The films from Pixar Animation Studios belong to the most popular family films today. From Monsters Inc to Toy Story and Wall-E, the animated characters take on human qualities that demand more than just cultural analysis. What animates the human subject according to Pixar? What are the ideological implications? Pixar with Lacan has the double aim of analyzing the Pixar films and exemplifying important psychoanalytic concepts (the voice, the gaze, partial object, the Other, the object a, the primal father, the name-of-the-father, symbolic castration, the imaginary/ the real/ the symbolic, desire and drive, the four discourses, masculine/feminine), examining the ideological implications of the images of human existence given in the films.

Indigenous Conflict Management Strategies in West Africa: Beyond Right and Wrong expands the discourse on indigenous knowledge. With several examples and case histories, the work defines, characterizes, and explains indigenous conflict management strategies in West Africa, particularly in Ghana, Nigeria, and Cameroon. The book critically evaluates indigenous conflict management strategies with a view to determining their effectiveness in the context of the societies' history and culture, and the relevance and adaptability of these strategies in contemporary contexts. This book takes a scholarly approach, avoiding romanticizing or idealizing indigenous conflict management strategies in West Africa. It advocates a set of mechanisms by which the best elements of indigenous knowledge and skills in conflict management may be deployed to settle contemporary disputes, and made portable for adoption and adaptation by other complex societies in the region and beyond.
