Fueled by media reports of gender bias in the schools, the debate over single sex education has been recently renewed. "Voices of Hope" asks for a reconsideration of the framing of that debate. For whom is single sex education better? For the attainment of which goals? What do girls gain by being schooled with male peers? What is lost? In this longitudinal study of more than fifty high school girls at four New England independent schools, Carole B. Shmurak follows their development from ninth grade through the first year of college. Case studies capture the girls' own voices as they describe their hopes for their futures and the events that subsequently affect those futures.

Get a taste of New York's underworld by seeing where mobsters lived, worked, ate, played, and died. From the Bowery Boys and the Five Points Gang through the rise of the Jewish "Kosher Nostra" and the ascendance of the Italian Mafia, mobsters have played a major role in the city's history, lurking just around the corner or inside that nondescript building. Bill "the Butcher" Poole, Paul Kelly, Monk Eastman, "Lucky" Luciano, Carlo Gambino, Meyer Lansky, Mickey Spillane, John Gotti—each held sway over New York neighborhoods that nurtured them and gave them power. As families and factions fought for control, the city became a backdrop for crime scenes, the rackets spreading after World War II to docks, airports, food markets, and garment districts. The streets of Brooklyn, swamps of Staten Island, and vacant lots near LaGuardia Airport hosted assassinations and hasty burials for the unlucky. The bloodlettings, arrests, and trials became front-page fodder for tabloids that thrived on covering Mulberry

Street. Chinese, Russian, and Greek mobsters rose to prominence and wrought bloody havoc as well. Each of the book's five sections—one for each borough—traces criminal activities and area exploits from the nineteenth century to now. Everyone knows about Umberto's Clam House in Little Italy, but now you can find Scarpato's restaurant in Coney Island where Joe Masseria was killed by henchmen of Salvatore Maranzano, who in turn died in a Park Avenue office building at the hands of "Lucky" Luciano a few months later. From the Bronx to Brighton Beach, from New Springville to Ozone Park, here is a comprehensive, on-the-ground guide to mob life in the Rotten Apple.

Does God exist? Can spirituality be integrated with science? Is happiness possible? Do miracles really happen? Not only does *The Visionary Window* answer "yes" to all of these questions, but it skillfully combines the fields of philosophy, cosmology, religion, and psychology to form a new way of thinking about science and spirituality. Stepping beyond the classic work of prominent seventies physicist Fritjof Capra, Goswami details his own pioneering exploration of science and spirit, revealing the complete integration between modern science and spiritual traditions. Using stories and colorful examples from pop culture, Goswami addresses complex issues in language and terminology easily accessible to the lay reader. He provides quantum physics-based theory and new experimental data verifying the metaphysical truth that exists when employed in the context of a new science, science within the primacy of consciousness. With a new holistic worldview, Goswami also discusses the creativity of the body to self heal; the power of spiritual practice and how to choose a meditative path; and the five stages of spiritual growth, culminating in the ability to transcend the physical laws of nature. Readers, scientists and spiritual leaders alike will find answers to

Poetry. Latino/Latina Studies. LGBT Studies. "Like Whitman, Quesada is a poet of motion—journeying to the center of the US, where the traditions and innovations of first-generation Americans traverse the meditative starbursts of hills; ford rivers; cross prairies; and seek out 'the alpenglow of tomorrow and tomorrow.' From Costa Rica to Los Angeles and across the continent, Quesada's poems chronicle one family's history: from the courtship of his parents to their separation, from his childhood struggles to awakening desire from his mother's lottery winnings to his own personal losses, Ruben Quesada carries us toward 'that seam in space' where dream and experience intersect. This isn't the story of what it means to come to this country. It's the story of what it means to belong here"—D. A. Powell.
