This book is based upon life experiences, through ups and downs of any and every situation, through every relationship, through all different life occasions and what they have to offer. Whether it be a holiday or just a normal average day or night. These times of experiences are very detailed and described through song and poetry as one in which I like to call and proclaim as soetry.

Song and poetry are nearly the same thing. The only difference is adding music to the words of either to create a poetic song that tells us all a story of an event in life's circumstances through what has taken place.

Music, song, and poetry has always been part of my life and I believe has been passed down from generation to generation throughout my family unto myself for me to be able to create and present something as to the world today through the book that you're reading. Everything that we go through and experience in life is meant to be. Some events are great, others not so much. We always

learn life's lessons through the failures that we come across. Although sometimes not so pleasant, we all must experience these not-so-pleasant events in life to learn from them to get to where we are, in what I like to call the Growing and Going Process, into the direction of learning from them. And if somehow we don't, the lesson of life will repeat itself until we do learn so we can make it further in life to have great accomplishments. We all have a future, a purpose, and a plan, whether we see it or choose to accept it or not.
