themes in healthcare leadership today, whilst keeping in sharp focus the practice of leadership." Sharon Turnbull, Visiting Professor, Lancaster University Management School, UK "In *Leadership and Change for the Health Professional*, Elizabeth Curtis and John Cullen have crafted an exceptionally timely collection of practically-based research insights. As global healthcare systems face disruptive and often uncomfortable forces for change, this book tackles complex topics that health leaders must understand. While oriented toward generative practice and creative leadership skills, Curtis and Cullen do not shy away from engaging with controversial aspects of leadership development, such as bias, gendered practice, or even clinical failure, making it a valuable resource for educators and practitioners alike. Accessible and lively, *Leadership and Change for the Health Professional* is a successful blend of current issues with a visionary future." Kathy Lund Dean, Board of Trustees Distinguished Professor of

Leadership & Ethics, Gustavus Adolphus College, USA "Curtis and Cullen bring together a comprehensive overview of leadership, from its historical development up to its role within the current healthcare context, presented by a variety of scholars. The particular challenges and demands faced by leaders and those who aspire to lead are discussed within and it addresses the many facets of leadership approaches. Anyone interested in the development of leadership and change will find this particularly stimulating and a valuable text for academic and students alike." Alison H James, School of Healthcare Sciences, Cardiff University, UK "This book covers many aspects of leadership, which are timely in nature and directly relevant to health professionals. The contributors are highly respected and offer different perspectives on this complex issue. We need to encourage practitioners to see themselves as leaders – this evidence-based text will serve to guide them in this quest. De-emphasising the individual leadership qualities and including those of teams makes this book stand out from others. The NHS features prominently but despite this, readers from other countries should be able to easily transfer the content to their own health services. The useful websites at the end of each chapter provide further direction for readers. This is a text that is written with a very positive stance, even though the difficulties of being a leader are not ignored. It ends with a discussion on the vision for leadership – at individual, team and organisational levels. Lots to read, absorb and you can do this a chapter at a time which is great." Professor Bridie Kent, Head of School of Nursing and Midwifery, Plymouth University, UK "This book addresses an important topic, where there is huge scope to add value. This is partly due to the scale of the NHS. The language makes the text accessible to professionals as well as academics. It is also good to see that the issue of learning organisations is addressed, as well as impact of leadership on

patients." Professor John G Burgoyne, Lancaster University Management School, UK
"Leadership and Change for the Health Professional is a timely and authoritative academic and professional exposition of the challenges for clinicians and healthcare managers in carrying out their management roles in our modern medical and healthcare systems. Its focus on change is both apt and relevant in the context of the dynamic development of our healthcare structures."
Niamh Brennan, Michael MacCormac Professor of Management, University College Dublin
