A year-long collection of spells and rituals for harnessing the magical power of each day from the author of the Encyclopedia of 5000 Spells. We all could use a little magic in our daily lives. But while the year is filled with mystical dates, we don't always know when and how to celebrate them. By knowing and preparing for these special days we can use their inherent power to change our lives. Daily Magic is a perpetual calendar focused on days of spiritual and magical significance. April 30th for example, is perfect for spellcasting—especially spells for love, romance, fertility, and prosperity. Judika Illes teaches you how to create rituals and cast spells, provides recipes for potions, and offers advice on creating feasts to honor sacred beings. While the most spiritually significant power dates of the year are Midsummer's Eve, Halloween/Samhain, and New Year's, opportunities to use rituals and spells for the most popular goals—love, prosperity, fertility, healing, and protection—occur every week. Illes offers guidance on when to perform a spell—whether it's best to conjure now or to wait for a special power date later in the year. Daily Magic is a spiritual daily calendar that give us the power and the tools we need to take control of our destiny! Cunningham's classic introduction to Wicca is about how to live life magically, spiritually, and wholly attuned with nature. It is a book of sense and common sense, not only about magick, but about religion and one of the

most critical issues of today: how to achieve the much needed and wholesome relationship with our Earth. Cunningham presents Wicca as it is today: a gentle, Earth-oriented religion dedicated to the Goddess and God. Wicca also includes Scott Cunningham's own Book of Shadows and updated appendices of periodicals and occult suppliers.

Since before recorded history, shamans and healers of all kinds have used fragrant oils in ritual, magic and medicine, knowing as we do that their use has the potential to transform lives on physical, emotional, and spiritual levels. Because of their unique

effects on the mind of the practitioner, botanical oils provide a direct tie between the natural physical world and the spiritual plane. But what exactly are magical oils and where do they come from? Unlike other natural ingredients such as crystals and plant roots, oils don't come fully-formed into the world on their own-instead, they are derived from processes developed by human beings. Many who are new to the Craft may have little understanding of just what it is they're anointing their candles (or their own bodies) with, since unlike most other tools used in ritual and spellwork, oils aren't exactly easy to examine close-up. This lack of familiarity can make working with oils seem daunting, or even create an unintentional energetic disconnect between the beginning magician and these otherwise-powerful substances. If you've ever wondered how or why to use botanical oils in your spellwork, this guide will serve you well. Essential Oil Magic was created to provide you with a comprehensive overview of magical botanical oils and their use in modern Witchcraft. Best-selling author Lisa Chamberlain explains the evolution of magical oils over time, from their rustic beginnings to their modern incarnations in the form of essential oils, giving you a clearer sense of how these unique substances came to be and why they greatly enhance your ritual and magical practice. In addition, you'll be introduced to a Witch's dozen of essential oils commonly used in both healing and contemporary magic, many with histories of magical use going back for thousands of years. These 13 oils represent a wide range of scents, plant types, and healing and magical properties, and are among the most

affordable essential oils available today. What's more, each of the blend recipes and spells utilize oils from this Witch's dozen, making it easier for you to get your blending practice underway in no time. Foundations for Using Essential Oils in Your Magical Practice Knowing what goes into essential oils and how these ingredients contribute to magic is an excellent first step. But to create the highest quality magical blends, you'll need to know what to look for when purchasing your oils, and how to properly care for them. Furthermore, you'll need to get acquainted with each of your single oils on its own terms-its unique scent, its magical properties, and which oils to mix it with for a pleasing and powerful blend. Essential Oil Magic has all of this information and more, including: How our spiritual forbears in the Craft used botanical oils in ritual, magic and healing in ancient civilizations How the magical properties of oils add power to your spellwork Profiles of 13 of the most popular and readily available oils used by Witches today, including their magical properties and associations Detailed instructions for creating your own magical blends Blend recipes, oil-oriented spells for you to try your hand at, and a few other ideas for taking your practice further By the end of this guide, you will have a solid foundation to work from as you incorporate magical oils into your practice, and you'll be delighted by the diversity of this very special form of herbal magic! Purpose, faith, focus, and emotion set magical waves in motion. It is something I preach about often to clients - that no oil, candle, powder, or herb will do you any good without putting something of yourself into the work. Rubbing oil on a candle, lighting it, and walking away will not bring you what you want. When I create a batch of oils, I pray over them, asking that they work for whoever receives them. If the oil is of a loving nature, I imagine loving thoughts and request that they enter the bottle. For a money blend, I concentrate on rolls of cash, stacks of coins, and bills being marked 'paid' and ask all Guides and Gods to help make it so. When you use an oil created with this type of focus then combine it with your own, it is like having two practitioners working on your situation." The author is not only a certified clinical
