Sometimes the greatest sin is survival. The generation ship Jacob's Ladder has barely survived cataclysms from without and within. Now, riding the shock wave of a nova blast toward an uncertain destiny, the damaged ship—the only world its inhabitants have ever known—remains a war zone. Even as Perceval, the new captain, struggles to come to terms with the traumas of her recent past, the remnants of rebellion aboard the ship still threaten the crew's survival. Yet as Perceval's relatives Tristen and Benedick play a deadly game of cat and mouse in pursuit of a traitor through a vast ship that is renewing itself in strange and dangerous ways, an even more insidious threat is building in a place no one ever thought to look. And this implacable enemy could change the face of the ship forever if a ragtag band of heroes cannot stop it.

Modern history unearthed as a boy becomes an innocent victim of corruption in Bolivia's crime world, where the power of family is both a prison and a means of survival. It's 1999 in Bolivia and Francisco's life consists of school, soccer, and trying to find space for himself in his family's cramped yet boisterous home. But when his father is arrested on false charges and sent to prison by a corrupt system that targets the uneducated, the poor, and the indigenous majority, Francisco and his sister are left with no choice: They must move into prison with their father. There, they find a world unlike anything they've ever known, where everything—a door, a mattress, protection from other inmates—has its price. Prison life is dirty, dire, and dehumanizing. With their lives upended, Francisco faces an impossible decision: Break up the family and take his sister to their grandparents in the Andean highlands, fleeing the city and the future within his grasp, or remain together in the increasingly dangerous prison. Pulled between two undesirable options, Francisco must confront everything he once believed about the world and his place within it. In this heart-wrenching novel, Melanie Crowder sheds light on a little-known era of modern South American history—where injustice still looms large—and proves that hope can be found, even in the most desperate places. Perfect for fans of Ruta Sepetys, Matt de la Pena, and Jacqueline Woodson. Praise for *An Uninterrupted View of the Sky*: ? Cult graphic novelist Dylan Meconis offers a rich reimagining of history in this beautifully detailed hybrid novel loosely based on the exile of Queen Elizabeth I by her sister, Queen Mary. When her sister seizes the throne, Queen Eleanor of Albion is banished to a tiny island off the coast of her kingdom, where the nuns of the convent spend their days peacefully praying, sewing, and gardening. But the island is also home to Margaret, a mysterious young orphan girl whose life is upturned when the cold, regal stranger arrives. As Margaret grows closer to Eleanor, she grapples with the revelation of the island's sinister true purpose as well as the truth of her own past. When Eleanor's life is threatened, Margaret is faced with a perilous choice between helping Eleanor and protecting herself. In a hybrid novel of fictionalized history, Dylan Meconis paints Margaret's world in soft greens, grays, and reds, transporting readers to a quiet, windswept island at the heart of a treasonous royal plot.
