A veteran hockey writer takes on hockey culture and the NHL--addressing the games most controversial issue Whether its on-ice fist fights or head shots into the glass, hockey has become a nightly news spectacle--with players pummeling and bashing each other across the ice like drunken gladiators. And while the NHL may actually condone on-ice violence as a ticket draw, diehard hockey fan and expert Adam Proteau argues against hockeys transformation into a thuggish blood sport. In *Fighting the Good Fight*, Proteau sheds light on the many perspectives of those in and around the game, with interviews of current and former NHL stars, coaches, general managers, and league executives, as well as medical experts. One of the most well-known media figures on the hockey scene today, famous for his funny, feisty observations as a writer for the *Toronto Star* and *The Hockey News* and commentator on CBC radio and TV, Adam Proteau is also one of the few mainstream media voices who is vehemently anti-fighting in hockey. Not only is his book a plea to the games gatekeepers to finally clamp down on the runaway violence that permeates the sport even at its highest level, he offers realistic suggestions on ways to finally clean the game up. • Includes interviews with medical experts on head injuries and concussions, as well as with other members of the media • The author not only wages an attack on the value of fighting in hockey--but also on the establishment hockey culture Covering the most polarizing issue in hockey today, *Fighting the Good Fight* gives hockey fans and sports lovers everywhere a reason to stamp their feet and whistle--at a rare display of eloquence and common sense. choice questions and explanations of the answers, the book allows students not only to learn and review course content, but also to pass the Multistate Professional Responsibility Examination (MPRE). Chapters are arranged in order of how heavily the MPRE tests each subject to help students prioritize their review. Professor Stevenson, a tenured law professor at South Texas College of Law and a leading instructor in this field, has used his extensive experience teaching this course to develop a series of questions specifically designed to prepare students for the MPRE, and to provide thorough coverage of the ABA Model Rules of Professional Conduct. This study aid can be used with any casebook or course on professional responsibility. Following the format of the Glannon Guide series, this book features multiple-choice questions integrated into a full-fledged review of the Professional Responsibility course. Clear explanations of correct and incorrect answers help to clarify nuances in the law. The multiple-choice questions are sophisticated and neither too difficult nor too simple, with valuable exam-taking pointers interspersed within the substantive text. A more challenging final question at the end of each chapter (the "Closer") illustrates a sophisticated problem in the area under discussion. New to the Third Edition: Completely updated chapter on Advertising and Solicitation reflects the most recent changes to the Model Rules. New sections provide in-depth coverage of attorney-client privilege and work product protection. Professors and students will benefit from: Concise introductions giving an overview of each subject, including discussion of how the MPRE tests the topic Comparison to and contrast from related rules and provisions throughout the Model Rules or the common law Practice questions highlighting important exceptions to each rule Thorough coverage of the American Bar Association's Model Rules of Professional Conduct, including the official Comments and clarifying ABA ethics opinions

The Merchant of Venice has been performed more often than any other comedy by Shakespeare. Molly Mahood pays special attention to the expectations of the play's first audience, and to our modern experience of seeing and hearing the play. In a substantial new addition to the Introduction, Charles Edelman focuses on the play's sexual politics and recent scholarship devoted to the position of Jews in Shakespeare's time. He surveys the international scope and diversity of theatrical interpretations of The Merchant in the 1980s and 1990s and their different ways of tackling the troubling figure of Shylock.

Golding's iconic 1954 novel, now with a new foreword by Lois Lowry, remains one of the greatest books ever written for young adults and an unforgettable classic for readers of any age. This edition includes a new Suggestions for Further Reading by Jennifer Buehler. At the dawn of the next world war, a plane crashes on an uncharted island, stranding a group of schoolboys. At first, with no adult supervision, their freedom is something to celebrate. This far from civilization they can do anything they want. Anything. But as order collapses, as strange howls echo in the night, as terror begins its reign, the hope of adventure seems as far removed from reality as the hope of being rescued.

Zambra is celebrated around the world for his strikingly original, slyly funny, daringly unconventional fiction. Now, at the height of his powers, Zambra returns with his most audaciously brilliant book yet. Written in the form of a standardized test, *Multiple Choice* invites the reader to respond to virtuoso language exercises and short narrative passages through multiple-choice questions that are thought-provoking, usually unanswerable, and often absurd. It offers a new kind of reading experience, one in which the reader participates directly in the creation of meaning, and the nature of storytelling itself is called into question. At once funny, poignant, and political, *Multiple Choice* is about love and family, authoritarianism and its legacies, and the conviction that, rather than learning to think for ourselves, we are trained to obey and repeat. Serious in its literary ambition and playful in its execution, it confirms Alejandro Zambra as one of the most important writers working in any language. NAMED A BEST BOOK OF THE SUMMER BY THE WALL STREET JOURNAL, ELLE, THE HUFFINGTON POST, THE MILLIONS, VOX, LIT HUB, THE BBC, THE GUARDIAN AND PUREWOW
