Financial Reporting & Analysis (FR&A) by Revsine/Collins/Johnson/Mittelstaedt emphasizes both the process of financial reporting and the analysis of financial statements. This book employs a true "user" perspective by discussing the contracting and decision implications of accounting and this helps readers understand why accounting choices matter and to whom. Revsine, Collins, Johnson, and Mittelstaedt train their readers to be good financial detectives, able to read, use, and interpret the statements and-most importantly understand how and why managers can utilize the flexibility in GAAP to manipulate the numbers for their own purposes.

Make smart business decisions! Recognizing that most students will become managers, and not accountants, Jiambalvo's Managerial Accounting, Second Edition focuses on the knowledge and skills that managers need to make good business decisions. Students and instructors alike have praised the clear and concise writing style – discussions are to the point, ideas are illustrated, and examples are presented to make the ideas concrete.
