This book addresses a central theme in social and political theory: what is the motivation behind the theory of ideology, and can such a theory be defended? 'I'm A-One. I'm big A-One. "[A] glorious, glittery saga of friendship and loss... I read *The Air You Breathe* in two nights. (One might say I inhaled it.)" --NPR "Echoes of Elena Ferrante resound in this sumptuous saga."--O, The Oprah Magazine

"Enveloping...Peebles understands the shifting currents of female friendship, and she writes so vividly about samba that you close the book certain its heroine's voices must exist beyond the page." -People

The story of an intense female friendship fueled by affection, envy and pride--and each woman's fear that she would be nothing without the other. Some friendships, like romance, have the feeling of fate. Skinny, nine-year-old orphaned Dores is working in the kitchen of a sugar plantation in 1930s Brazil when in walks a girl who changes everything. Graça, the spoiled daughter of a wealthy sugar baron, is clever, well fed, pretty, and thrillingly ill behaved. Born to wildly different worlds, Dores and Graça quickly bond over shared mischief, and then, on a deeper level, over music. One has a voice like a songbird; the other feels melodies in her soul and composes lyrics to match. Music will become their shared passion, the source of their partnership and their rivalry, and for each, the only way out of the life to which each was born. But only one of the two is destined to be a star. Their intimate, volatile bond will determine each of their fortunes--and haunt their memories. Traveling from

A national treasure's journey to the brink and back. 'Will I wake up?' 'There's a 50:50 chance.' Michael Rosen wasn't feeling well. What followed was months on the wards: six weeks in an induced coma, and many

more weeks of rehab and recovery as the NHS saved Michael's life, and then got him back on his feet. Throughout Michael's stay in intensive care, a notebook lay at the end of his bed, where the nurses who cared for him wrote letters of hope and support. Embarking on the long road to recovery, Michael was soon ready to start writing about his near-death experience. Combining stunning new prose poems by one of Britain's best loved poets and the moving coronavirus diaries of his nurses, doctors and wife Emma-Louise Williams, this is a beautiful book about love, life and the NHS. Featuring original illustrations by Chris Riddell, each page celebrates the power of community, the importance of kind gestures in dark times, and the indomitable spirits of the people who keep us well.

This collection gives sustained attention to the literary dimensions of children's poetry from the eighteenth century to the present. While reasserting the importance of well-known voices, such as those of Isaac Watts, William Blake, Lewis Carroll, Christina Rossetti, A. A. Milne, and Carol

Ann Duffy, the contributors also reflect on the aesthetic significance of landmark works by less frequently celebrated figures such as Richard Johnson, Ann and Jane Taylor, Cecil Frances Alexander and Michael Rosen. Scholarly treatment of children's poetry has tended to focus on its publication history rather than to explore what comprises – and why we delight in – its idiosyncratic pleasures. And yet arguments about how and why poetic language might appeal to the child are embroiled in the history of children's poetry, whether in Isaac Watts emphasising the didactic efficacy of "like sounds," William Blake and the Taylor sisters revelling in the beauty of semantic ambiguity, or the authors of nonsense verse jettisoning sense to thrill their readers with the sheer music of poetry. Alive to the ways in which recent debates both echo and repudiate those conducted in earlier periods, *The Aesthetics of Children's Poetry* investigates the stylistic and formal means through which children's poetry, in theory and in practice, negotiates the complicated demands we have made of it through the ages.

When a body is found beneath a construction site near the Catskill Mountains, New York City deputy chief medical examiner Jake Rosen is called to the scene, where he meets his match: Philomena "Manny" Manfreda, a beautiful crusading attorney. this hilarious, moving memoir, much-loved children's poet and political campaigner Michael Rosen recalls the first twenty-three years of his life. He was born in the North London suburbs, and his parents, Harold and Connie, both teachers, first met as teenage Communists in the Jewish East End of the 1930s. The family home was filled with stories of relatives in London, the United States and France and of those who had disappeared in Europe. Different from other children, Rosen and his brother, Brian, grew up dreaming of a socialist revolution. Party meetings were held in the front room. Summers were for communist camping holidays. But it all changed after a trip to East Germany when, in 1957, his parents decided to leave 'the Party'. From that point, Michael followed his own journey of radical self-discovery: running away to Aldermaston to march against the bomb; writing and performing in experimental political theatre at Oxford; getting arrested during the 1968 movements. The book ends with a letter to his father, and the revelation of a heartbreaking family secret.

A beautiful, sensitive picture book about being able to say goodbye to those we love, while holding them in memory."

Nature and the elements play a big role too: trees, the moon, the sea, fire. #1 NEW YORK TIMES BESTSELLER • PULITZER PRIZE FINALIST • This inspiring, exquisitely observed memoir finds hope and beauty in the face of insurmountable odds as an idealistic young neurosurgeon attempts to answer the question What makes a life worth living? NAMED ONE OF PASTE'S BEST MEMOIRS OF THE DECADE • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • People • NPR • The Washington Post • Slate • Harper's Bazaar • Time Out New York • Publishers Weekly • BookPage Finalist for the PEN Center USA Literary Award in Creative Nonfiction and the Books for a Better Life Award in Inspirational Memoir At the age of thirty-six, on the verge of completing a decade's worth of training as a neurosurgeon, Paul Kalanithi was diagnosed with stage IV lung cancer. One day he was a doctor treating the dying, and the next he was a

patient struggling to live. And just like that, the future he and his wife had imagined evaporated. When *Breath Becomes Air* chronicles Kalanithi's transformation from a naïve medical student "possessed," as he wrote, "by the question of what, given that all organisms die, makes a virtuous and meaningful life" into a neurosurgeon at Stanford working in the brain, the most critical place for human identity, and finally into a patient and new father confronting his own mortality. What makes life worth living in the face of death? What do you do when the future, no longer a ladder toward your goals in life, flattens out into a perpetual present? What does it mean to have a child, to nurture a new life as another fades away? These are some of the questions Kalanithi wrestles with in this profoundly moving, exquisitely observed memoir. Paul Kalanithi died in March 2015, while working on this book, yet his words live on as a guide and a gift to us all. "I began to realize that coming face to face with my own mortality, in a sense, had changed nothing and everything," he wrote. "Seven words from Samuel Beckett began to repeat in my head: 'I can't go on. I'll go on.'" When *Breath Becomes Air* is an unforgettable, life-affirming reflection on the challenge of facing death and on the relationship between doctor and patient, from a brilliant writer who became both.

Former Children's Laureates Michael Rosen and Sir Quentin Blake join forces for a personal and uniquely affecting collection of poems about migration. "What you leave behind Won't leave your mind. But home is where you find it. Home is where you find it." Michael Rosen and Sir Quentin Blake join forces for a landmark new collection, focusing on migration and displacement. Michael's poems are divided into four: in the first series, he draws on his childhood as part of a first-generation Polish family living in London; in the second, on his perception of the War as a young boy; in the third, on his "missing" relatives and the Holocaust; and in the fourth, and final, on global experiences of migration. By turns charming, shocking and heart-breaking, this is an anthology with a story to tell and a powerful point to make: "You can only do something now."
