Master spy, Nazi hunter—and werewolf on the prowl—in occupied Paris: A classic of dark fantasy from a Bram Stoker Award—winning author. Allied Intelligence has been warned: A Nazi strategy designed to thwart the D-Day invasion is underway. A Russian émigré turned operative for the British Secret Service, Michael Gallatin has been brought out of retirement as a personal courier. His mission: Parachute into Nazi-occupied France, search out the informant under close watch by the Gestapo, and recover the vital information necessary to subvert the mysterious Nazi plan called Iron Fist. Fearlessly devoted to the challenge, Gallatin is the one agent uniquely qualified to meet it—he's a werewolf. Now, as shifting as the shadows on the dangerous streets of Paris, a master spy is on the scent of unimaginable evil. But with the Normandy landings only hours away, it's going to be a race against time. For Gallatin, caught in

the dark heart of the Third Reich's twisted death machine, there is only one way to succeed. He must unleash his own internal demons and redefine the meaning of the horror of war. From the award-winning author of *Swan Song* and *Boy's Life*, this is a "powerful novel [that] fuses WWII espionage thriller and dark fantasy. Richly detailed, intricately plotted, fast-paced historical suspense is enhanced by McCammon's unique take on the werewolf myth" (Publishers Weekly).

I could lose the only two friends I've made so far if they find out. Losing my mind might be preferable. At least my dragonet Ember believes in me. Is my fate certain, or can I rise above it and the stigma of what I am? "I spent more than a couple of late nights reading through these stories to find out what was going to happen to my new friends!" - Michael Anderle, Best-Selling Author of The Kurtherian Gambit This series is for fans of Harry Potter, Jaymin Eve, and all academy books.

Welcome to London, but not as you know it. A place where magics and horror run free, wonders and miracles are everyday things, and the dark streets are full of very shadowy people . . . Gideon Sable is a thief and a con man. He specializes in stealing

the kind of things that can't normally be stolen. Like a ghost's clothes, or a photo from a country that never existed. He even stole his current identity. Who was he originally? Now, that would be telling. One thing's for sure though, he's not the bad guy. The people he steals from always have it coming. Gideon's planning a heist, to steal the only thing that matters from the worst man in the world. To get past his security, he's going to need a crew who can do the impossible . . . but luckily, he has the right people in mind. The Damned, the Ghost, the Wild Card . . . and his ex-girlfriend, Annie Anybody. A woman who can be anyone, with the power to make technology fall in love with her. If things go well, they'll all get what they want. And if they're lucky, they might not even die trying . . .

The Truth will set you free, but what happens when the Truth is a Lie? Rhona and her paladin brother Alastar belong to a holy people who have waged war on witches and warlocks and their clans from the highlands. All magic is evil, the High Paladin taught... But Alastar starts to understand that he might have been misled. If his sister uses magic, and she isn't evil... what does that mean for his beliefs? Brother and sister soon find themselves aligned with magic users and thrown in with the clans in a war against sorcerers and paladins alike, with only one hope of uniting the land--the legendary Sword of Light. It was lost years ago, and quest after quest by the holy paladins could

Michael returns to fulfill a promise to his love, but the world isn't the same place. Michael, the Archangel himself, has returned after a hundred and fifty years rejuvenating in the Etheric Dimension. Now, the most powerful male Vampire the world had ever known is back. The problem? The world went through an Apocalypse and what little honor and justice that previously existed, is gone. Further, his love has left to the stars somewhere, fighting for those on Earth. Now, Michael has to figure out where he is, where he needs to go, help those who need help and figure out how to follow in his love's path. A resource for fans of The Kurtherian Gambit. End of the world as we know it. Plausible. Scary in its simplicity. Horrible in its effect. Set in the Kurtherian Gambit Universe, this story explains how a few mistakes can have grave consequences. Unfortunately, the technology in the following short story is real. Yes, this could happen. Dammit. Who wants to really dwell on these things? This story was written by Craig Martelle, based on the original WWDE Document as authored by Jeff Morris. You get both in this one short story which gives you insight into how a fiction author takes a technical document and makes a story out of it. Otherwise, I would label this, "Crap, I don't want to ever, ever, ever think about."
