NEW YORK TIMES BESTSELLER - Thought leader, visionary, philanthropist, mystic, and yogi Sadhguru presents Western readers with a time-tested path to achieving absolute well-being: the classical science of yoga. NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY SPIRITUALITY & HEALTH The practice of hatha yoga, as we commonly know it, is but one of eight branches of the body of knowledge that is yoga. In fact, yoga is a sophisticated system of self-empowerment that is capable of harnessing and activating inner energies in such a way that your body and mind function at their optimal capacity. It is a means to create inner situations exactly the way you want them, turning you into the architect of your own joy. A yogi lives life in this expansive state, and in this transformative book Sadhguru tells the story of his own awakening, from a boy with an unusual affinity for the natural world to a young daredevil who crossed the Indian continent on his motorcycle. He relates the moment of his enlightenment on a mountaintop in southern India, where time stood still and he emerged radically changed. Today, as the founder of Isha, an organization devoted to humanitarian causes, he lights the path for millions. The term guru, he notes, means "dispeller of darkness, someone who opens the door for you. . . . As a guru, I have no doctrine to teach, no philosophy to impart, no belief to propagate. And that is because the only solution for all the ills that plague humanity is self-transformation. Self-transformation means that nothing of the old remains. It is a dimensional shift in the way you perceive and experience life." The wisdom distilled in this accessible, profound, and engaging book offers readers time-tested tools that are fresh, alive, and radiantly new. Inner Engineering presents a revolutionary way of thinking about our agency and our humanity and the opportunity to achieve nothing less than a life of joy. Praise for Sadhguru and Inner Engineering "Contrarian and consistent, ancient and contemporary, Inner Engineering is a loving invitation to live our best lives and a profound reassurance of why and how we can."--Sir Ken Robinson, author of The Element, Finding Your Element, and Out of Our Minds: Learning to Be Creative "I am inspired by Sadhguru's capacity for joy, his exuberance for life, and the depth and breadth of his curiosity and knowledge. His book is filled with moments of wonder, awe, and intellectual challenge. I highly recommend it for anyone interested in self-transformation."--Mark Hyman, M.D., director, Cleveland Clinic Center for Functional Medicine, and New York Times bestselling author "Inner Engineering is a fascinating read of Sadhguru's insights and his teachings. If you are ready, it is a tool to help awaken your own inner intelligence, the ultimate and supreme genius that mirrors the wisdom of the cosmos."--Deepak Chopra

Chinatown Pretty features beautiful portraits and heartwarming stories of trend-setting seniors across six Chinatowns. Andria Lo and Valerie Luu have been interviewing and photographing Chinatown's most fashionable elders on their blog and Instagram, Chinatown Pretty, since 2014. Chinatown Pretty is a signature style worn by pòh pohs (grandmas) and gùng gungs (grandpas) everywhere—but it's also a life philosophy, mixing resourcefulness, creativity, and a knack for finding joy even in difficult circumstances. • Photos span Chinatowns in San Francisco, Oakland, Los Angeles, Chicago, New York City, and Vancouver. • The style is a mix of modern and vintage, high and low, handmade and store bought clothing. • This is a celebration of Chinese American culture, active old-age, and creative style. Chinatown Pretty shares nuggets of philosophical wisdom and personal stories about immigration and Chinese-American culture. This book is great for anyone looking for advice on how to live to a ripe old age with grace and good humor—and, of course, on how to stay stylish. • This book will resonate with photography buffs, fashionistas, and Asian Americans of all ages. • Chinatown Pretty has been featured by Vogue.com, San Francisco Chronicle, Design Sponge, Rookie, Refinery29, and others. • With a textured cover and glossy bellyband, this beautiful volume makes a deluxe gift. • Add it to the shelf with books like Humans of New York by Brandon Stanton, Advanced Style by Ari Seth Cohen, and Fruits by Shoichi Aoki.

Apple Watch Series 5 is the latest Smartwatch in the Apple lineup. It offers several unique features to make the users more active and better monitor their health among several other great features for humanity. This high-end Smartwatch could be useful for business users, including improved travel notifications and call capabilities. The Apple Watch looks pretty attractive, right? People have told you all about the cool features: like if you fall or are in danger, it would automatically call for help on your behalf! They've told you about how you can send a text from your wrist, how you can make a phone call, and many more. As amazing as all the new features are, it's not quite as easy to use as an iPhone; the lack of buttons, the smaller screen, and general UI can make a frustrating initial experience. It looks nothing like the iPhone or iPad interface you are used to--except for a handful of icons. If you are lost and don't have a lot of time to comb through thousands of pages of tech-speak just to learn how to use a watch, then this book is for you! In this book, you will learn;

- The differences difference between apple watch series 5, apple watch series 4, and apple watch series 3
