His life intertwining with his art, and his art drawing upon real people and real lives, Gopalakrishnan's cinema turns the mundane into the magical, the commonplace into the startling. In Adoor Gopalakrishnan: A Life in Cinema, the first authorized biography of the Dadasaheb Phalke Award winner, Gautaman Bhaskaran traces the ebbs and flows of the life of this enigmatic director. Najeeb's dearest wish is to work in the Gulf and earn enough money to send back home. He achieves his dream only to be propelled by a series of incidents, grim and absurd, into a slave-like existence herding goats in the middle of the Saudi desert. Memories of the lush, verdant landscape of his village and of his loving family haunt Najeeb whose only solace is the companionship of goats. In the end, the lonely young man contrives a hazardous scheme to escape his desert prison. Goat Days was published to acclaim in Malayalam and became a bestseller. One of the brilliant new talents of Malayalam literature, Benyamin's wry and tender telling transforms this strange and bitter comedy of Najeeb's life in the desert into a universal tale of loneliness and alienation.

A restlessness born of guilt and despair leads Ravi to embark on a journey that ends in the remote village of Khasak in the picturesque Palghat countryside in Kerala. A land from the past, potent with dreams and legends, enfolds the traveller in a powerful and unsettling embrace. Ravi is bewitched and entranced as everything around him-the villagers; their children whom he teaches in a makeshift school; the elders who see him as a threat; the toddy-tappers; the shamans-takes on the quality of myth. And then reality, painful and threatening, begins

to intrude on the sojourner's resting place and Ravi begins to understand that there is no escape from the relentless dictates of karma... Often poetic and dark, always complex and rich, *The Legends of Khasak*, O.V. Vijayan's much-acclaimed first novel, translated into English by the author, is an extraordinary achievement

Philosophy, and in particular continental philosophy, has provided a conceptual underpinning for cinema since its beginnings, especially in the development of cinematic aesthetics. In its turn, film has rethought the abstractions of space and time and the categories of sex and gender and has created new concepts which illuminate phenomenology, metaphysics and epistemology. "Film and Philosophy" brings together leading scholars to provide a detailed overview of the key thinkers who have shaped the field of film philosophy. The thinkers include continental and 'post-continental' philosophers, analytic philosophers, film-makers, film reviewers, sociologists, and cultural theorists. The essays reveal how philosophy can be applied to film analysis and how film can be used to illustrate philosophical problems. But more importantly, the essays explore how film has shaped what philosophy thinks and how philosophy has led to a reappraisal of film. The book will prove an invaluable reference and guide to readers interested in a deeper understanding of the issues and insights presented by film philosophy." *Film and Philosophy* includes essays on: Hugo Munsterberg, Vilem Flusser, Siegfried Kracauer, Theodor Adorno, Antonin Artaud, Henri Bergson, Maurice Merleau-Ponty, Emmanuel Levinas, Andre Bazin, Roland Barthes, Serge Daney, Jean-Luc Godard, Stanley Cavell, Jean-Luc Nancy, Jacques Derrida, Gilles Deleuze, Sarah Kofman, Paul Virilio, Jean Baudrillard, Jean-Francois Lyotard, Fredric Jameson, Felix Guattari, Raymond Bellour, Christian Metz, Julia Kristeva, Laura Mulvey, Homi Bhabha, Slavoj Zizek, Stephen Heath, Alain Badiou, Jacques Ranciere, Leo Bersani, Giorgio Agamben, and Michel Chion.

Sometimes it seems like there are as many definitions of poetry as there are poems. Coleridge defined poetry as "the best words in the best order." St. Augustine called it "the Devil's wine." For Shelley, poetry was "the record of the best and happiest moments of the happiest and best minds." But no matter how you define it, poetry has exercised a hold upon the hearts and minds of people for more than five millennia. That's because for the attentive reader, poetry has the power to send chills shooting down the spine and lightning bolts flashing in the brain — to throw open the doors of perception and hone our sensibilities to a scalpel's edge. *Poetry For Dummies* is a great guide to reading and writing poems, not only for beginners, but for anyone interested in verse. From Homer to Basho, Chaucer to Rumi, Shelley to Ginsberg, it introduces you to poetry's greatest practitioners. It arms you with the tools you need to understand and appreciate poetry in all its forms, and to explore your own talent as a poet. Discover how to: Understand poetic language and forms Interpret poems Get a handle on poetry through the ages Find poetry readings near you Write your own poems Shop your work around to publishers Don't know the difference between an iamb and a trochee? Worry not, this friendly guide demystifies the jargon, and it covers a lot more ground besides, including: Understanding subject, tone, narrative; and poetic language Mastering the three steps to interpretation Facing the challenges of older poetry Exploring 5,000 years of verse, from Mesopotamia to the global village Writing open-form poetry Working with traditional forms of verse Writing exercises for aspiring poets Getting published From Sappho to Clark Coolidge, and just about everyone in between, *Poetry For Dummies* puts you in touch with the greats of modern and ancient poetry. Need guidance on composing a ghazal, a tanka, a sestina, or a psalm? This is the book for you.

