

Memo Note Paper

#1 NEW YORK TIMES BEST SELLER • In this urgent, authoritative book, Bill Gates sets out a wide-ranging, practical—and accessible—plan for how the world can get to zero greenhouse gas emissions in time to avoid a climate catastrophe. Bill Gates has spent a decade investigating the causes and effects of climate change. With the help of experts in the fields of physics, chemistry, biology, engineering, political science, and finance, he has focused on what must be done in order to stop the planet's slide to certain environmental disaster. In this book, he not only explains why we need to work toward net-zero emissions of greenhouse gases, but also details what we need to do to achieve this profoundly important goal. He gives us a clear-eyed description of the challenges we face. Drawing on his understanding of innovation and what it takes to get new ideas into the market, he describes the areas in which technology is already helping to reduce emissions, where and how the current technology can be made to function more effectively, where breakthrough technologies are needed, and who is working on these essential innovations. Finally, he lays out a concrete, practical plan for achieving the goal of zero emissions—suggesting not only policies that governments should adopt, but what we as individuals can do to keep our government, our employers, and ourselves accountable in this crucial enterprise. As Bill Gates makes clear, achieving zero emissions will not be simple or easy to do, but if we follow the plan he sets out here, it is a goal firmly within our reach.

Combining robust narrative with a wide variety of interesting cases, *International Entrepreneurship: Starting, Developing, and Managing a Global Venture* focuses on the need for every entrepreneur to at least consider entering the global market in today's hypercompetitive world. As an ever-growing number of countries become market oriented and developed, the distinction between foreign and domestic markets is becoming less pronounced, and entrepreneurs increasingly need to develop skills to identify opportunities and then manage these opportunities on a global basis. *International Entrepreneurship* is an ideal resource for students, professors, government officials, and practitioners throughout the world who are interested in this vital, growing area. Key Features Includes chapter-opening international scenarios that feature a global entrepreneur or a global entrepreneurial venture to set the scene for the issues that follow Demonstrates global entrepreneurial issues through real-life cases from countries throughout the world Draws content from a wide variety of disciplines, including anthropology, economics, geography, history, jurisprudence, and language Includes chapter-ending class exercises, discussion questions, and suggestions for additional reading to provide readers with hands-on learning opportunities and avenues for future research Helpful Teaching Ancillaries Instructor Resources are available on a password-protected website at <http://www.sagepub.com/hisrichinstr>. These resources include chapter outlines, end of chapter discussions, chapter exercises, and teaching notes. *International Entrepreneurship* is appropriate as a core text for courses such as Global Entrepreneurship or International Entrepreneurship or as a supplement in upper-level undergraduate and MBA courses in Entrepreneurship, New Venture Management, and Entrepreneurship Strategy. In addition, it can be used as an ancillary text in International Business and International Management courses.

Perfect for reminders, calendar notes, homework notes, name tags, and much more! Each pad features 50 acid-free, lignin-free sheets and measures approx. 5.75" x 6.25". Available in a variety of prints, notepads are an essential addition to any teacher's desk!

Esquire. Ford Motors. Burton Snowboards. The Obama Administration. While all of these brands are vastly different, they share at least one thing in common: a teeny, little bit of Aaron James Draplin. Draplin is one of the new school of influential graphic designers who combine the power of design, social media, entrepreneurship, and DIY aesthetic to create a successful business and way of life. *Pretty Much Everything* is a mid-career survey of work, case studies, inspiration, road stories, lists, maps, how-tos, and advice. It includes examples of his work—posters, record covers, logos—and presents the process behind his design with projects like *Field Notes* and the "Things We Love" State Posters. Draplin also offers valuable advice and hilarious commentary that illustrates how much more goes into design than just what appears on the page. With Draplin's humor and pointed observations on the contemporary design scene, *Draplin Design Co.* is the complete package for the new generation of designers.

Communicate effectively and get everything you want! Instant expertise for business people who've swiftly moved into management positions—and need immediate access to the nuts and bolts of the business art. This series of brisk, readable titles will arm self-starters with the knowledge and skills they need to: be a good boss, run an effective meeting, manage benefits, plan successfully, and meet the myriad challenges impossible to anticipate in the grad school classroom. With an eye to blending the practical with the humanistic, each volume in the series lays bare an essential aspect of the complex business scene—and promises to become mandatory reading for every would-be executive in today's fiercely competitive working world.

Provides guidelines and examples for handling research, outlining, spelling, punctuation, formatting, and documentation.

From the creator of the popular website *Ask a Manager* and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit "reply all" • you're being micromanaged—or not being managed at all • you catch a

colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager "A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work."—Booklist (starred review) "The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience."—Library Journal (starred review) "I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor."—Robert Sutton, Stanford professor and author of The No Asshole Rule and The Asshole Survival Guide "Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way."—Erin Lowry, author of Broke Millennial: Stop Scraping By and Get Your Financial Life Together

