The Poems of T. S. Eliot is the authoritative edition of one of our greatest poets, scrupulously edited by Christopher Ricks and Jim McCue. It provides, for the first time, a fully scrutinized text of Eliot's poems, carefully restoring accidental omissions and removing textual errors that have crept in over the full century in which Eliot has been so frequently printed and reprinted. The edition also presents many poems from Eliot's youth which were published only decades later, as well as others that saw only private circulation in his lifetime, of which dozens are collected for the first time. To accompany Eliot's poems, Christopher Ricks and Jim McCue have provided a commentary that illuminates the creative activity that came to constitute each poem, calling upon drafts, correspondence and other original materials to provide a vivid account of the poet's working processes, his reading, his influences and his revisions. The first volume respects Eliot's decisions by opening with his Collected Poems 1909-1962 in the form in which he issued it, shortly before his death fifty years ago. There follow in this first volume the uncollected poems from his youth that he had chosen to publish, along with such other poems as could be considered suitable for publication. The second volume opens with the two books of poems of other kinds that he issued, Old Possum's Book of Practical Cats and his translation of Perse's Anabase, moving then to verses privately

circulated as informal or improper or clubmanlike. Each of these sections is accompanied by its respective commentary, and then, pertaining to the entire edition, there is a comprehensive textual history recording variants both manuscript and published. The Poems of T. S. Eliot is a work of enlightening scholarship that will delight and inform all those who read Eliot for pleasure, as well as all those who read with pleasure and for study. Here are a new accuracy and an unparalleled insight into the marvels and landmarks from The Love Song of J. Alfred Prufrock and The Waste Land through to Four Quartets

This volume brings together six case studies of an adult multilingual speaker who acquires a new language through social interaction. The book deals especially with the multilingual situation, the learner's acquisitional activities, and the involvement of background languages in the process of speaking. It offers a coherent study of various linguistic phenomena in one individual, including patterns and functions of language switching, word search in interaction, hypothetical construction of words, and articulatory settings in speaking. The main languages involved are English (L1), German (L2) and Swedish (L3). The activation of these languages in the learner's speech is examined in a cognitive perspective in relation to current models of the speaking process. A longitudinal corpus of NNS"NS conversations covering 21 months from the beginner stage provides the main data for these studies.Key Features:*Presents an example of an active and purposeful language acquirer*Explores cross-linguistic influence in a

multilingual setting*Highlights the significance of prior L2 knowledge in L3 performance*Useful for students and researchers interested in second and third language acquisition, individual multilingualism and the human speaking process.

Since its first publication in 1962, Gimson's Pronunciation of English has been the essential reference book for anyone studying or teaching the pronunciation of English. This eighth edition has been updated to describe General British (GB) as the principal accent, rather than RP, and the accompanying transcriptions have been brought into line with recent changes in pronunciation. This latest edition also includes completely rewritten chapters on the history of the language and the emergence of a standard, alongside a justification for the change from RP to GB. A further bonus to this important text is its extensive and attractive new Companion Website (www.routledge.com/cw/cruttenden), which now includes moment-by-moment commentaries on videos showing the articulation of all GB consonants and vowels in spoken phrases, as well as cross-referencing between the book and these videos. The Companion Website also includes new recordings of Old English, Middle English, and Early Modern English, and features links to recordings of recent and current GB with comments and transcriptions. Comprehensive yet accessible, Gimson's Pronunciation of English remains the indispensable reference book for anyone for anyone with an interest in English phonetics.

Describes a range of classroom-tested activities and strategies designed to help elementary school teachers meet the needs of a diverse student population.

This volume is one of the first detailed expositions of the history of different varieties of English. It explores language variation and varieties of English from an
