Designed for student use, this supplement contains fully worked-out solutions for all of the even-numbered questions and problems in the textbook. This may be purchased with the instructor's permission.

This classic text for MBA programs offers balanced coverage of concepts, methods, and uses of managerial accounting with an increasingly strong emphasis on management decision-making. This approach helps focus on concepts and managerial uses of financial information rather than techniques of cost accounting. The current edition emphasizes international issues, strategic effects of decisions, ethics, and new management accounting trends. Also emphasized are process improvement, integration of financial reporting issues for management decision-making, and application of managerial accounting tools to the emerging service sector, government, and nonprofits in examples and problem material.

Accounting: Tools for Business Decision Making, 7th Edition is a two-semester financial and managerial accounting course designed to show students the importance of accounting in their everyday lives. Emphasizing decision-making, this new edition features relevant topics such as data analytics as well as the time-tested features that have proven to be of most help to students.

Available to help instruct students in solving all assignment material. Each chapter also contains one set of papers that can be used for either the A or B problem sets.

This resource presents the key accounting concepts that managers must know in order to make informed decisions. The fourth edition includes expanded Incremental Measurement and You Get What You Measure sections in each chapter. These hallmark features help them focus on real issues. New demo problems have been added as well to show how the concepts are applied. The end-of-chapter problems and Links to Practice sections have been revised and updated to connect the techniques to the business world. Case studies also enable managers to gain critical and applied thinking skills that are especially important in today's competitive environment.
