Although Mann is considered to be a deeply German writer, at the time that he began writing, Germany itself was fairly new to the world. When Death in Venice was published in 1912, a unified Germany had existed for a mere 41 years. Although Mann moved to Munich after high school, he was always aware of being North German and felt his more somber and serious artistic sense put him at odds with other artists in Munich. The connection between Germany and Italy in his work has clear political relevance, as the two countries unified their fragmented areas to become nations at similar points of time in history (King Victor Emmanuel began to rule over a unified Italy in 1861). Mann wrote in the context of a number of literary styles. At the turn of the century, Naturalism reigned, and Mann sought to differentiate himself from writers such as Zola and Ibsen who faithfully transcribed even the most minute concrete details of daily life. In contrast to naturalist writers, Mann's precision is psychological, rather than physical. Specifically, Mann was influenced by other European masters including Tolstoy, whose epic sweep he admired, and Flaubert, whose labor over each and every sentence he emulated. Mann was also deeply indebted to the philosophy of Nietzsche, whose skeptical mode of analysis he adopted. Nietzsche claimed to be a great authority on the subject of decadence, and Mann's works focus almost exclusively on this topic, along with degeneracy and the decline of greatness.

Despite its importance to literary and cultural texts of resistance, theater has been largely overlooked as a field of analysis in colonial and postcolonial studies. Acts of Authority/Acts of Resistance seeks to address that absence, as it uniquely views drama and performance as central to the practice of nationalism and anti-colonial resistance. Nandi Bhatia argues that Indian theater was a significant force in the struggle against oppressive colonial and postcolonial structures, as it sought to undo various schemes of political and cultural power through its engagement with subjects derived from mythology, history, and available colonial models such as Shakespeare. Bhatia's attention to local histories within a postcolonial framework places performance in a global and transcultural context. Drawing connections between art and politics, between performance and everyday experience, Bhatia shows how performance often intervened in political debates and even changed the course of politics. One of the first Western studies of Indian theater to link the aesthetics and the politics of that theater, Acts of Authority/Acts of Resistance combines in-depth archival research with close readings of dramatic texts performed at critical moments in history. Each chapter amplifies its themes against the backdrop of specific social conditions as it examines particular dramatic productions, from The Indigo Mirror to adaptations of Shakespeare plays by Indian theater companies, illustrating the role of theater in bringing nationalist, anticolonial, and gendered struggles into the public sphere. Nandi Bhatia is Associate Professor of English at the University of Western Ontario.

A new edition of Shakespeare's late romantic tragicomedy, Cymbeline.

How do text, performance, and rhetoric simultaneously reflect and challenge notions of distinct community and religious identities? This volume examines evidence of shared idioms of sanctity within a larger framework of religious nationalism, literary productions, and communalism in South Asia. Contributors to this volume are particularly interested in how alternative forms of belonging and religious imaginations in South Asia are articulated in the light of normative, authoritative, and exclusive claims upon the representation of identities. Building upon new and extensive historiographical and ethnographical data, the book challenges clear-cut categorizations of group identity and points to the complex historical and contemporary relationships between

different groups, organizations, in part by investigating the discursive formations that are often subsumed under binary distinctions of dominant/subaltern, Hindu/Muslim or orthodox/heterodox. In this respect, the book offers a theoretical contribution beyond South Asia Studies by highlighting a need for a new interdisciplinary effort in rethinking notions of identity, ethnicity, and religion. The Merchant of Venice has been performed more often than any other comedy by Shakespeare. Molly Mahood pays special attention to the expectations of the play's first audience, and to our modern experience of seeing and hearing the play. In a substantial new addition to the Introduction, Charles Edelman focuses on the play's sexual politics and recent scholarship devoted to the position of Jews in Shakespeare's time. He surveys the international scope and diversity of theatrical interpretations of The Merchant in the 1980s and 1990s and their different ways of tackling the troubling figure of Shylock.