The transition from President Donald J. Trump to President Joseph R. Biden Jr. stands as one of the most dangerous periods in American history. But as # 1 internationally bestselling author Bob Woodward and acclaimed reporter Robert Costa reveal for the first time, it was far more than just a domestic political crisis. Woodward and Costa interviewed more than 200 people at the center of the turmoil, resulting in more than 6,000 pages of transcripts—and a spellbinding and definitive portrait of a nation on the brink. This classic study of Washington takes readers deep inside the Trump White House, the Biden White House, the 2020 campaign, and the Pentagon and Congress, with vivid, eyewitness accounts of what really happened. Peril is supplemented throughout with never-before-seen material from secret orders, transcripts of confidential calls, diaries, emails, meeting notes and other personal and government records, making for an unparalleled history. It is also the first inside look at Biden's presidency as he faces the challenges of a lifetime: the continuing deadly pandemic and millions of Americans facing soul-crushing economic pain, all the while navigating a bitter and disabling partisan divide, a world rife with threats, and the hovering, dark shadow of the former president. "We have much to do in this winter of peril," Biden declared at his inauguration, an event marked by a nerve-racking security alert and the threat of domestic terrorism. Peril is the extraordinary story of the end of one presidency and the beginning of another, and represents the culmination of Bob Woodward's news-making trilogy on the Trump presidency, along with Fear and Rage. And it is the beginning of a collaboration with fellow Washington Post reporter Robert Costa that will remind readers of Woodward's coverage, with Carl Bernstein, of President Richard M. Nixon's final days.

The groundbreaking investigative story of how three successive presidents and their military commanders deceived the public year after year about America's longest war, foreshadowing the Taliban's recapture of Afghanistan, by Washington Post reporter and three-time Pulitzer Prize finalist Craig Whitlock. Unlike the wars in Vietnam and Iraq, the US invasion of Afghanistan in 2001 had near-unanimous public support. At first, the goals were straightforward and clear: to defeat al-Qaeda and prevent a repeat of 9/11. Yet soon after the United States and its allies removed the Taliban from power, the mission veered off course and US officials lost sight of their original objectives. Distracted by the war in Iraq, the US military became mired in an unwinnable guerrilla conflict in a country it did not understand. But no president wanted to admit failure, especially in a war that began as a just cause. Instead, the Bush, Obama, and Trump administrations sent more and more troops to Afghanistan and repeatedly said they were making progress, even though they knew there was no realistic prospect for an outright victory. Just as the Pentagon Papers changed the public's understanding of Vietnam, The Afghanistan Papers contains startling revelation after revelation from people who played a direct role in the war, from leaders in the White House and the Pentagon to soldiers and aid workers on the front lines. In unvarnished language, they admit that the US government's strategies were a mess, that the nation-building project was a colossal failure, and that drugs and corruption gained a stranglehold over their allies in the Afghan government. All told, the account is based on interviews with more than 1,000 people who knew that the US government was presenting a distorted, and sometimes entirely fabricated, version of the facts on the ground. Documents unearthed by The Washington Post reveal that President Bush didn't know the name of his Afghanistan war commander—and didn't want to make time to meet with him. Secretary of Defense Donald Rumsfeld admitted he had "no visibility into who the bad guys are." His successor, Robert Gates, said: "We didn't know jack shit about al-Qaeda." The Afghanistan Papers is a shocking account that will supercharge a long overdue reckoning over what went wrong and forever change the way the conflict is remembered.

“A masterful diplomatic memoir” (The Washington Post) from Joe Biden’s nominee for CIA director, a career ambassador who served five presidents and ten secretaries of state—an impassioned argument for the enduring value of diplomacy in an increasingly volatile world. Over the course of more than three decades as an American diplomat, William J. Burns played a central role in the most consequential diplomatic episodes of his time—from the bloodless end of the Cold War to the collapse of post–Cold War relations with Putin’s Russia, from post–9/11 tumult in the Middle East to the secret nuclear talks with Iran. In *The Back Channel*, Burns recounts, with novelistic detail and incisive analysis, some of the seminal moments of his career. Drawing on a trove of newly declassified cables and memos, he gives readers a rare inside look at American diplomacy in action. His dispatches from war-torn Chechnya and Qaddafi’s bizarre camp in the Libyan desert and his warnings of the “Perfect Storm” that would be unleashed by the Iraq War will reshape our understanding of history—and inform the policy debates of the future. Burns sketches the contours of effective American leadership in a world that resembles neither the zero-sum Cold War contest of his early years as a diplomat nor the “unipolar moment” of American primacy that followed. Ultimately, *The Back Channel* is an eloquent, deeply informed, and timely story of a life spent in service of American interests abroad. It is also a powerful reminder, in a time of great turmoil, of the enduring importance of diplomacy. Advance praise for *The Back Channel* “Bill Burns is simply one of the finest U.S. diplomats of the last half century. *The Back Channel* demonstrates his rare and precious combination of strategic insight and policy action. It is full of riveting historical detail but also, more important, shrewd insights into how we can advance our interests and values in a world where U.S. leadership remains the linchpin of international order.”—James A. Baker III “From one of America’s consummate diplomats, *The Back Channel* is an incisive and sorely needed case for the revitalization of diplomacy—what Burns wisely describes as our ‘tool of first resort.’”—Henry Kissinger “Burns not only offers a vivid account of how American diplomacy works, he also puts forward a compelling vision for its future that will surely inspire new generations to follow his incredible example.”—Madeleine K. Albright

The chairman of the board of Bear Stearns investment bank shares his innovative approach to business in a collection of witty, trenchant, and inspirational thoughts on success, bureaucracy, arrogance, telephone manners, and other topics.

The development of theory through qualitative analysis is emphasized in this instructional text for students & teachers engaged in research or teaching qualitative data analysis in the social sciences.