"One of our major novelists" (Salman Rushdie) tells the story of a woman reflecting on her uncompromising life, and the life of a former lover, in this provocative novel. "Yiyun Li is one of my favorite writers, and *Must I Go* is an extraordinary book."—Meg Wolitzer, New York Times bestselling author of *The Female Persuasion* and *The Interestings* **NAMED ONE OF THE BEST BOOKS OF THE YEAR BY MARIE CLAIRE AND ESQUIRE** Lilia Liska has shrewdly outlived three husbands, raised five children, and seen the arrival of seventeen grandchildren. Now she has turned her keen attention to the diary of a long-forgotten man named Roland Bouley, with whom she once had a fleeting affair. Increasingly obsessed with Roland's intimate history, Lilia begins to annotate the diary with her own rather different version of events, revealing the surprising, long-held secrets of her past. She returns inexorably to the memory of her daughter Lucy. This is a novel about life in all its messy glory, and of a life lived, by the extraordinary Lilia, absolutely on its own terms. With great candor and insight, Yiyun Li navigates the twin poles of grief and resilience, loss and rebirth, that compass a human heart.

First published in Malayalam in 1973, *My Story*, Kamala Das' sensational autobiography, shocked readers with its total disregard for mindless conventions and its fearless articulation of a subject still considered taboo. Depicting the author's intensely personal experiences in her passage to womanhood and shedding light on the hypocrisies that informed traditional society, this memoir was far ahead of its time and is now acknowledged as a bona fide masterpiece.

The mathematical sciences are part of nearly all aspects of everyday life—the discipline has underpinned such beneficial modern capabilities as Internet search, medical imaging, computer animation, numerical weather predictions, and all types of digital communications. *The Mathematical Sciences in 2025* examines the current state of the mathematical sciences and explores the changes needed for the discipline to be in a strong position and able to maximize its contribution to the nation in 2025. It finds the vitality of the discipline excellent and that it contributes in expanding ways to most areas of science and engineering, as well as to the nation as a whole, and recommends that training for future generations of mathematical scientists should be re-assessed in light of the increasingly cross-disciplinary nature of the mathematical sciences. In addition, because of the valuable interplay between ideas and people from all parts of the mathematical sciences, the report emphasizes that universities and the government need to continue to invest in the full spectrum of the mathematical sciences in order for the whole enterprise to continue to flourish long-term.

Perhaps the only novel to have been reprinted nearly every year for over a hundred years, Indulekha (1889) is widely held to be the first Malayalam novel. Often called an 'accidental' and 'flawed' work, at its core lies a love story. The setting of the novel is the Nair community of Kerala, which had for centuries practised polyandrous matriliney, a most unusual form of inheritance through the woman whom both property and authority flavoured. It gives us glimpses of prevalent social practices much debated amongst a people already under colonial pressure to change their ways of life. Written by a Nair, Indulekha is not a grandiose outpouring but the author's effort to achieve certain social goals: firstly, to create a novel much like those of the English authors he had read, and secondly, to illustrate Nair society at that time, both of which met with success. The novel influenced the deliberations of the Malabar Marriage Commission which it predated, and of which Chandum enon was a member. This novel will appeal to general readers interested in Indian writings in translation. Students of literature, history and culture, political and legal theory, and gender studies, will also find it useful.

Naalukettu: The House Around the Courtyard is the story of a young boy, Appunni, set in a matrilineal Nair joint family (a taravad) in the author's native village, Kudallur. Appunni grows up to earn enough money and returns to buy his ancestral home, but his victory soon turns into ashes when his father's murderer turns out to be the same man who was the only sympathetic adult in Appunni's lonely teenage years.

The only novel of one of Kerala's leading women writers, Lalithambika Antharjanam's Agnisakshi is a telling account of a woman's life glowing as though purified in the "fire of sacrifice". Set against the history of Kerala, and life, customs, habits, and culture of the Namboodiri community, along with the fervent cries of the Indian National Freedom struggle, the characters act out their unforgettable roles: Tethi, the dazzling but disappointed bride who renounces worldly life; Unni Namboodiri, whose adherence to the Vedic way of life destroys his personal happiness; and Thankam, Unni's Nair cousin and the mighty Aphan Namboodiri's daughter, seeking her own liberation from the past. True to the lyrical and emotional tone of the original, Vasanthi Sankaranarayanan's translation offers a moving portrait of upper-class, upper-caste Kerala society just before and after Independence.
