“One of today's automatic buy-today-read-tonight series...thoughtful but suspenseful, fast but lasting, contemporary but strangely timeless.” (Lee Child) In the extraordinary new Cork O'Connor thriller from New York Times bestselling and Edgar Award–winning author William Kent Krueger, the lives of hundreds of innocent people are at stake when Cork vanishes just days before his daughter's wedding. Since the violent deaths of his wife, father, and best friend all occurred in previous Novembers, Cork O'Connor has always considered it to be the cruelest of months. Yet, his daughter has chosen this dismal time of year in which to marry, and Cork is understandably uneasy. His concern comes to a head when a man camping in Minnesota's Boundary Waters Canoe Area Wilderness goes missing. As the official search ends with no recovery in sight, Cork is asked by the man's family to stay on the case. Although the wedding is fast approaching and the weather looks threatening, he accepts and returns to that vast wilderness on his own. As the sky darkens and the days pass, Cork's family anxiously awaits his return. Finally certain that something has gone terribly wrong, they fly by floatplane to the lake where the missing man was last seen. Locating Cork's campsite, they find no sign of their father. They do find blood, however. A lot of it. With an early winter storm on the horizon, it's a race against time as Cork's family struggles to uncover the mystery behind these disappearances. Little do they know, not only is Cork's life on the line, but so are the lives of hundreds of others. A taut, suspenseful thriller, *Manitou Canyon* features everything readers love in a Cork O'Connor novel: a dramatic Northwoods setting, an intriguing view of the Ojibwe culture, an enigmatic crime, masterful storytelling, and more than a few surprises.

*The Girl Who Wouldn't Be Intimidated* This is book # 5 in the Manitou series and many familiar characters are back. This story begins with two new comers arriving in Manitou. Peter Steele and Ronni, his nearly sixteen year old daughter, are relocating from the Finger Lake Region of New York. Peter had accepted a position as manager of the Manitou Center for the Arts. The issue they were struggling with was that Peter was excited about the move and Ronni never want to leave her lifelong home. Although they were comforted to see that Manitou's main street looked similar to Seneca Falls, they immediately sensed that something was wrong in the town. Although they were told that Manitou was a friendly place they quickly learned that there was a pattern of bullying and a number of homeless and less fortunate people were being physically attacked. There was a growing resentment among many community members toward people that were considered different. When Ronni witnessed bullying at school she didn't stand by. Her actions put her in the cross hairs of some angry, abusive people. Undaunted, Ronni challenged the school and the community to establish an anti-bullying program. For new comers in town the Steeles certainly drew the attention of a wide variety of citizens including Chief Ed Parker of the Manitou Police. Ed was the beloved police chief whose reputation was being attacked by the mayor because he failed to catch the attackers. The story becomes more intense as Ronni and the Chief sense a connection between school bullying, the mayor's rhetoric on subsidized housing and the attacks on the homeless people than was first seen. The attacks seemed to be planful and focused on causing a distrust of strangers or people that are different in Manitou. Many of the characters from previous books in the series step forward to help deal with the issue. What started out as a bullying issued turned into something much greater. Something that could destroy the peaceful fabric of the town. Ronni's willingness to take a leadership role in the community play an important part in her acceptance of Manitou as her home. She quickly learns that bullying attitude is being intentionally fueled by some powerful people for some other nefarious reason. Tamara and Drew Ashley, Chief Ed and Barbara Parker, Mike and Edie Edwards, Rhonda Grabowski all play a major role in the story. The possibility of a ghost in the Manitou Arts Theater is investigated with some interesting results. Some of the events will change people's lives forever and indeed change Manitou. Love blooms even when not expected and Ronni, a girl never interested in sports, joins the cross country teams and draws the attention of Tony Edwards, star football player. The question is whether Manitou can weather the hostile, negative experiences and continue to the warm, accepting community we've grown to love.

Making a radical departure from traditional approaches to colonial American history, this book looks back at Indian-white relations from the perspective of the Indians themselves. In doing so, Salisbury reaches some startling new conclusions about a period of crucial—yet often overlooked—contact between two irreconcilably different cultures.

This heavily illustrated, full colour book uses the framework of historical narrative to elucidate the past 11,000 years of Aboriginal history in present-day Alberta. In so doing, it conveys the challenges that Aboriginal people have confronted and celebrates the enduring legacy that they have created. From medicine wheels, buffalo jumps, and rock art images, the story moves forward through the fur trade era, the disappearance of the bison, and the long years of cultural suppression that followed the signing of treaties. Importantly, the story carries through to the present day, exploring grassroots political and cultural movements of the 1960s, contemporary self-government initiatives, and the ongoing reclamation of Aboriginal voice. *Aboriginal Cultures in Alberta: Five Hundred Generations* also showcases the diversity of Aboriginal groups in Alberta. The book was developed in consultation with and features the experiences and perspectives of Elders and representatives from First Nations and Metis communities throughout the province. With its recognition that Aboriginal people are a vital part of contemporary society, *Aboriginal Cultures in Alberta: Five Hundred Generations* makes an important contribution toward fostering an understanding of Aboriginal history and culture in Alberta.
