

Mcts Self Paced Training Kit Exam 70 536 Microsoft Framework 2 0 Application Development Foundation Pro Developer

Announcing an all-new SELF-PACED TRAINING KIT designed to help maximize your performance on 70-511, the required exam for the MCTS certification: Windows Application Development with Microsoft .NET Framework 4. This 2-in-1 kit includes the official Microsoft study guide, plus practice tests on CD to help you assess your skills. It comes packed with the tools and features exam candidates want most--including in-depth, self-paced training based on final exam content; rigorous, objective-by-objective review; exam tips from expert, exam-certified authors; and customizable testing options. It also provides real-world scenarios, case study examples, and troubleshooting labs for the skills and expertise you can use on the job. Work at your own pace through the lessons and lab exercises in the official study guide. Coverage includes evaluating design requirements for the user interface (UI); building the UI using basic to advanced techniques with Windows Presentation Foundation (WPF); managing data at the UI level, including data-binding, data validation, and data-bound controls; and enhancing solution functionality and usability. Then assess yourself using practice questions on CD, featuring multiple customizable testing options to meet your specific needs. Choose timed or untimed testing mode, generate random tests, or focus on discrete objectives. You get detailed explanations for right and wrong answers--including pointers back to the book for further study. --making this kit an exceptional value and a great career investment. A Note Regarding the CD or DVD Assess your skills with practice tests. You can work through hundreds of questions using multiple testing modes to meet your specific learning needs. You get detailed explanations for right and wrong answers--including a customized learning path that describes how and where to focus your studies. For customers who purchase an ebook version of this title, instructions for downloading the CD files can be found in the ebook.

In this all-new, self-paced training kit, professionals will find official, in-depth exam prep with an official Microsoft study guide, an evaluation version of Office Project 2007 software, a CD with more than 250 practice and review questions, and much more.

Provides information to prepare for the MCP Exam 7-270 with lessons, exercises, review questions, and labs.

Please direct any questions or concerns to booktech@oreilly.com. This Report is one of the first comprehensive studies on young children in India. It focuses on children under 6 years of age and presents key aspects of their well-being and development. With the highest number of neonatal, infant and under-5 deaths in the world, there is an urgent need to address issues that continue to affect the young child in India. This volume: Introduces two young child indices aggregating selected indicators to separately track child outcomes and child circumstances. Provides an account of the current situation of the young child in terms of physical and cognitive development, access to care, disadvantaged children and major issues that have led to the continued neglect of this age group. Explores the policy and legal framework, fiscal space and the role and obligations of key stakeholders, including the state, private sector, civil society, media and the family. Highlights key recommendations and action points that can help to improve the ecosystem for early childhood care and development. Drawing on specially commissioned technical background papers, supplemented by extensive field experience of Mobile Creches in childcare, this Report

will be of interest to practitioners, policymakers and influencers, think tanks and researchers of public policy, development studies, human rights, sociology and social anthropology, as well as general readers. The Open Access version of this book, available at <http://www.tandfebooks.com/doi/view/10.4324/9781003026488>, has been made available under a Creative Commons Attribution-Non Commercial-No Derivatives 4.0 license. .