An acclaimed author has rewritten twelve of Shakespeare's plays in narrative form, retaining much of the original language, and thus the flavor of the bard's dramas.

What role have translations from Hindi literary works played in shaping and transforming our knowledge about India? In this book, renowned scholars, translators and Hindi writers from India, Europe, and the United States offer their approaches to this question. Their articles deal with the political, cultural, and linguistic criteria germane to the selection and translation of Hindi works, the nature of the enduring links between India and Europe, and the reception of translated texts, particularly through the perspective of book history. More personal essays, both on the writing process itself or on the practice of translation, complete the volume and highlight the plurality of voices that are inherent to any translation. As the outcome of an international symposium held at the University of Lausanne, Switzerland, in 2008, India in Translation through Hindi Literature engages in the building of critical histories of the encounter between India and the «West», the use and impact of translations in this context, and Hindi literature and culture in connection to English (post)colonial power, literature and culture.

Bassanio, a young Venetian of noble rank, wishes to woo the beautiful and wealthy heiress Portia of Belmont. Having squandered his estate, he needs 3,000 ducats to subsidise his expenditures as a suitor. Bassanio approaches his friend Antonio, a wealthy merchant of Venice who has previously and repeatedly bailed him out. Antonio agrees, but since he is cash-poor - his ships and merchandise are busy at sea - he promises to cover a bond if Bassanio can find a lender, so Bassanio turns to the Jewish moneylender Shylock and names Antonio as the loan's guarantor. Antonio has already antagonized Shylock through his outspoken antisemitism, and because Antonio's habit of lending money without interest forces Shylock to charge lower rates. Shylock is at first reluctant to grant the loan, citing abuse he has suffered at Antonio's hand. He finally agrees to lend the sum to Bassanio without interest upon one condition: if Bassanio is unable to repay it at the specified date, Shylock may take a pound of Antonio's flesh.

Lively, instructive access to Shakespeare's rich and complex works.

This book analyses how a language became the instrument with which the contours of a new nation were traced. Mapping the success of formalized Hindi in creating a regional public sphere in north India in the early twentieth century, the book explores the way many educated Indians, influenced by the British ideas and institutions, expressed interest in new concepts such as progress, unity, and a common cultural heritage. From the development of new codes and institutions to a language that helped to create space for argument and debate, the book gives an overview of the Hindi public sphere. Furthermore, it throws light on the work of Vasudha Dalmia about the nascent Hindi public sphere and brings to light how early-twentieth-century discourses on language,

literature, gender, history, and politics form the core of the Hindi culture that exists today.

The lingua franca of the Indo-Pakistani people is one language, claims Khan, called Hindi when written in Nagari and Urdu when written in Arabic. He says it is not descended from Sanskrit, as conventionally believed, but is 10-12,000 years old and was influenced early by the Austric-Munda and Dravidian language families. Leaving aside any religious

Named a Best Book of Fall by Vulture, Chicago Review of Books and Amazon From the award-winning author of the bestselling epic Ibis trilogy comes a globetrotting, folkloric adventure novel about family and heritage Bundook. Gun. A common word, but one that turns Deen Datta's world upside down. A dealer of rare books, Deen is used to a quiet life spent indoors, but as his once-solid beliefs begin to shift, he is forced to set out on an extraordinary journey; one that takes him from India to Los Angeles and Venice via a tangled route through the memories and experiences of those he meets along the way. There is Piya, a fellow Bengali-American who sets his journey in motion; Tipu, an entrepreneurial young man who opens Deen's eyes to the realities of growing up in today's world; Rafi, with his desperate attempt to help someone in need; and Cinta, an old friend who provides the missing link in the story they are all a part of. It is a journey that will upend everything he thought he knew about himself, about the Bengali legends of his childhood, and about the world around him. Amitav Ghosh's Gun Island is a beautifully realized novel that effortlessly spans space and time. It is the story of a world on the brink, of increasing displacement and unstoppable transition. But it is also a story of hope, of a man whose faith in the world and the future is restored by two remarkable women.
